Chilton's Auto Repair Manual

Chilton's Auto Repair Manual, 1985

Live theatre is an exciting, challenging profession - but how is professional theatre actually made? What are the roles and what does each person do? Which pathways lead into the profession? What skills are necessary to each role and how does the job differ according to the size of theatre or company? Written by the Acting Head of the Young People's Programme at the Royal Shakespeare Co. and former Director of Education at the Bristol Old Vic, this is a book for new entrants in the theatre industry needing a behind-the-scenes glimpse into how theatre is made. It covers each role including director, designer, sound and lighting, front of house, playwright and many more. Each chapter looks in detail at what each role entails, the main people who it involves working alongside and the skills required. Interviews with a number of key practitioners for each role provide authoritative and clear advice and insight for the reader. The book features interviews with all of the following and many more besides: Nick Hytner (National Theatre), Simon Reade (Bristol Old Vic), Mike Shepperd (founder and performer, Kneehigh), Emma Rice (Artistic Director, Kneehigh), Rachel Kavanaugh (Birmingham Rep), Tim Crouch (Writer/Director/Performer), Anne Tipton (Director), Stephen Jeffries (Playwright), David Edgar (Playwright) and Jack Bradley (Literary Manager).

Stage Lighting: The Technicians' Guide

This practical guide covers all aspects of stage lighting equipment, special effects, lighting a performance space and lighting design. It is well illustrated with examples of equipment, diagrams, plans and technical data. It also features the work of current lighting designers. The associated video content shows the practical use of equipment and different lighting techniques and effects. It provides easy access to the content through the use of tabulated sections and keyword headings. The information in each chapter is presented at three levels which run visually throughout the guide enabling students to mix and match their own personal level of study or for practitioners to fast track through to the information they need on stage. This new and revised second edition brings the guide right up to date, and includes all new material on the development of LED lighting in recent years, as well as online video resources.

Organizational Maintenance Manual for Truck Tractor, 10-ton, 6x6, M123 (2320-395-1875), M123C (2320-294-9552), M123A1C (2320-226-6081), M123E2 (2320-879-6177), and Truck, Cargo, 10-ton, 6x6, M125 (2320-219-7340).

A Guide to Dance Production

DIVThe Black & Decker Complete Guide to Wiring has been America's best-selling consumer wiring book for more than a decade, with previous editions selling more than 1 million copies. This fifth edition has been updated to comply with 2011-2013 National Electrical Codes. It also includes all-new information on solar electricity, grounding an upgraded electrical service system, emergency back-up electrical power and much more. A bonus computer/smartphone link takes you to 60 minutes of how-to video featuring common home wiring projects./div
