Up-and-coming fantasist Mary Robinette Kowal enchanted fans with her novels *Shades of Milk and Honey* and *Glamour in Glass*, which introduced Regency glamourists Jane and David Vincent. In *Without a Summer*, Jane and Vincent take a break from their international travels. But in a world where magic is real, nothing—even the domestic sphere—is quite what it seems. After a dramatic trip to Belgium, Jane and Vincent go to Long Parkmeade to spend time with Jane's family, but quickly turn restless. The spring is unseasonably cold, and no one wants to be outside. Mr. Ellsworth is concerned by the harvest, since a poor one may imperil Melody's dowry. And Melody has concerns of her own, given an inadequate selection of eligible bachelors locally. When Jane and Vincent receive a commission from a prominent London family, they take it, and bring Melody with them. They hope the change of scenery will do her good and her marriage prospects—and mood—will be brighter in London. Talk here frequently turns to increased unemployment of coldmongers and riots in nearby villages by Luddites concerned that their way of life is becoming untenable. With each passing day, it's more difficult to avoid getting embroiled in the intrigue, which does not really help Melody's chances for romance. It doesn't take long for Jane to Vincent realize that in addition to arranging a wedding, they must take on one small task: solving a crisis of national proportions. "Every man is born with just one thing: his sovereignty--his power to respond to his environment and his circumstances. Unfortunately, most men have spent much of their lives giving away that sovereignty. Every time a man passes blame or shirks his responsibility, every time he makes excuses for his performance, and every time he trades his unlimited potential for a little perceived safety and security, he willingly submits himself to the mercy of others. Is it any wonder that men, in general, seem to have lost their way? You don't have to look very far to recognize that men don't seem to possess the same amount of vigor and purpose they once did. It's a call for men to become fully the men they are meant to be so they may more adequately take care of themselves and those they are responsible for. Men have always been expected to protect, provide, and preside over themselves, their families, their businesses, and their communities.
