are based on GPAs earned in prerequisite courses and application essays. For more information, contact a UW Engineering adviser at (206) 543

### **Why UW Engineering? | UW College of Engineering**

Computer Applications in Engineering Education provides a forum for publishing peer-reviewed timely information on the innovative uses of computers, Internet, and software tools in engineering education. Read the journal's full aims and scope Meet Magdy Iskander, Editor-in-Chief of Computer Applications in Engineering Education

### **Computer Applications in Engineering Education**

The computer helps in providing a lot of facilities in the education system. The computer provides a tool in the education system known as CBE (Computer Based Education). CBE involves control, delivery, and evaluation of learning. Computer education is rapidly increasing the graph of number of computer students. There are a number of methods in which educational institutions can use a computer to educate the students.
