

A Solution Contains 35 Grams Of K₂CO₃

A Text-book of Inorganic Pharmaceutical Chemistry for Students of Pharmacy and Pharmacists
Journal of the American Chemical Society
Experimental Cookery
Introductory Chemistry
Production, Properties, and Possible Uses of Chemically Refined Asplund and Semiche-
mical Pulps
A Theoretical and Practical Treatise on the Manufacture of Sulphuric Acid and Alkali
Technical Association Papers
The Principles of Chemistry
The Chemist's Manual
Report
Quantitative Analysis
Watts' Dictionary of Chemistry
Chemical and microscopical diagnosis
Bulletin
Mechanical World and Engineering Record
Gallium Study Guide
Clinical Urinology
U·X·L Encyclopedia of Science: R-S
British Pharmacopoeia
Problems in Inorganic Chemistry
Study Guide for E. Russell Hardwick's Introduction to Chemistry
International Brewers' Journal
Numerical Chemistry
Annals of the Missouri Botanical Garden
Indian Minerals
American Chemical Journal
Bulletin
Clinical Diagnosis
Respiratory Therapy
Pharmacology
Quantitative Metallurgical Analysis
Calculations of Qualitative Analysis
Botanical Microtechnique
Chemistry
Chemical Age
Transactions of the Electrochemical Society
The Cracker Baker
Smaller Chemical Analysis
The Analyst
Practical Pharmaceutical Calculations

A Text-book of Inorganic Pharmaceutical Chemistry for Students of Pharmacy and Pharmacists

Journal of the American Chemical Society

Experimental Cookery

For one-semester courses in Basic Chemistry, Introduction to Chemistry, and Preparatory Chemistry, and the first term of Allied Health Chemistry. This text is carefully crafted to help students learn chemical skills and concepts more effectively. Corwin covers math and problem-solving early in the text; he builds student confidence and skills through innovative problem-solving pedagogy and technology formulated to meet student needs.

Introductory Chemistry

Production, Properties, and Possible Uses of Chemically Refined Asplund and Semiche- mical Pulps

A Theoretical and Practical Treatise on the Manufacture of Sulphuric Acid and Alkali

Understanding practical pharmaceutical calculations is essential for healthcare professionals. Even simple errors in calculation can have serious - and possibly

fatal - consequences. Fully revised and updated, with entirely new chapters and a focus on basic arithmetic, this best-selling practical guide begins by explaining simple units of measurements and expressions of concentration, followed by demonstrations of how straight-forward calculations can be used to estimate individual patient dosages. At the end of each chapter there are self assessment calculations, with fully worked answers - ideal for revision and self-assessment. With the book and free downloads you can always have the guide on hand when you need it most.

Technical Association Papers

The Principles of Chemistry

The Chemist's Manual

Report

Quantitative Analysis

Watts' Dictionary of Chemistry

Chemical and microscopical diagnosis

Bulletin

Mechanical World and Engineering Record

Gallium

Includes more than 550 topics in the life, earth, and physical sciences as well as in engineering, technology, math, environmental science, and psychology.

Study Guide

Clinical Urinology

U·X·L Encyclopedia of Science: R-S

British Pharmacopoeia

Problems in Inorganic Chemistry

Study Guide for E. Russell Hardwick's Introduction to Chemistry

Describes medicinal and pharmaceutical substances, formulated preparations, blood products, immunological products, radiopharmaceutical preparations, and surgical materials. Includes edited monographs from the European Pharmacopoeia.

International Brewers' Journal

Proceedings of the Society are included in v. 1-59, 1879-1937.

Numerical Chemistry

Annals of the Missouri Botanical Garden

Indian Minerals

American Chemical Journal

Bulletin

Clinical Diagnosis

Respiratory Therapy Pharmacology

Quantitative Metallurgical Analysis

Calculations of Qualitative Analysis

Contains scientific contributions from the Missouri Botanical Garden and, from 1914-69, the Graduate Laboratory of the Henry Shaw School of Botany of Washington University.

Botanical Microtechnique

Chemistry

Chemical Age

Transactions of the Electrochemical Society

The Cracker Baker

Smaller Chemical Analysis

The Analyst

Practical Pharmaceutical Calculations
