The Impact of Caffeine and Coffee on Human Health

A dangerous world of sex, lust and violence... All Noelle Cunningham has ever wanted is a life beyond-beyond the walls of Eden, where only the righteous are allowed to remain, and beyond her stiflingly restrictive existence as a councilman's daughter. But only ruins lie outside the City, remnants

of a society destroyed by solar storms decades earlier. The sectors surrounding Eden house the corrupt, the criminal—men like Jasper McCray, bootlegger and cage fighter. Jas clawed his way up from nothing to stand at the right hand of Sector Four's ruthless leader, and he'll defend the O'Kane gang with his life. But no fight ever prepared him for the exiled City girl who falls at his feet. Her innocence is undeniable, but so is their intense sexual attraction, and soon they're crossing every boundary Noelle barely knew she had. But if she wants to belong to Jas, first she'll have to open herself to a world where passion is power, and freedom is found in submission.

Getting Started in Transmedia Storytelling

The final three books in the bestselling, award-winning BEYOND series! BEYOND RUIN Adrian Maddox fled his royal life—and tragic past—in Sector One, choosing instead to join up with the O'Kanes. For years, he's lived by one rule: love fast, love hard, and always be willing to walk away. He's managed to guard his heart, keep it whole and untouched—until now. They couldn't be more different—Dylan, the brilliant, burned-out doctor from Eden who drowns his pain with drugs and self-destruction. Scarlet, the sensuous, sexy rocker from Three, a woman unafraid to embrace the world. And Jade, the whore turned spy from Sector Two, who battled addiction and came out stronger than anyone he's ever met. Separately, they make Mad long to open his heart, to tumble head-first into a sea of possibilities and wild love. Together, they

make him burn, inside and out, with lust and unbearable, unimaginable pleasure. Then one fateful moment shakes their world to its foundations—and leaves the sectors on the verge of all-out war with Eden. It's the biggest fight the O'Kanes have ever faced, and Mad and his lovers are at the dead center of it. They could end up with everything they never knew they wanted—or lose it all. Including their lives.

BEYOND ECSTASY The O'Kanes have a reputation for working hard and playing harder—except for Hawk. He joined the gang with one goal: to ensure his family's survival through the impending war with Eden. It's been years since he had the luxury of wanting anything for himself. Now, he wants Jeni. From the first moment he saw her, he's been obsessed with making her his. Not for a night—forever. Jeni's been lusting after the former smuggler for months, but he keeps shutting her down. She's almost given up on getting him in her bed when he offers her the last thing she ever expected—a collar. Accepting it means belonging to him, body and soul. It's a reckless gamble, but Jeni can't resist the chance to slip under Hawk's armor. The only thing more shocking than the dark, dangerous pleasure they discover is how right it feels. But falling in love is even more reckless when forever is far from guaranteed. Because they aren't just at war, they're out of time—and every breath could be their last.

BEYOND SURRENDER For years, Nessa has been focused on work. She keeps the whiskey—and the money—flowing, and life is sweet. Sure, she's tired of being everyone's baby sister, and she longs for a man who can stand up to her overprotective O'Kane brothers. But she never thought she'd meet him in

the middle of a war. War is all Ryder knows. He was raised with one goal: to ensure the sectors' successful rebellion against Eden. His father and his mentor both died for freedom, and nothing will stop him from securing their legacies with victory. He doesn't have time for distractions—especially beautiful, impulsive ones like Nessa. Opposites don't just attract, they combust. Together, Nessa and Ryder have a chance for something more than the lives they've always known. But this is war—deadly, bloody war—and the only way to happily-ever-after is straight through Eden.

Beyond Series Bundle (Volume Three)

Graduate student Vivienne Charles is afraid and ashamed of her own fantasies: being taken by force by a man who will claim her completely. When the mysterious Jonah Marks learns her secret, he makes a stunning offer: they will remain near-strangers and meet in secret so that he can fulfil her fantasies. Their arrangement is twisted. The sex is incredible. And soon their emotions are bound together as tightly as the rope around Vivienne's wrists. But the secrets in their pasts threaten to take their arrangement down an even darker path.

Deal with the Devil

This bundle contains Book #4, Book #5 and Book #6 in the bestselling, award-winning BEYOND series. Beyond Jealousy - Beyond, Book Four When Rachel Riley sacrificed a life in Eden to protect the O'Kanes,

she earned her place in the powerful Sector Four gang. But the former crime princess is tired of being everyone's sweet little sister . It's time for her to embrace her fantasies as only an O'Kane can--with a delicious exiled soldier and the gang's wickedly sinful tattoo artist. Lorenzo Cruz is a warrior, taught by his commanding officers in Eden that involvement equals distraction. Emotion is a liability, and desire a sin. No battle strategy prepared him for how Rachel makes his heart race the way his rival for her affections sets his blood on fire. Ace Santana has a dirty reputation and a mind to match, especially where his new lovers are concerned. He's eager to help Cruz embrace his dominant side, and to explore the lines between pleasure and pain with Rachel. But corrupting them quickly becomes an obsession. Three hearts on the line means a hundred ways their ménage a trois could go wrong. One of them could be the missing piece that makes them all whole or a temporary diversion destined for a broken heart. Beyond Addiction - Beyond, Book Five Trix changed her name and her life when she got clean four years ago. As an O'Kane, she's happy, untouchable. Until a nightmare from her old life tears her away from her home and drags her back to Hell--also known as Sector Five. Losing Trix was the kick in the head Finn needed to get sober, but working as an enforcer for a man he hates is crushing his soul. The only thing keeping him going is his determination to destroy Sector Five from the inside. Then Trix comes back into his life--alive, in danger--and nothing else matters. Getting her home could be a suicide mission. The only thing deadlier is the old spark that flares to life between them. Soon, Finn and Trix are battling the

one addiction neither of them ever managed to kick--each other. And it could cost them everything. Beyond Innocence - Beyond, Book Six For years, Jared has existed on the fringes of both Eden society and Dallas O'Kane's Sector Four gang. He travels between these worlds, protected by his money and power--money he earned selling his body, and power that comes from knowing secrets. He's untouchable--until he starts a new life gathering intelligence for the O'Kanes. Lili Fleming walked out of Sector Five with a gun, the bloodstained clothes on her back, and an icy determination to survive. She finds herself in a world where people live hard and love harder, and nothing's more terrifying than how much the O'Kanes wake her up, make her feel--especially Jared. Emotion is a risk he can't afford, and a complication she doesn't need. But neither can resist the lust simmering between them, and the sparks that could either melt the ice around both their hearts or get them killed. Because the only thing more dangerous than loving an O'Kane is loving a spy.

Beyond Temptation

Book 1 in the Hard Rock Harlots Series **WARNING:** STRINGS is not suitable for slut shamers, uptight stone throwers, Holier-Than-Thou prudes, humorless virgins, persons with chronic neck or back pain, pearl-clutching bitties, those who disparage crude humor or vulgarity in their many forms, closed-minded people with sticks up their asses, or anyone under the age of 18. The vile, base language and shocking, unholy sexual acts contained herein are not condoned by anyone with a lick of sense and should certainly not be reproduced without proper training and protection. The potty-mouthed and perpetually horny "heroine" (the term is used loosely) of this book does not resemble a normal, well-adjusted, or remotely believable person in any way, shape, or form. The author acknowledges that the characters in this book are shallow and two-dimensional; the plot is both ridiculous and insipid. She makes no apologies for any of it. * Readers are strongly advised to wear latex gloves whilst reading to minimize contamination risks. Free-spirited musician Letty Dillinger adheres to a strict, "no strings attached" policy when it comes to men. After a wild night of unabashed sex in a fancy hotel room, she never expects to see the adventurous stud she dubs "Shades" again. When her all-girl rock trio books a tour at the last minute as the opening act for their archenemies, Letty's shocked to discover she knows the competition's new lead singer. Intimately.

Shades is no longer a one-night stand. Now he's the guy she has to one-up on stage every night for the sake of her career. Sharing close quarters on a bus with her sexy nemesis and his bad-boy buddies puts Letty's Golden Rule to the test. On this tour, guitar strings aren't the only things being played. And when heartstrings are pulled too hard, they're bound to snap sooner or later.

According to the Centers for Disease Control and Prevention (CDC), 115 Americans die each day from an opioid overdose, which averages one death every 12.5 minutes. Between 1999 and 2016, the number of drug overdoses catapulted by 300 percent, with injection drug use increasing by 93 percent between 2004 and 2014 and opioid-related hospital admissions increasing by 58 percent over the past decade. And an inexorable sequela of the opioid epidemic is the spread of infectious diseases. To address these infectious disease consequences of the opioid crisis, a public workshop titled Integrating Infectious Disease

Considerations with Response to the Opioid Epidemic was convened on March 12 and 13, 2018, by the National Academies of Sciences, Engineering, and Medicine. Participants discussed strategies to prevent and treat infections in people who inject drugs, especially ways to work efficiently through the existing public health and medical systems. This publication summarizes the presentations and discussions from the workshop.

Beyond Bundle Volume Two

"This book is fast, furious, compelling, and angry as hell." -- Seanan McGuire, New York Times bestselling author *The Boys* meets *My Year of Rest and Relaxation* in this smart, imaginative, and evocative novel of love, betrayal, revenge, and redemption, told with razor-sharp wit and affection, in which a young woman discovers the greatest superpower—for good or ill—is a properly executed spreadsheet. Anna does boring things for terrible people because even criminals need office help and she needs a job. Working for a monster lurking beneath the surface of

the world isn't glamorous. But is it really worse than working for an oil conglomerate or an insurance company? In this economy? As a temp, she's just a cog in the machine. But when she finally gets a promising assignment, everything goes very wrong, and an encounter with the so-called "hero" leaves her badly injured. And, to her horror, compared to the other bodies strewn about, she's the lucky one. So, of course, then she gets laid off. With no money and no mobility, with only her anger and internet research acumen, she discovers her suffering at the hands of a hero is far from unique. When people start listening to the story that her data tells, she realizes she might not be as powerless as she thinks. Because the key to everything is data: knowing how to collate it, how to manipulate it, and how to weaponize it. By tallying up the human cost these caped forces of nature wreak upon the world, she discovers that the line between good and evil is mostly marketing. And with social media and viral videos, she can control that appearance. It's not too long before she's employed once more, this time by one of the worst villains on earth. As she becomes an increasingly valuable lieutenant, she might just save the world. A sharp, witty, modern debut, Hench explores the individual cost of justice through a fascinating mix of Millennial office politics, heroism measured through data science, body horror, and a profound misunderstanding of quantum mechanics.
