The First Letter to the Corinthians

No two works in the Pauline Epistles resemble each other as closely as Colossians and Ephesians. Often recognized for their majestic tone and powerful theological statement, Colossians and Ephesians also present many challenges of interpretation. Most commentaries on these letters seem preoccupied with the same few issues, particularly the question of authorship. As MacDonald addresses these classic questions, she offers a fresh perspective on Colossians and Ephesians by making use of insights from the social sciences. Moreover, by paying attention to subtle differences between the two letters, she brings their distinct perspectives into sharp relief. MacDonald highlights the interplay between Colossians and Ephesians and the social life of New Testament communities. She illustrates how the texts reflect ancient cultural values and are influenced by particular aspects of community life such as worship and household existence. In particular, she reflects on the issues faced by these communities as they formed institutions and interacted with the society around them. She shows the struggles of the New Testament communities to survive and maintain a distinct identity in first-century society. Margaret Y. MacDonald is a professor in the department of religious studies at St. Francis Xavier University in Nova Scotia. She and Carolyn Osiek have coauthored (with Janet H. Tulloch) *A Women's Place: House Churches in Earliest Christianity* (Fortress, 2006). Her research has been supported by the Social Sciences and Humanities Research Council of Canada.

Women Praying and Prophecy in Corinth

"A Michael Glazier book." Includes bibliographical references and indexes.

The Warrior Heart Practice

In First Corinthians, Paul makes two conflicting statements about women's speech: He crafts a difficult argument about whether men and women should cover their heads while praying or prophesying (11:2-16) and instructs women to be silent in the assembly (14:34-35). These two statements bracket an extended discussion about inspired modes of speech - prophecy and prayer in tongues. From these exegetical observations, Jill E. Marshall argues that gender is a central issue throughout 1 Corinthians 11-14 and the religious speaking practices that prompted Paul's response. She situates Paul's arguments about prayer and prophecy within their ancient Mediterranean cultural context, using literary and archaeological evidence, and examines the differences in how ancient writers described prophetic speech when voiced by a man or a woman.

With this new lectionary commentary series, Westminster John Knox offers the most extensive resource for preaching on the market today. When complete, the twelve volumes of the series will cover all the Sundays in the three-year lectionary cycle, along with movable occasions, such as Christmas Day, Epiphany, Holy Week, and All Saints' Day. For each lectionary text, preachers will find four brief essays--one each on the theological, pastoral, exegetical, and homiletical challenges of the text. This gives preachers sixteen different approaches to the proclamation of the Word on any given occasion. The editors and contributors to this series are world-class scholars, pastors, and writers representing a variety of denominations and traditions. And while the twelve volumes of the series will follow the pattern of the Revised Common Lectionary, each volume will contain an index of biblical passages so that nonlectionary preachers, as well as teachers and students, may make use of its contents.

"One of the most exciting of Paul's letters, First Corinthians offers a vantage point from which modern readers can reflect on the diversity in Christian churches today. In First Corinthians, Raymond Collins explores that vantage point as well as the challenge Paul posed to the people of his time - and continues to pose in ours - to allow the gospel message to engage them in their daily lives."--P. Now Available in Paperback! Second Corinthians is often regarded as the most personal of Paul's letters. In this letter Paul more than once fiercely counters the attacks of his opponents. He extensively describes both the quality and circumstances of his apostolic existence: the sufferings he endures, the opposition he encounters, and his continual care for the churches. Second Corinthians is, therefore, highly significant theologically as well as autobiographically. This letter is an especially important document because of Paul's ongoing reflection on his ministry. It is both profound in its content and style for its original audience as well as for today's readers. It is a message that is relevant to Christians today. Jan Lambrecht, SJ, is professor emeritus of New Testament and biblical Greek at the Catholic University of Leuven, Belgium. "

The Gospel of Luke

In Bartchy's Harvard dissertation, a thorough investigation into the character of slavery in first-century Greece serves as the basis for a rethinking of Paul's advice to slaves in 1 Corinthians 7:21. Such a rethinking also sheds light on Paul's more general concern that the Corinthian Christians find their identity in their calling as followers of Jesus rather than in their circumstances of race, gender, or socio-

political status.

Sacra Pagina: Second Corinthians

This thorough commentary presents a coherent reading of 1 Corinthians, taking full account of its Old Testament and Jewish roots and demonstrating Paul's primary concern for the unity and purity of the church and the glory of God. Roy Ciampa and Brian Rosner's well-informed, careful exegesis touches on an astonishingly wide swath of important yet sensitive issues, reinforcing the letter's ongoing theological and pastoral significance.

A revolutionary process based on the four chambers of the heart and rooted in Toltec wisdom that brings emotional clarity, healing, and freedom The Warrior Heart Practice is a powerful new method to reconnect with our sense of authenticity and inner-knowing and realign with our true nature. Author of the bestselling book Warrior Goddess Training, HeatherAsh Amara has trained extensively in the Toltec tradition under the tutelage of don Miguel Ruiz, author of The Four Agreements. The Warrior Heart Practice is a revolutionary system based on the four chambered structure of the human heart. Walking through each of the

four chambers—Feeling, Story, Truth, and Intent—readers learn to take stock of their current emotional and mental state and reframe their situation in a new healing light. The process begins in the Feeling chamber as readers accept the emotions they are currently experiencing without fighting or judging them. It then continues into the next chamber as readers witness the Story that they are telling themselves. In the Truth chamber, they learn to thoughtfully and objectively evaluate the reality of the situation. In the final chamber, they learn to define and focus their Intent. The last phase of the practice is the most profound—taking the knowledge they have gathered from the four chambers, readers then walk backwards through each of the four chambers, refocusing their Intent, Truth, Story, and Feelings based on what they've learned during the process. The Warrior Heart Practice leads to deep insights as readers learn to step outside of their preconceptions to realign with their true purposes and goals.

This study shows that the common view of 1 Corinthians as mainly about 'ethics' and therefore of little importance for 'theology' needs correcting. Furnish argues that 1 Corinthians is an even better place to take the apostle's theological pulse than the allegedly 'more theological' letters to the Galatians and Romans, because here it is especially evident how his thinking about the gospel took place within the crucible of his missionary and pastoral labours. Paul's complex theological legacy is not a systematic theology or even the basis for constructing a theological system. However, we come close to the heart of Paul's legacy in his clear-sighted identification of the gospel with the saving power of God's love as disclosed in Christ, and his insistence that those who are called to belong to Christ are thereby summoned to be agents of God's love wherever in the world they have received that call.

Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader

through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

The Theology of the First Letter to the Corinthians

The Johannine Epistles are today read as an important part of the Johannine literature. Yet the meaning of the text is often unclear. Part of the problem arises because, although 1 John is called an Epistle, it lacks the formal marks of an Epistle. In 1, 2, and 3 John, John Painter illuminates the relationship 1, 2, and 3 John have to each other and to the Gospel. Painter explains the historical context of the Johannine Epistles using a socio-rhetorical approach. The writings are shown to reflect a situation of conflict and schism within the Johannine community; they seek to persuade the readers of the truth of the writer's message. In this truth, the readers are encouraged to abide if they would have the assurance of eternal life. Painter also examines the inseparable connection between belief and ethical life in

active love for one another. Through the socio-rhetorical approach Painter brings to light the continuing relevance of these writings. 1, 2, and 3 John is divided into two parts. Chapters under 1 John are Introduction to the Exegesis of 1 John," *Outline of 1 John, - *First Presentation of the Two Tests(1:6-2:27), - *Excursus: Sin and Sinlessness, - *Excursus: Love of the Brother/Sister: of One Another, - *Excursus: The Antichrist, - *Second Presentation of the Two Tests (2:28-4:6), - *Third Presentation of the Two Tests (4:7-5:12), - *Conclusion (5:13-21), and *Excursus: 'A Sin Unto Death.' - Chapters under 2 and 3 John are *2 John, - *Introduction to the Exegesis of 2 John, - *Outline of 2 John, - *Prescripti 2 John 1-3, - *Body of the Letter (4-11), - *Notice of Intention to Visit (12), - and *Final Greetings (13), - *3 John, - *Introduction to the Exegesis of 3 John, - *Outline of 3 John, - *Prescript: 3 John 1-2, - *Body of Letter (3-12), - and *Final Greetings (13-15). - John Painter is the Foundation Professor of Theology at Charles Sturt University in Canberra, Australia. This book is written with the sincere conviction that it will convey a message other than the one we have been led to accept about Biblical and other ancient texts. It may change your experience in the way you view life and the concept of God and religion, as well as your relationship with those beliefs. This book is about ancient principles contained in the Bible and many other documents inscribed long ago,

such as the Nag Hammadi Library and the Dead Sea Scrolls. Words paint mental pictures that enfold in our minds, and we call this "getting answers." At times, we take these images as the only truth there is, since we can see or imagine it. We base this personally conceived truth on what we learn in life. Should we not ask ourselves: what if all this is based on falsehoods? These mental illustrations - that we call "thoughts" - are founded solely on what we have seen or read. Most of the time, we compare them, and in this fashion, we develop personal beliefs according to our choices. This practice is not specifically reserved for the individual. It spreads throughout our society, when each and every human experiences the same event or feeling, or reads a similar book. As a result, the collective mindset - sometimes called the "over mind" - now generates large-scale belief systems that, in time, we have termed as "religion." Entire nations have been known to bond in the same creed. Even when founded with the best of intentions, these systems tend to bind us as a group, with one mindset going in one direction, while offering no other alternatives. In some respects, this direction may not necessarily be the best or ideal goal toward which we can journey. It does limit us in the centuries-old matter pertaining to God or the God Head, and it affects our individual experience. It also influences what we know about the ancient teachers and prophets of long ago.

In 1992, Lois Duncan, acclaimed author of fictional suspense novels, wrote a horror story she could never have imagined writing—a true account of the murder of her own daughter, Kaitlyn Arquette. Kait, 18, was shot to death as she drove home from a friend's house on a Sunday evening in Albuquerque, New Mexico. Police closed the unsolved case as a “random shooting,” refusing to accept information that indicated otherwise, although it had all the earmarks of a professional hit. That first book, *WHO KILLED MY DAUGHTER?*, was Duncan's desperate attempt to motivate informants and prevent the facts of Kait's story from becoming buried. It turned out to accomplish much more than that. Duncan's new book, *ONE TO THE WOLVES: ON THE TRAIL OF A KILLER*, is even more horrifying than its predecessor as new information poured in, the family ran for their lives, and their original

suspicions turned out to be the tip of an iceberg so immense that Kait, herself, could not have known how dangerous the information was that she had been sitting on in order to protect a now-estranged boyfriend. Since Kait didn't live to reveal it, her mother now does so in a book so intense and yet so painfully human that the reader will never forget it. All of the elements of a suspenseful mystery are here--intrigue, turns and twists, cover-ups, and page-turning action. The sobering fact is that, this time, the story isn't fiction.
