A Stranger in the Family

From the multi-award-winning and bestselling author of *The Night Watch* and *Fingersmith* comes an astonishing novel about love, loss, and the sometimes unbearable weight of the past. In a dusty post-war summer in rural Warwickshire, a doctor is called to see a patient at Lonely Hundreds Hall. Home to the Ayres family for over two centuries, the once grand house is now in decline, its masonry crumbling, its garden choked with weeds. All around, the world is changing, and the family is struggling to adjust to a society with new values and rules. Roddie Ayres, who returned from World War II physically and emotionally wounded, is desperate to keep the house and what remains of the estate together for the sake of his mother and his sister, Caroline. Mrs. Ayres is doing her best to hold on to the gracious habits of a gentler era and Caroline seems cheerfully prepared to continue doing the work a team of servants once handled, even if it means having little chance for a life of her own beyond Hundreds. But as Dr. Faraday becomes increasingly entwined in the Ayreses' lives, signs of a more disturbing nature start to emerge, both within the family and in Hundreds Hall itself. And Faraday begins to wonder if they are all threatened by something more sinister than a dying way of life, something that could subsume them completely. Both a nuanced evocation of 1940s England and the most chill-inducing novel of psychological suspense in years, *The Little Stranger* confirms Sarah Waters as one of the finest and most exciting novelists writing today.

Strangers to Family

From the Man Booker Prize-winning author of *The Line of Beauty*: a magnificent, century-spanning saga about a love triangle that spawns a myth, and a family mystery, across generations. In the late summer of 1913, George Sawle brings his Cambridge schoolmate—a handsome, aristocratic young poet named Cecil Valance—to his family’s modest home outside London for the weekend. George is enthralled by Cecil, and soon his sixteen-year-old sister, Daphne, is equally besotted by him and the stories he tells about Corley Court, the country estate he is heir to. But what Cecil writes in Daphne’s autograph album will change their and their families’ lives forever: a poem that, after Cecil is killed in the Great War and his reputation burnished, will become a touchstone for a generation, a work recited by every schoolchild in England. Over time, a tragic love story is spun, even as other secrets lie buried—until, decades later, an ambitious biographer threatens to unearth them. Rich with Hollinghurst’s signature gifts—haunting sensuality, delicious wit and exquisite lyricism—*The Stranger’s Child* is a tour de force: a masterly novel about the lingering power of desire, how the heart creates its own history, and how legends are made. This eBook edition includes a Reading Group Guide.

Slow Dancing with a Stranger

A moving and unsettling exploration of a young man's formative years in a country still struggling with its past As a Jew in postwar Germany, Yascha Mounk felt like a foreigner in his own country. When he mentioned that he is Jewish, some made anti-Semitic jokes or talked about the superiority of the Aryan race. Others, sincerely hoping to atone for the country's past, fawned over him with a forced friendliness he found just as alienating. Vivid and fascinating, Stranger in My Own Country traces the contours of Jewish life in a country still struggling with the legacy of the Third Reich and portrays those who, inevitably, continue to live in its

shadow. Marshaling an extraordinary range of material into a lively narrative, Mounk surveys his countrymen's responses to "the Jewish question." Examining history, the story of his family, and his own childhood, he shows that anti-Semitism and far-right extremism have long coexisted with self-conscious philo-Semitism in postwar Germany. But of late a new kind of resentment against Jews has come out in the open. Unnoticed by much of the outside world, the desire for a "finish line" that would spell a definitive end to the country's obsession with the past is feeding an emphasis on German victimhood. Mounk shows how, from the government's pursuit of a less "apologetic" foreign policy to the way the country's idea of the Volk makes life difficult for its immigrant communities, a troubled nationalism is shaping Germany's future.

Stranger Danger

In Matthew Costello's widely acclaimed post-apocalyptic thriller, *Vacation*, NYPD cop Jack Murphy leaves the city with his wife, Christie, and kids, Kate and Simon. Retreating to the supposed safety of a bucolic camp for families, Jack discovers that the plague of cannibalism that has claimed so many cities, is here as well. And only his self-sacrifice will enable his wife, his kids...to get out. In *Home* Christie tries to return to the gated security of their home. At least in that world, there were security guards with AR-15s, and electric fences. But when Christie returns, she discovers that -- for them -- home has vanished, replaced by what is left of the civilized world quickly collapsing around them. Worse, another change has taken hold with humanity -- and that very word...humanity did not apply any more. Now in the last volume in the series, *Family*, a wounded Christie, Kate and Simon....more like equals than a mother and kids...must flee that world to find if there is any place that can be safe for them, any place that they can be a family. Any place ...where they can survive. And as in the first book, sometimes only the most terrible sacrifice will allow your family...to live.

The Lady Must Choose

What does it mean to have a child born through donor conception? Does it mean

different things for heterosexual parents and lesbian parents? What is it like for the 'non-genetic' parent? How do grandparents feel about having a grandchild who is conceived with the help of an egg, sperm or embryo donor? Since 1991 more than 35,000 children have been born in the UK as a result of donor conception. This means that more and more families are facing the issue of incorporating 'relative strangers' into their families. In this path breaking book, the authors explore the lived reality of donor conception in families by using in-depth interviews with parents and grandparents of donor conceived children. With reproductive medical technologies becoming more accessible, assisted donor conception is raising new and important questions about family life. This book will provide compelling reading for all those interested in the family, kinship, gender and sexuality, new reproductive technologies, and genetics.

A New York Times Bestseller Emmy-award winning broadcast journalist and leading Alzheimer's advocate Meryl Comer's *Slow Dancing With a Stranger* is a profoundly personal, unflinching account of her husband's battle with Alzheimer's disease that serves as a much-needed wake-up call to better understand and address a progressive and deadly affliction. When Meryl Comer's husband Harvey Gralnick was diagnosed with early onset Alzheimer's disease in 1996, she watched as the man who headed hematology and oncology research at the National Institutes of

Health started to misplace important documents and forget clinical details that had once been cataloged encyclopedically in his mind. With harrowing honesty, she brings readers face to face with this devastating condition and its effects on its victims and those who care for them. Detailing the daily realities and overwhelming responsibilities of caregiving, Comer sheds intensive light on this national health crisis, using her personal experiences—the mistakes and the breakthroughs—to put a face to a misunderstood disease, while revealing the facts everyone needs to know. Pragmatic and relentless, Meryl has dedicated herself to fighting Alzheimer's and raising public awareness. "Nothing I do is really about me; it's all about making sure no one ends up like me," she writes. Deeply personal and illuminating, *Slow Dancing With a Stranger* offers insight and guidance for navigating Alzheimer's challenges. It is also an urgent call to action for intensive research and a warning that we must prepare for the future, instead of being controlled by a disease and a healthcare system unable to fight it.

Goodbye Stranger

In *Strangers to Family* Shively Smith reads the Letter of 1 Peter through a new model of diaspora. Smith illuminates this peculiarly Petrine understanding of diaspora by situating it among three other select perspectives from extant Hellenist Jewish writings: the Daniel court tales, the Letter of Aristeas, and Philo's works. While 1 Peter tends to be taken as representative of how diaspora was understood in Hellenistic Jewish and early Christian circles, Smith demonstrates

that 1 Peter actually reverses the most fundamental meaning of diaspora as conceived by its literary peers. Instead of connoting the scattering of a people with a common territorial origin, for 1 Peter, diaspora constitutes an "already-scattered-people" who share a common, communal, celestial destination. Smith's discovery of a distinctive instantiation of diaspora in 1 Peter capitalizes on her careful comparative historical, literary, and theological analysis of diaspora constructions found in Hellenistic Jewish writings. Her reading of 1 Peter thus challenges the use of the exile and wandering as master concepts to read 1 Peter, reconsiders the conceptual significance of diaspora in 1 Peter and in the entire New Testament canon, and liberates 1 Peter from being interpreted solely through the rubrics of either the stranger-homelessness model or household codes. First Peter does not recycle standard diasporic identity, but is, as *Strangers to Family* demonstrates, an epistle that represents the earliest Christian construction of diaspora as a way of life.

From the the award-winning author of *Five Star Billionaire* and *The Harmony Silk Factory* comes a whirlwind personal history of modern Asia, as told through his Malaysian and Chinese heritage. In *The Face: Strangers on a Pier*, acclaimed author Tash Aw explores the panoramic cultural vitality of modern Asia through his own complicated family story of migration and adaptation, which is reflected in his own

face. From a taxi ride in present-day Bangkok, to eating Kentucky Fried Chicken in 1980s Kuala Lumpur, to his grandfathers' treacherous boat journeys to Malaysia from mainland China in the 1920s, Aw weaves together stories of insiders and outsiders, images from rural villages to megacity night clubs, and voices in a dizzying variety of languages, dialects, and slangs, to create an intricate and astoundingly vivid portrait of a place caught between the fast-approaching future and a past that won't let go. "Mr. Aw is a patient writer, and an elegant one. His supple yet unshowy prose can resemble Kazuo Ishiguro's.... He's a writer to watch." —Dwight Garner, *The New York Times* "Tash Aw is an essential voice for the global world we live in today." —Yiyun Li, author of *Gold Boy, Emerald Girl* "Aw is emerging as a master storyteller." —*The Times* "Aw's prose can be powerful and mesmerising in its sense of place...and psychological acuity. He is the author of three critically acclaimed novels, *The Harmony Silk Factory* (2005), *Map of the Invisible World* (2009), and *Five Star Billionaire* (2013), which have won the Whitbread First Novel Award, a regional Commonwealth Writers' Prize, and twice been longlisted for the Man Booker prize; they have also been translated into twenty-three languages. Stranger, Father, Beloved

Many people dream of escaping modern life, but most will never act on it. This is the remarkable true story of a man who lived alone in the woods of Maine for 27 years, making this dream a reality—not out of anger at the world, but simply because he preferred to live on his own. A New York Times bestseller In 1986, a shy and intelligent twenty-year-old named Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the forest. He would not have a conversation with another human being until nearly three decades later, when he was arrested for stealing food. Living in a tent even through brutal winters, he had survived by his wits and courage, developing ingenious ways to store edibles and water, and to avoid freezing to death. He broke into nearby cottages for food, clothing, reading material, and other provisions, taking only what he needed but terrifying a community never able to solve the mysterious burglaries. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life—why did he leave? what did he learn?—as well as the challenges he

has faced since returning to the world. It is a gripping story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded.

Stranger in the Nest

Beginning with Etan Patz's disappearance in Manhattan in 1979, a spate of high-profile cases of missing and murdered children stoked anxieties about the threats of child kidnapping and exploitation. Publicized through an emerging twenty-four-hour news cycle, these cases supplied evidence of what some commentators dubbed "a national epidemic" of child abductions committed by "strangers." In this book, Paul M. Renfro narrates how the bereaved parents of missing and slain children turned their grief into a mass movement and, alongside journalists and policymakers from both major political parties, propelled a moral panic. Leveraging larger cultural fears concerning familial and national decline, these child safety crusaders warned Americans of a supposedly widespread and worsening child kidnapping threat, erroneously claiming that as many as fifty thousand American children fell victim to stranger abductions annually. The actual figure was (and remains) between one hundred and three hundred, and kidnappings perpetrated by family members and acquaintances occur far more frequently. Yet such exaggerated statistics-and the emotionally resonant images and narratives deployed behind them-led to the creation of new legal and cultural instruments designed to keep children safe and to punish the "strangers" who ostensibly wished them harm. Ranging from extensive child fingerprinting drives to the milk carton campaign, from the AMBER Alerts that periodically rattle Americans' smart phones to the nation's sprawling system of sex offender registration, these

instruments have widened the reach of the carceral state and intensified surveillance practices focused on children. *Stranger Danger* reveals the transformative power of this moral panic on American politics and culture, showing how ideas and images of endangered childhood helped build a more punitive American state.

Stranger in My Own Country

An astonishing fact is that the vast majority of the wealthy come from middle-class or working-class backgrounds. Born and raised in modest economic circumstances, they find themselves as adults in the wonderful but unfamiliar world of wealth, like immigrants to a new land. Their adjustment is often harder than they anticipate. Yet awaiting wealth's newcomers is an even more daunting task: how to raise children and grandchildren successfully in the family's new world of affluence. Written by a prominent wealth psychologist, *Strangers in Paradise* takes an innovative approach to the challenges facing wealth's "immigrants and natives." Combining clear reasoning with real-world stories, *Strangers in Paradise* outlines for the first time how the key process for families of wealth - like all immigrant families - is adaptation.

A vivid, deeply researched work of history that explores the life of an unconventional woman during the first half of the 19th century in Edo—the city that would become Tokyo—and a portrait of a great city on the brink of a momentous encounter with the West. The daughter of a Buddhist priest, Tsuneno was born in a rural Japanese village and was expected to live a traditional life much like her mother's. But after three divorces—and a temperament much too strong-willed for her family's approval—she ran away to make a life for herself in one of the largest cities in the world: Edo, a bustling metropolis at its peak. With Tsuneno as our guide, we experience the drama and excitement of Edo just prior to the arrival of American Commodore Perry's fleet, which transformed Japan. During this pivotal moment in Japanese history, Tsuneno bounces from tenement to tenement, marries a masterless samurai, and eventually enters the service of a famous city magistrate. Tsuneno's life provides a window into 19th-century Japanese culture—and a rare view of an extraordinary woman who sacrificed her family and her reputation to make a new life for herself, in defiance of social conventions. Immersive and fascinating, *Stranger in the Shogun's City* is a revelatory work of history, layered with rich detail and delivered with beautiful prose, about the life of a woman, a city, and a culture.

A confrontation with the outlaws ends with Weldon firing a gun, unsure whether it hit its mark. Ten years later, Second Lieutenant Weldon Holland barely survives the Battle of the Bulge, in

the process saving the lives of his sergeant, Hershel Pine, and a young Spanish prisoner of war, Rosita Lowenstein—a woman who holds the same romantic power over him as the strawberry blonde Bonnie Parker, and is equally mysterious. The three return to Texas where Weldon and Hershel get in on the ground floor of the nascent oil business. In just a few years' time Weldon will spar with the jackals of the industry, rub shoulders with dangerous men, and win and lose fortunes twice over. But it is the prospect of losing his one true love that will spur his most reckless act yet—one inspired by that encounter long ago with the outlaws of his youth. A tender love story and pulse-pounding thriller, *Wayfaring Stranger* "is a sprawling historical epic full of courage and loyalty and optimism and good-heartedness that reads like an ode to the American Dream" (Benjamin Percy, *Poets & Writers*).

The Face: Strangers on a Pier

Filled with Ali Smith's trademark wordplay and inventive storytelling, here is the dizzyingly entertaining, wickedly humorous story of a mysterious stranger whose sudden appearance during a family's summer holiday transforms four variously unhappy people. Each of the Smarts—parents Eve and Michael, son Magnus, and the youngest, daughter Astrid—encounter Amber in his or her own solipsistic way, but somehow her presence allows them to see their lives (and their life together) in a new light. Smith's narrative freedom and exhilarating facility with language

propel the novel to its startling, wonderfully enigmatic conclusion.

Anorexia

Part history, part memoir, *I Am a Stranger Here Myself* taps dimensions of human yearning: the need to belong, the snarl of family history, and embracing womanhood in the patriarchal American West. Gwartney becomes fascinated with the missionary Narcissa Prentiss Whitman, the first Caucasian woman to cross the Rocky Mountains and one of fourteen people killed at the Whitman Mission in 1847 by Cayuse Indians. Whitman's role as a white woman drawn in to "settle" the West reflects the tough-as-nails women in Gwartney's own family. Arranged in four sections as a series of interlocking explorations and ruminations, Gwartney uses Whitman as a touchstone to spin a tightly woven narrative about identity, the power of womanhood, and coming to peace with one's most cherished place.
