For Bentley there is no contradiction between supreme luxury and sheer exhilaration. This was James Bond's first car, the record-setting ride of the Bentley Boys, the vision of founder W.O. In *Memoirs of a Hack Mechanic*, Rob Siegel shares his secrets to buying, fixing, and driving cool cars without risking the kids' tuition money or destroying his marriage. And that's something to brag about considering the dozens of cars, including twenty-five BMW 2002s, that have passed through his garage over the past three decades. With a steady dose of irreverent humor, *Memoirs of a Hack Mechanic* blends car stories, DIY advice, and cautionary tales in a way that will resonate with the car-obsessed (and the people who love them).

Volkswagen Chronicle

"Lust, religious zeal, and heartache come together in this provocative novel about two infatuations, one between a man and his young lover in the late 20th century and another between a 15th-century maiden and Jesus Christ. Margery Kempe is a tale of romantic obsession. It chronicles two relationships which take place in disparate worlds, separated by five centuries. The failed saint Margery Kempe lived in the fifteenth century, when she wrote what is believed to be the first autobiography. In Robert Glück's *Margery Kempe*, the author's love for a young man, L., frames the story of Kempe's

mythical sexual desire and emotional passion for Jesus"--
