Storey

When Paul Storey comes home from London he's escaping an event that ruined his professional life. Now he's slowly making contact with people again but the people he winds up meeting are lowlifes, thieves and conmen. Exactly the kind of people he was trying to escape. Worse, one of them is a con-woman who, for some reason, he can't get out of his mind and who has a habit of manipulating men When he gets involved in a scam to sell smuggled antiquities from Syria he realises he can't escape being a copper either-and one with a specialised skill that makes him even more desirable to his new colleagues. Finding a purpose in life while keeping his head connected to his shoulders keeps him busy, until a Syrian who wants the return of one of the stolen antiquities shows up and he's not inclined to take prisoners.

In "Home at Last," a stunning collection of short fiction, an award-winning writer shares his compelling and introspective glimpses into real life. Chet Kozlowski, a graduate of the Creative Writing M.F.A. Program at The City College of New York, offers thirteen vivid tales that illustrate the emotional challenges of ordinary characters placed in extraordinary situations. In each story, Kozlowski's characters confront their own unique dilemmas like the four-year-old boy who believes he can fly despite his parents' fears; the woman who travels far to reconnect with the child she abandoned years before; the writer who seeks salvation in a neighbor's unorthodox request; the wife who mulls secrets while studying her husband's sleeping

form; and the mother who protects her children at all costs from a threat next door. In his first collection of short stories, Kozlowski exposes a group of eclectic characters while weaving an unforgettable journey through their imperfect lives. "As timely as last night's water-boarding or tomorrow morning's hurricane each episode explodes, creating immense but subtle drama." -Wayne Greenhaw, author of "King of Country" and "The Thunder of Angels"

Sometimes the Bullfrogs Sing

One More

Home at Last

There are times in life we face things not of our own doing or choosing. We are at the mercy of our own feelings. We look at things and still can't see what lies beyond. Sometimes those who are blind have the greater vision. They can touch what we don't perceive. They hear what others can't. Most people who are blind do not become the cynic, rather the acceptor of the spirit. To them rain is thirst. To them the ground they walk on is their foundation. They seek rather than retreat. They question life's hypocrisies. They are the true believers. While some turn their back on the truth, they welcome it. They show a strength that we cannot fathom. Meet Debra Lee Diggins, she is all of this and more. Join her on her journey-take her hand and walk with her. Sometimes the Bullfrogs Sing is a story of a young girl's transcendence from girl-child to womanhood. It is also the story of Thaddeus Morgan, a troubled black man who has been on the run most of his adult life. From the time they meet each other, a bond is formed that will last a lifetime. Debra has a unique gift, even though blind, she is able to reach inside of people. She brings out the best in him and shows him how to trust again and, yes, believe there truly is a good side of life. They guide each other through personal tragedy and prove the total hypocrisy of racism. To Debra, you are how you represent yourself. To her, you are every man, every woman, every child. This story is about the true triumph of the spirit. Join her on her journey from the town of Viola, Alabama, to the city of Farley, Illinois, where an adult woman and an attorney fight for a young wife on trial for a capital crime. A scene from Sometimes the Bullfrogs Sing The setting, where Debra, her Aunt Lucy, Thaddeus, his girlfriend Geneva, and Debra's friend Nancy are all sitting on a blanket down by the creek. "Why do the bullfrogs make that sound?" Debra asked. Geneva stood up and pointed in the direction of the sounds

that they were making. She replied in a soft, seductive voice, "That's them singing, singing to each other. The women singing to their menfolk, come on over, get to know me. Once you meet me, we're gonna get along real good." Debra replied, "Bullfrogs can't sing." Geneva turned to Debra. "Yes, they do, honey. You just have to listen the right way. Everyone in life, all God's creatures, needs someone special to spend good times with, so you can put the bad ones behind. Times so bad you get knocked down and don't want to get up."

Life Is Stranger at Worthington High

A groundbreaking account of how Britain became the base of operations for the exiled leaders of Europe in their desperate struggle to reclaim their continent from Hitler, from the New York Times bestselling author of *Citizens of London* and *Those Angry Days* When the Nazi blitzkrieg rolled over continental Europe in the early days of World War II, the city of London became a refuge for the governments and armed forces of six occupied nations who escaped there to continue the fight. So, too, did General Charles de Gaulle, the self-appointed representative of free France. As the only European democracy still holding out against Hitler, Britain became known to occupied countries as "Last Hope Island." Getting there, one young emigré declared, was "like getting to heaven." In this epic, character-driven narrative, acclaimed historian Lynne Olson takes us back to those perilous days when the British and their European guests joined forces to combat the mightiest military force in history. Here we meet the courageous King Haakon of Norway, whose distinctive "H7" monogram became a symbol of his country's resistance to Nazi rule, and his fiery Dutch counterpart, Queen Wilhelmina, whose antifascist radio broadcasts rallied the spirits of her defeated people. Here, too, is the Earl of Suffolk, a swashbuckling British aristocrat whose rescue of two nuclear physicists from France helped make the Manhattan Project possible. Last Hope Island also recounts some of the Europeans' heretofore unsung exploits that helped tilt the balance against the Axis: the crucial efforts of Polish pilots during the Battle of Britain; the vital role played by French and Polish code breakers in cracking the Germans' reputedly indecipherable Enigma code; and the flood of top-secret intelligence about German operations—gathered by spies throughout occupied Europe—that helped ensure the success of the 1944 Allied invasion. A fascinating companion to *Citizens of London*, Olson's bestselling chronicle of the Anglo-American alliance, *Last Hope Island* recalls with vivid humanity that brief moment in time when the peoples of Europe stood together in their effort to roll back the tide of conquest and restore order to a broken continent. Praise for *Last Hope Island* "In *Last Hope Island* [Lynne Olson] argues an arresting new thesis: that the people of occupied Europe and the expatriate leaders did far more for their own liberation than historians and the public alike recognize. . . . The scale of the organization she describes is breathtaking."—*The New York Times Book Review* "Last Hope Island is a book to be welcomed, both for the past it recovers and also, quite simply, for being such a pleasant tome to read."—*The Washington Post* "[A] pointed volume . . . [Olson] tells a great story and has a fine eye for character."—*The Boston Globe*

The King

Jerry D Young was born at home, in Senath, Missouri July 3, 1953. At age 5 the family rented a small farm house on an active farm 40 miles southwest of St. Louis. While the family weren't farmers, they lived something of a homestead type life, raising a milk cow, sometimes two, and calves, a pig or two, chickens, and the occasional goat. Along with the stock, a large garden helped to feed Jerry's three brothers and two sisters for several years. Fishing and hunting contributed to the pantry, as did foraging the wild edibles on the property. At the age of 14, the family, minus a brother and two sisters that were now adults and on their own, moved back to Senath. Having been encouraged from an early age to read, Jerry was a regular patron of the Senath Branch Library. A love of a good story was born within him, and shortly before graduating high school, for a lack of stories that he liked at the library, he began to write short vignettes, and started taking notes for stories that he wanted to tell. Well, a full life interceded, and the writing didn't resume for several years. But while working a job with a much free time, and the then newfangled home computer, Jerry began to write in earnest. With the occasional gap in the process, Jerry continued to research and write, never believing he could ever be published. But when he turned 50, he wanted a change in his life, left the job he was doing and began focusing on his writing. When he became ill, the writing stopped, but not the inspiration. When he started writing again, in 2004, after getting the medical problems under control, he began to read some on-line stories dealing with emergency preparedness, one of his other loves. The die was cast. Now with over a hundred of the vignettes and short stories about how to survive disasters written, along with his other novels, Jerry decided to go for broke, adding one of his previous works every few days to his list of stories now available, Jerry continues to write, both the Prep/PAW stories, as well as action adventure with a little romance type stories that first got him started.

Designing Your Life

"Brooklyn Borough President and mayoral candidate Eric Adams is on a mission to tackle one of the most stubborn health problems in the country: chronic disease in the African American community. African Americans are heavier and sicker than any other group in the U.S., with nearly half of all black adults suffering from some form of cardiovascular disease. After Adams woke up with severe vision loss one day in 2016, he learned that he was one of the nearly 5 million black people living with diabetes-and, according to his doctor, he would have it for the rest of his life. A police officer for more than two decades, Adams was a connoisseur of the fast-food dollar menu. Like so many Americans with stressful jobs, the last thing he wanted to think about was eating healthfully. Fast food was easy, cheap, and comfortable. His diet followed him from the squad car to the state senate, and then to Brooklyn Borough Hall, where it finally caught up with him"--

The Rock of the Lion

The ancient parish of Clapham was peopled by a unique and long established community with a fiercely beating heart of its own - until the City fathers decided to destroy it. In *The Legend That Was Clapham*, Donald Bullock describes its creation, its

characters, its delightful way of life, and the tragedy of its destruction. He paints scenes and happenings that are, by today's standards, scarcely credible. It is a tragically sad, uproariously funny, and immensely soul-searching story of a wonderful and unique culture that was wantonly and thoughtlessly destroyed by a set of misguided do-gooders. "A book that needed writing. Clapham was a paradise. Its needless destruction was wicked. People should know." - Jim Clements "Terrible. They wantonly destroyed a community - a unique culture. Thank heavens it's all been put on record." - Jennifer Davies "At last only my Dad's shop was left. He wouldn't go. They fetched me to get him out. I found him crying at his counter. They began to batter the walls and I led him out peppered in debris. He was soon dead of a broken heart" - Betty Dix "Moving and absorbing. I can't wait for the author's 'Hovels and Haydust' " - Wendy Lambert
