The Young Lawyer's Jungle Book

In Creativity as Co-Therapist, experienced psychotherapist and creativity expert, Lisa Mitchell, bridges the gap between theoretical knowledge and therapeutic application by teaching psychotherapists of all backgrounds to see therapy as their art form. Readers are guided through the five stages of the creative process to help them understand the complexities of approaching their work creatively and to effectively identify areas in which they tend to get stuck when working with clients. Along the way workbook assignments, case studies, personal stories, and hands-on art directives will inspire the reader to think outside the box and build the creative muscles that hold the key to enlivening their work.

The Complete Idiot's Guide to PCs

One of Fuller's most popular works, Operating Manual for Spaceship Earth, is a brilliant synthesis of his world view. In this very accessible volume, Fuller investigates the great challenges facing humanity. How will humanity survive? How does automation influence individualization? How can we utilize our resources more effectively to realize our potential to end poverty in this generation? He questions the concept of specialization, calls for a design revolution of innovation, and offers advice on how to guide "spaceship earth" toward a sustainable future. Description by Lars Muller Publishers, courtesy of The Estate of Buckminster Fuller

InCider

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.
