### The Americans

Republicans today often ask "What Would Reagan Do?", but many of them are misrepresenting Reagan's actual record. Getting Right with Reagan sets the record straight.

### The Reagan Diaries

This book posits that democracy promotion played a key role in the Reagan administration's Cold War foreign policy. It analyzes the democracy initiatives launched under Reagan and the role of administration officials, neoconservatives and non-state actors, such as the National Endowment for Democracy (NED), in shaping a new model of democracy promotion, characterized by aid to foreign political movements and the spread of neoliberal economics. The book discusses the ideological, strategic and organizational aspects of U.S. democracy promotion in the 1980s, then analyzes case studies of democracy promotion in the Soviet bloc and in U.S.-allied dictatorships in Latin America and East Asia, and, finally, reflects on the legacy of Reagan's democracy promotion and its influence on Clinton, Bush and Obama. Based on new research and archival documents, this book shows that the development of democracy promotion under Reagan laid the foundations for US post-Cold War foreign policy.

### Known and Unknown

A Companion to Ronald Reagan evaluates in unprecedented detail the events, policies, politics, and people of Reagan's administration. It assesses the scope and influence of his various careers within the context of the times, providing wide-ranging coverage of his administration, and his legacy. Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy, with topics integrated thematically and chronologically Includes a section on key figures associated politically and personally with Reagan

### **An American Life**

" In this sweeping memoir, Novak offers a full account of his involvement in the Valerie Plame CIA leak affair, while also telling the story of his remarkable life and career, a singular journey through a half century of stories, scandals, and personal en

### **AP® U.S. History Crash Course, For the 2020 Exam, Book + Online**

Whereas the Western perspective on the Cold War has been well documented by journalists and historians, the Soviet side has remained for the most part shrouded in secrecy--until now. Drawing on a vast range of recently released archives in the United States, the United Kingdom, France, Germany, Russia, and Eastern Europe, Russia's Cold War offers a thorough and fascinating analysis of East-West relations from 1917 to 1989.

### **Ronald Reagan's America**

Finally, an economics and history book that focuses on just those topics Americans need to know to be informed citizens.

### **The Cambridge History of the Cold War**

### **Ronald Reagan and the 1980s**

The presidential historian charts the progression of American power from George Washington to George W. Bush, revealing the exercise of power through the office as it has developed into an "imperial" seat of authority, in an updated edition of the classic history. Reprint.

## **Rendezvous with Destiny**

In *The Triumph of Improvisation*, James Graham Wilson takes a long view of the end of the Cold War, from the Soviet invasion of Afghanistan in December 1979 to Operation Desert Storm in January 1991. Drawing on deep archival research and recently declassified papers, Wilson argues that adaptation, improvisation, and engagement by individuals in positions of power ended the specter of a nuclear holocaust. Amid ambivalence and uncertainty, Mikhail Gorbachev, Ronald Reagan, George Shultz, and George H. W. Bush—and a host of other actors—engaged with adversaries and adapted to a rapidly changing international environment and information age in which global capitalism recovered as command economies failed. Eschewing the notion of a coherent grand strategy to end the Cold War, Wilson paints a vivid portrait of how leaders made choices; some made poor choices while others reacted prudently, imaginatively, and courageously to events they did not foresee. A book about the burdens of responsibility, the obstacles of domestic politics, and the human qualities of leadership, *The Triumph of Improvisation* concludes with a chapter describing how George H. W. Bush oversaw the construction of a new configuration of power after the fall of the Berlin Wall, one that resolved the fundamental components of the Cold War on Washington's terms.

## **Russia's Cold War**

Democracies cannot sustain unpopular wars. Vietnam was the most divisive war for the American people. The enemy's tenacity was not accounted for in U.S. war plans until there was frustration in the field, skepticism in the press, and splintered support at home. After the Vietnam debacle the press's latitude to cover military action was increasingly curtailed by the military and the government, which sought to control the flow and content of the news better than they had in Vietnam by forcing reporters into supervised media pools.

## **The Complete Idiot's Guide to the American Presidency**

### **The Triumph of Improvisation**

Why policymaking in the United States privileges the rich over the poor? Can a country be a democracy if its government only responds to the preferences of the rich? In an ideal democracy, all citizens should have equal influence on government policy—but as this book demonstrates, America's policymakers respond almost exclusively to the preferences of the economically advantaged. *Affluence and Influence* definitively explores how political inequality in the United States has evolved over the last several decades and how this growing disparity has been shaped by interest groups, parties, and

elections. With sharp analysis and an impressive range of data, Martin Gilens looks at thousands of proposed policy changes, and the degree of support for each among poor, middle-class, and affluent Americans. His findings are staggering: when preferences of low- or middle-income Americans diverge from those of the affluent, there is virtually no relationship between policy outcomes and the desires of less advantaged groups. In contrast, affluent Americans' preferences exhibit a substantial relationship with policy outcomes whether their preferences are shared by lower-income groups or not. Gilens shows that representational inequality is spread widely across different policy domains and time periods. Yet Gilens also shows that under specific circumstances the preferences of the middle class and, to a lesser extent, the poor, do seem to matter. In particular, impending elections—especially presidential elections—and an even partisan division in Congress mitigate representational inequality and boost responsiveness to the preferences of the broader public. At a time when economic and political inequality in the United States only continues to rise, *Affluence and Influence* raises important questions about whether American democracy is truly responding to the needs of all its citizens.

### **The Legal, Ethical, and Regulatory Environment of Business**

From George Washington to George W. In the course of the 2008 presidential campaigns, Americans became involved in the political process at a level rarely seen in modern history. But even before the historic race, George W. Bush's tenure had left many Americans wondering how we got to where we are today. *The Complete Idiot's Guide® to the American Presidency* takes readers from the first president to the one who just stepped down - exploring the legacies of the greatest leaders and the black marks against others, and showing the ways in which they left their stamp on both the nation and the presidency itself. \*Written by the author of the highly successful *The Complete Idiot's Guide® to American History, Fifth Edition* \*Appendices that list the presidents and their vice presidents, the presidential elections, and further reading

### **Getting Right with Reagan**

“A first-rate work of insider history . . . A monumental accomplishment.” —National Review The election that changed everything: Craig Shirley’s masterful account of the 1980 presidential campaign reveals how a race judged “too close to call” as late as Election Day became a Reagan landslide—and altered the course of history. To write *Rendezvous with Destiny*, Shirley gained unprecedented access to 1980 campaign files and interviewed more than 150 insiders—from Reagan’s closest advisers and family members to Jimmy Carter himself. His gripping account follows Reagan’s unlikely path from his bitter defeat on the floor of the 1976 Republican convention, through his underreported “wilderness years,” through grueling primary fights in which he knocked out several Republican heavyweights, through an often-nasty general election campaign complicated by the presence of a third-party candidate (not to mention the looming shadow of Ted Kennedy), to Reagan’s astounding victory on Election Night in 1980. Shirley’s years of intensive research have enabled him to relate countless untold stories—including, at long last, the solution to one of the most enduring mysteries in politics: just how Reagan’s campaign got hold of Carter’s debate briefing books.

## **Iran-Contra**

For the past three decades, many history professors have allowed their biases to distort the way America’s past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America’s patriots and the achievements of “dead white men.” As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot’s History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America’s discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America’s true and proud history.

## **The Greenwood Library of American War Reporting: The Vietnam War & post-Vietnam conflicts**

In suitably compact style, we present U.S. history with special emphasis on the important role of New York State within the national context. A broad chronology highlights the causes and effects of major events that have shaped the nation and the state. This multifaceted treatment embraces economics, culture and social history, domestic politics, international relations and technology.

## **What I Saw at the Revolution**

The most popular Republican President in recent history is presented here in an authorized biography of Reagan's boyhood days in Dixon, IL. The many differing perceptions of him are explored, from his popularity as a movie star, to his early and deep love of Country and unflagging patriotism. Includes many original photographs.

## **Reagan, Bush, and Right-wing Politics**

By the end of the 1980s, many Americans looked at the state of the nation with a renewed optimism, which was personified by an enduring American president - Ronald Wilson Reagan. The essays in this volume revisit the 1980s in order to examine the factors that contributed to his political and cultural triumphs and assess his legacy.

## **America in the Economic World**

## **University of Central Arkansas**

## **Reviewing United States And New York State History**

This collection of essays by communication professionals significantly helps build a theory about the growing convergence of communications expertise focused on public policymaking. Practical Public Affairs in an Era of Change discusses how public affairs and public relations are halves of one whole, explores developments in the field, and addresses challenges facing the profession. Set against a backdrop of stunning changes in communications technology and plummeting popular faith in political leaders and institutions, this volume provides extraordinary and informative insight into the fields of public affairs and public relations. The volume will introduce newcomers to the field and prove to be an invaluable resource for those already involved. Co-published with the Public Relations Society of America.

## **Sg V2 American Passages**

Visit [www.rumsfeld.com](http://www.rumsfeld.com) for more. Discover Known and Unknown Deluxe offering an unprecedented reading experience for a memoir by a major public figure. For web-connected readers, it features more than 500 links to never-before-available original documents from Donald Rumsfeld's extensive personal archive. It includes State Department cables, correspondence, and memoranda on topics such as Vietnam, Watergate, the days following 9/11, the wars in Iraq and Afghanistan, and much more. Available in ePub and Adobe Reader. Like Donald Rumsfeld, Known and Unknown pulls no

punches. With the same directness that defined his career in public service, Rumsfeld's memoir is filled with previously undisclosed details and insights about the Bush administration, 9/11, and the wars in Afghanistan and Iraq. It also features Rumsfeld's unique and often surprising observations on eight decades of history: his experiences growing up during the Depression and World War II, his time as a Naval aviator; his service in Congress starting at age 30; his cabinet level positions in the Nixon and Ford White Houses; his assignments in the Reagan administration; and his years as a successful business executive in the private sector. Rumsfeld addresses the challenges and controversies of his illustrious career, from the unseating of the entrenched House Republican leader in 1965, to helping the Ford administration steer the country away from Watergate and Vietnam, to bruising battles over transforming the military for the 21st century, to the war in Iraq, to confronting abuse at Abu Ghraib and allegations of torture at Guantanamo Bay. Along the way, he offers his plainspoken, first-hand views and often humorous and surprising anecdotes about some of the world's best known figures, from Margaret Thatcher to Saddam Hussein, from Henry Kissinger to Colin Powell, from Elvis Presley to Dick Cheney, and each American president from Dwight D. Eisenhower to George W. Bush. Rumsfeld relies not only on his memory but also on previously unreleased and recently declassified documents. Thousands of pages of documents not yet seen by the public will be made available on an accompanying website. *Known and Unknown* delivers both a fascinating narrative for today's readers and an unprecedented resource for tomorrow's historians. Proceeds from the sales of *Known and Unknown* will go to the veterans charities supported by the Rumsfeld Foundation.

### **Practical Public Affairs in an Era of Change**

This book publishes for the first time in print every word the American and Soviet leaders – Ronald Reagan, Mikhail Gorbachev, and George H.W. Bush – said to each other in their superpower summits from 1985 to 1991. Obtained by the authors through the Freedom of Information Act in the U.S., from the Gorbachev Foundation and the State Archive of the Russian Federation in Moscow, and from the personal donation of Anatoly Chernyaev, these previously Top Secret verbatim transcripts combine with key declassified preparatory and after-action documents from both sides to create a unique interactive documentary record of these historic highest-level talks – the conversations that ended the Cold War.

### **A Companion to Ronald Reagan**

### **Affluence and Influence**

Ronald Reagan's autobiography is a work of major historical importance. Here, in his own words, is the story of his life—public and private—told in a book both frank and compellingly readable. Few presidents have accomplished more, or

been so effective in changing the direction of government in ways that are both fundamental and lasting, than Ronald Reagan. Certainly no president has more dramatically raised the American spirit, or done so much to restore national strength and self-confidence. Here, then, is a truly American success story—a great and inspiring one. From modest beginnings as the son of a shoe salesman in Tampico, Illinois, Ronald Reagan achieved first a distinguished career in Hollywood and then, as governor of California and as president of the most powerful nation in the world, a career of public service unique in our history. Ronald Reagan's account of that rise is told here with all the uncompromising candor, modesty, and wit that made him perhaps the most able communicator ever to occupy the White House, and also with the sense of drama of a gifted natural storyteller. He tells us, with warmth and pride, of his early years and of the elements that made him, in later life, a leader of such stubborn integrity, courage, and clear-minded optimism. Reading the account of this childhood, we understand how his parents, struggling to make ends meet despite family problems and the rigors of the Depression, shaped his belief in the virtues of American life—the need to help others, the desire to get ahead and to get things done, the deep trust in the basic goodness, values, and sense of justice of the American people—virtues that few presidents have expressed more eloquently than Ronald Reagan. With absolute authority and a keen eye for the details and the anecdotes that humanize history, Ronald Reagan takes the reader behind the scenes of his extraordinary career, from his first political experiences as president of the Screen Actors Guild (including his first meeting with a beautiful young actress who was later to become Nancy Reagan) to such high points of his presidency as the November 1985 Geneva meeting with Mikhail Gorbachev, during which Reagan invited the Soviet leader outside for a breath of fresh air and then took him off for a walk and a man-to-man chat, without aides, that set the course for arms reduction and charted the end of the Cold War. Here he reveals what went on behind his decision to enter politics and run for the governorship of California, the speech nominating Barry Goldwater that first made Reagan a national political figure, his race for the presidency, his relations with the members of his own cabinet, and his frustrations with Congress. He gives us the details of the great themes and dramatic crises of his eight years in office, from Lebanon to Grenada, from the struggle to achieve arms control to tax reform, from Iran-Contra to the visits abroad that did so much to reestablish the United States in the eyes of the world as a friendly and peaceful power. His narrative is full of insights, from the unseen dangers of Gorbachev's first visit to the United States to Reagan's own personal correspondence with major foreign leaders, as well as his innermost feelings about life in the White House, the assassination attempt, his family—and the enduring love between himself and Mrs. Reagan. *An American Life* is a warm, richly detailed, and deeply human book, a brilliant self-portrait, a significant work of history.

### **Nominations**

This volume examines the origins and early years of the Cold War in the first comprehensive historical reexamination of the period. A team of leading scholars shows how the conflict evolved from the geopolitical, ideological, economic and

sociopolitical environments of the two world wars and interwar period.

## **What We Have Done**

A speechwriter in the Reagan Administration describes life in and around the White House, the speechwriting process, and the experience of being a woman in a traditionally male environment.

## **Ronald Reagan's Crusade**

## **American Past and Present**

The American President's Cabinet examines the very different ways in which the seven presidents from Kennedy to Bush used the institution of the cabinet. It considers the way presidents appoint cabinet members as well as the conduct of cabinet meetings. It also studies the sometimes fraught relationships between the cabinet members, working in the various departments scattered throughout Washington, and those who work in the White House itself in the Executive Office of the President. A postscript on the Clinton cabinet is also included.

## **American Passages**

### **Im American Passages Brief**

Emphasizes the relevance of legal environment topics to business functions (e.g., marketing, finance, human resources, accounting, manufacturing). Excerpted cases include substantial portions of original language of the court and competing arguments. The text presents a strong emphasis on ethics, international law, environmental law, and women's legal concerns.

## **The Last Superpower Summits**

"Nothing about us without us" has been a core principle of American disability rights activists for more than half a century. It represents a response by people with disabilities to being treated with scorn and abuse or as objects of pity, and to having the most fundamental decisions relating to their lives--where they would live; if and how they would be educated; if

they would be allowed to marry or have families; indeed, if they would be permitted to live at all--made by those who were, in the parlance of the movement, "temporarily able-bodied." In *What We Have Done: An Oral History of the Disability Rights Movement*, Fred Pelka takes that slogan at face value. He presents the voices of disability rights activists who, in the period from 1950 to 1990, transformed how society views people with disabilities, and recounts how the various streams of the movement came together to push through the Americans with Disabilities Act of 1990, the most sweeping civil rights legislation since passage of the Civil Rights Act of 1964. Beginning with the stories of those who grew up with disabilities in the 1940s and '50s, the book traces how disability came to be seen as a political issue, and how people with disabilities--often isolated, institutionalized, and marginalized--forged a movement analogous to the civil rights, women's rights, and gay rights movements, and fought for full and equal participation in American society.

## **The Reagan Administration, the Cold War, and the Transition to Democracy Promotion**

During his two terms as the 40th President of the United States, Ronald Reagan kept a daily diary in which he recorded, by hand, his innermost thoughts and observations on the extraordinary, the historic, and the routine day-to-day occurrences of his presidency. Now, nearly two decades after he left office, this remarkable record—the only daily Presidential diary in American history—is available for the first time. Edited by historian Douglas Brinkley, *The Reagan Diaries* provides a striking insight into one of this nation's most important presidencies and sheds new light on the character of a true American leader. Whether he was in his White House residence study or aboard Air Force One, each night Reagan wrote about the events of his day, which often included his relationships with other world leaders and the unforgettable moments that defined the era. Seldom before has the American public been given access to the unfiltered experiences and opinions of a President in his own words. To read these diaries—filled with Reagan's trademark wit, sharp intelligence, and humor—is to gain a unique understanding of one of the most beloved occupants of the Oval Office in our nation's history.

## **U.S. History**

"REA: the test prep AP teachers recommend."

## **The Americans**

This student resource guide is organized by chapter and contains chapter outlines, essay questions, identification items, objective questions, and map exercises which are intended to aid in the student's understanding of the material.

## **A Patriot's History of the United States**

A thorough examination of the significance of President Reagan's domestic policies.

## **The Imperial Presidency**

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

## **When Things Went Right**

When Things Went Right is a colorful and insightful portrait of Washington at the beginning of the Reagan-Bush era (November 1980–March 1983) as lived and recorded by an insider in his personal journal. Chase Untermeyer was a Texas state legislator and former journalist when called to national service by his friend and mentor George H. W. Bush after the 1980 election. In his journal entries and subsequent annotations he describes how the Reagan Administration began to grapple with the major national and international challenges it inherited. He also reveals specifically how then-Vice President Bush, Reagan's former rival, became a valued participant in this effort, in the process solidifying the vice presidency as a significant position in modern American government. As executive assistant to the Vice President, Untermeyer saw how Bush, Reagan, and their top associates began asserting conservative principles on domestic, political, and foreign affairs. He captured in his journal not just the events of each day but also the atmosphere, the key personalities, and the witty, trenchant, and revealing things they said. The book's long-lasting value will be in providing historians of the period with telling anecdotes and quotations that were caught and preserved with a reporter's eye and ear. In addition to perceptive portraits of Reagan and Bush, When Things Went Right also features numerous cameo appearances by such diverse characters as Margaret Thatcher, Pope John Paul II, Emperor Hirohito of Japan, Clare Boothe Luce, and jazz great Lionel Hampton. For those who look back on the presidencies of Reagan and Bush with nostalgia and respect, and also for those interested in the inner workings of the administration during its earliest days, this is the story of the time "when things went right."
