set of circumstances and it will blossom once again. Leigh Ramirez has been through a lot in her short life: an abusive husband, raising two kids on her own, and two near death experiences on the job. All she wants now is to get back to a sense of normalcy, in her life and at work. She wants to move on from all that's happened to her. It was her decision to leave police work and put that life behind her, but when a young girl is found dead in a local park with something of Leigh's in her hand, Leigh is lured back into the world she left behind. Someone wants Leigh to experience the beauty of fear. They want her to live it, feel it, and breathe it. As young women continue to turn up dead, their resemblance to Leigh is lost on no one, least of all her. Each victim found takes a piece of her soul, steals more of her peace. It doesn't take long for Leigh to realize that this can have only one end. Even while her friends try to protect her, Leigh refuses to go into hiding and is ultimately forced to face her greatest fear, as it threatens both her children's lives and her own. Reviews: "This book grabs you from the start and never let's you go" K. Muter "If you're looking for a pretty good thriller/mystery I definitely recommend this one!!!" McGee, the hard-boiled detective who lives on a houseboat. Travis McGee's old football buddy Tush Bannon is resisting pressure to sell off his floundering motel and marina to a group of influential movers and shakers. Then he's found dead. For a big man, Tush was a pussycat: devoted to his wife and three kids and always optimistic about his business—even when things were at their worst. So even though his death is ruled a suicide, McGee suspects murder . . . and a vile conspiracy. "As a young writer, all I ever wanted was to touch readers as powerfully as John D. MacDonald touched me."—Dean Koontz Tush Bannon was in the wrong spot at the wrong time. His measly plot of land just so happened to sit right in the middle of a rich parcel of five hundred riverfront acres that big-money real estate interests decided they simply must have. It didn't matter that Tush was a nice guy with a family, or that he never knew he was dealing with a criminal element. They squashed him like a bug and walked away, counting their change. But one thing they never counted on: the gentle giant had a not-so-gentle friend in Travis McGee. And now he's going to make them pay. Features a new Introduction by Lee Child

detectives who preceded him. McGee has a social conscience, holds thoughtful conversations with his retired economist buddy Meyer, and worries about corporate greed, racism and the Florida ecology in a long series whose brand recognition for the series the author cleverly advanced by inserting a color in every title. Merrill carefully builds a picture of a man who in unexpected ways epitomized the Horatio Alger sagas that comprised his strict father's secular bible. From a financially struggling childhood and a succession of drab nine-to-five occupations, MacDonald settled down to writing for a living (a lifestyle that would have horrified his father). He worked very hard and was rewarded with a more than decent livelihood. But unlike Alger's heroes, MacDonald had a lot of fun doing it.

author Carter Sickels. Small-town Appalachia doesn't have a lot going for it, but it's where Brian is from, where his family is, and where he's chosen to return to die. Set in 1986, a year after Rock Hudson's death brought the news of AIDS into living rooms and kitchens across America, Lambda Literary award-winning author Carter Sickels's second novel shines light on an overlooked part of the epidemic, those men who returned to the rural communities and families who'd rejected them. Six short years after Brian Jackson moved to New York City in search of freedom and acceptance, AIDS has claimed his lover, his friends, and his future. With nothing left in New York but memories of death, Brian decides to write his mother a letter asking to come back to the place, and family, he was once so desperate to escape. The Prettiest Star is told in a chorus of voices: Brian's mother Sharon; his fourteen-year-old sister, Jess, as she grapples with her brother's mysterious return; and the video diaries Brian makes to document his final summer. This is an urgent story about the politics and fragility of the body, of sex and shame. Above all, Carter Sickels's stunning novel explores the bounds of family and redemption. It is written at the far reaches of love and understanding, centering on the moments where those two forces stretch toward each other and sometimes touch.

The hard-boiled private detective is among the most recognizable characters in popular fiction since the 1920s—a tough product of a violent world, in which police forces are inadequate and people with money can choose private help when facing threatening circumstances. Though a relatively recent arrival, the hard-boiled detective has undergone steady development and assumed diverse forms. This critical study analyzes the character of the hard-boiled detective, from literary antecedents through the early 21st century. It follows change in the novels through three main periods: the Early (roughly 1927–1955), during which the character was defined by such writers as Carroll John Daly, Dashiell Hammett and Raymond Chandler; the Transitional, evident by 1964 in the works of John D. MacDonald and Michael Collins, and continuing to around 1977 via Joseph Hansen, Bill Pronzini and others; and the Modern, since the late 1970s, during which such writers as Loren D. Estleman, Liza Cody, Sara Paretsky, Sue Grafton and many others have expanded the genre and the detective character. Themes such as violence, love and sexuality, friendship, space and

in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before. What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

### **When You Reach Me**

Now available as an ebook for the first time ever in America, the bestselling coming-of-age classic novel by John Irving—the 40th anniversary edition with a new introduction by the author. “He is more than popular. He is a Populist, determined to keep alive the Dickensian tradition that revels in colorful set pieces and teaches moral lessons.”—The New York Times The opening sentence of John Irving’s breakout novel *The World According to Garp* signals the start of sexual violence, which becomes increasingly political. “Garp’s mother, Jenny Fields, was arrested in Boston in 1942 for wounding a man in a movie theater.” Jenny is an unmarried nurse; she becomes a single mom and a feminist leader, beloved but polarizing. Her son, Garp, is less beloved, but no less polarizing. From the tragicomic tone of its first sentence to its mordantly funny last line—“we are all terminal cases”—*The World According to Garp* maintains a breakneck pace. The subject of sexual hatred—of intolerance of sexual minorities and differences—runs the gamut of “lunacy and sorrow.” Winner of the National Book Award, *Garp* is a comedy with forebodings of doom. In more than thirty languages, in more than forty countries—with more than ten million copies in print—*Garp* is the precursor of John

In December 1995, Jean-Dominique Bauby, the 43-year-old editor of French Elle, suffered a massive stroke that left him permanently paralyzed, a victim of “locked in syndrome.” Once known for his gregariousness and wit, Bauby now finds himself imprisoned in an inert body, able to communicate only by blinking his left eye. The miracle is that in doing so he was able to compose this stunningly eloquent memoir. In a voice that is by turns wistful and mischievous, angry and sardonic, Bauby gives us a celebration of the liberating power of consciousness: what it is like to spend a day with his children, to imagine lying in bed beside his wife, to conjure up the flavor of delectable meals even as he is fed through a tube. How do you stand out in a sea of sameness? What's Your Purple Goldfish (WYPG?) is about differentiation via added value. Marketing to your existing customers via G.L.U.E (giving little unexpected extras). The end result is increased sales, happier customers and positive word of mouth.

## **A Purple Place for Dying**

Lois Lowry once again creates a mysterious but plausible future world. It is a society ruled by savagery and deceit that shuns and discards the weak. Left orphaned and physically flawed, young Kira faces a frightening, uncertain future. Blessed with an almost magical talent that keeps her alive, she struggles with ever broadening responsibilities in her quest for truth, discovering things that will change her life forever. As she did in *THE GIVER*, Lowry challenges readers to imagine what our world could become, how people could evolve, and what could be considered valuable. Every reader will be taken by Kira's plight and will long ponder her haunting world and the hope for the future.

In the art of it there is a reflection of life as it is found across the breadth of nature. The verses within this work are inspired to teach of this universal transcendency we call life. They will be of a purpose by which the reader may learn of him/herself the greater being by which we are a part. Virtue is but the entire whole being greater than the sum of its parts. Alike a loaf of bread made from scratch, each ingredient is bitter and displeasing, yet when carefully added together, given time to bake, then those ingredients comprise a nutritious completion. So a true poem may be of words that teach of an understanding which is greater than the words used to create the verse. Inspiration is but the essence of

an artistic creation, and the creator is but the vehicle of such. There we will learn by a work of creativity the nature of life as is understood through nature, truth and beauty. For it is but these qualities which created the greater universe by which we all belong. Live by virtue and there will illumine the entire resolution of any conflict. Within poetry is presented a problem and throughout the verse to the very ending is a solution to this problem, giving the reader understanding and benefit. Learn by art and the never-ending process of life will become more and more complete, like a loaf of bread.
