Silent Words

When a jazz-loving rooster sets his sights on winning a barnyard talent show, he realizes he can't do it as a solo act. He's up against the talents of Mules Davis's cool duo and Ella Finchgerald's singing group. Acoustic Rooster calls on friends like pianist Duck Ellington, singer Bee Holiday, and percussionist piggy Pepe Ernesto Cruz. Together, the foursome makes beautiful music as they rock the barnyard. And while they may not win first prize, Acoustic Rooster realizes he has the world's best jazz band and that's all that matters. Colorful artwork from artist Tim Bowers (Memoirs of a Goldfish) ensures this story doesn't miss a beat. A glossary of musical terms and instruments rounds out this perfect introduction to jazz for young readers. Kwame Alexander is a poet, publisher, and an award-winning producer of literary programs. He has written for television, the stage, and authored 13 books. He conducts writing/publishing workshops at schools and conferences throughout the country. Kwame lives in the Washington, D.C. area. Tim Bowers has illustrated more than 25 children's books, garnering such awards as the Chicago Public Library's "Best of the Best" list. His work for Sleeping Bear includes First Dog and First Dog's White House Christmas. Tim lives in Granville, Ohio.

Dynamic Business Law: The Essentials is appropriate for the one-semester

Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law: The Essentials contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law: The Essentials as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further.

Teaching the Critical Vocabulary of the Common Core

Your students may recognize words like determine, analyze, and distinguish, but do they understand these words well enough to quickly and completely answer a standardized test question? For example, can they respond to a question that says "determine the point of view of John Adams in his Letter on Thomas Jefferson" and analyze how he distinguishes his position from an alternative approach articulated by Thomas Jefferson"? Students from kindergarten to 12th grade can learn to compare and contrast, to describe and explain, if they are taught these words explicitly. Marilee Sprenger has curated a list of the critical words students must know to be successful with the Common Core State Standards and any other standardized assessment they encounter. Fun strategies such as jingles, movements, and graphic organizers will engage students and make learning these critical words enjoyable and effective. Learning the critical vocabulary will help

your students with testing and college and career readiness, and will equip them with confidence in reading, writing, and speaking. Marilee Sprenger is also the author of *How to Teach So Students Remember*, *Learning and Memory*, and *Brain-Based Teaching in the Digital Age*.
