Increase your TOEFL iBT score by increasing your speaking and writing scores. How? By using the strategy called argument mapping. Why argument mapping? Because the TOEFL iBT speaking and writing sections are all argument-based tasks. That means if you want high speaking and writing scores, you must know how to map out (develop and deliver) spoken and written arguments, quickly and proficiently. With argument mapping, you will be able to do just that. Best of all, you can apply argument mapping to all six speaking tasks and both writing tasks. That means you will spend less time reading about strategies and more time practicing them. You Will Also Learn: * Essential rhetorical strategies and opinion development strategies * Step-by-step basic responses for all speaking and writing tasks * Step-by-step advanced responses for all speaking and writing

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my

HOW IS THIS TOEFL BOOK DIFFERENT? This TOEFL book is different because it uses an integrated vocabulary learning system called recycling. Recycling is simple. Each exercise is divided into four quizzes. Quiz 1, a multiple-choice vocabulary quiz, introduces ten new words. Next, you will do Quiz 2, which is a sentence-completion quiz based on the ten words in Quiz 1. Next, you will do Quiz 3, a spelling quiz. The speaker in the audio will say the same ten words in turn. You will then have ten seconds to spell each word by saying it and typing it. Finally, you will do Quiz 4, which is a 60-word typing test based on the ten new words you have been recycling through Quizzes 1, 2 and 3, plus words, phrases and idioms recycled from previous exercises. **BONUS MATERIAL** Learn essential rhetorical strategies and a test-proven way to develop opinion-based and fact-based TOEFL essays.

need more practice? If you do, then this book is for you. It is also for those who just want to practice their academic English. Whatever your purpose, this book will give you the foundation in academic English you need for TOEFL and IELTS success. Part I: Argument Strategies In this section, you will learn how to argue subjectively and objectively in writing and when speaking. You will also learn how to summarize. Being able to argue and summarize proficiently is essential for TOEFL and IELTS success, and for success at an English-speaking university. Part II: Academic English Practice This section consists of grouped exercises. They are Structure, Written Expression, and Vocabulary. These challenging exercises will help you build an academic English vocabulary while introducing you to English grammar at the university level.

Automated Speaking Assessment: Using Language Technologies to Score Spontaneous Speech provides a thorough overview of state-of-the-art automated speech scoring technology as it is currently used at Educational Testing Service (ETS). Its main focus is related to the automated scoring of spontaneous speech elicited by TOEFL iBT Speaking section items, but other applications of speech scoring, such as for more predictable spoken responses or responses provided in a dialogic setting, are also discussed. The book begins with an in-depth overview of the nascent field of automated speech scoring—its history, applications, and challenges—followed by a discussion of psychometric considerations for automated speech scoring. The second and third parts discuss the integral main components of an automated speech scoring system as well as the different types of automatically generated measures extracted by the system features related to evaluate the speaking construct of communicative competence as measured defined by the TOEFL iBT Speaking assessment. Finally, the last part of the book touches on more recent developments, such as providing more detailed feedback on test takers' spoken responses using speech features and scoring of dialogic speech. It concludes with a discussion,
