In this “heartrending, passionate, and surprisingly humorous account of the conjunction between art and death” (Andrew Solomon, New York Times bestselling author), acclaimed opera singer Charity Tillemann-Dick recounts her remarkable journey from struggling to draw a single breath to singing at the most prestigious venues in the world after receiving not one but two double lung transplants. Charity Tillemann-Dick was a vivacious young American soprano studying at the celebrated Franz Liszt Academy of Music in Budapest when she received devastating news: her lungs were failing, her heart was three and a half sizes too big, and she would die within five years. Medical experts advised Charity to abandon her musical dreams, but if her time was running out, she wanted to spend it doing what she loved. In just three years, she endured two double lung transplants and had to slowly learn to breathe, walk, talk, eat, and sing again. With new lungs and fierce determination, she eventually fell in love, rebuilt her career, and reclaimed her life. More than a decade after her diagnosis, she has a chart-topping album, performs around the globe, and is a leading voice for organ donation. Weaving Charity’s extraordinary tale of triumph with those of opera’s greatest heroines, *The Encore* illuminates the indomitable human spirit and is “an uplifting story of overcoming significant odds to fulfill a dream” (Kirkus Reviews).

Standard Catalog of American Cars, 1976-1986

“They hated us and started throwing cups, bottles, change, chairs, and anything that wasn’t nailed down.” —Dean Ween This hilarious, sometimes horrifying, collection spans four decades and chronicles the craziest, druggiest, and most embarrassing concert moments in music history—direct from the artists who survived them. “In the midst of my insanity, I thought it would be a very romantic gesture to go into Fiona Apple’s dressing room and write a message on her wall in my own blood.” —Dave Navarro From wardrobe malfunctions to equipment failures, from bad decisions to even worse choices, this is a riveting look into what happens when things go wrong onstage and off. “Ozzy had a sixty-inch teleprompter with the song lyrics, and that got stolen, along with microphones, snare drums and cymbals. Our drummer at the time was stabbing people in the neck with his drumstick.” —Zakk Wylde *No Encore!* is an unflinchingly honest account of the shows that tested the dedication to a dream—from Alice Cooper’s python having a violent, gastric malfunction on stage to Lou Barlow’s

disastrous attempt to sober up at Glastonbury, from Shirley Manson's desperate search for a bathroom to the extraordinary effort made to awaken Al Jourgenson as Ministry was taking the stage. As Hunter S. Thompson famously wrote, "Buy the ticket, take the ride." "I go to exit the venue, and there's 25 people marching towards us. It's about 3:00 AM, and they weren't there to be nice. They were carrying bats, boards, chains, hammers, and they were coming for us." —Dee Snider

Yale Needs Women

Schwann CD.

"Perkins makes the story of these early and unwitting feminist pioneers come alive against the backdrop of the contemporaneous civil rights and anti-war movements of the 1970s, and offers observations that remain eerily relevant on U.S. campuses today."
—Edward B. Fiske, bestselling author of *Fiske Guide to Colleges* "If Yale was going to keep its standing as one of the top two or three colleges in the nation, the availability of women was an amenity it could no longer do without." In the winter of 1969, from big cities to small towns, young women across the country sent in applications to Yale University for the first time. The Ivy League institution dedicated to graduating "one thousand male leaders" each year had finally decided to open its doors to the nation's top female students. The landmark decision was a huge step forward for women's equality in education. Or was it? The experience the first undergraduate

women found when they stepped onto Yale's imposing campus was not the same one their male peers enjoyed. Isolated from one another, singled out as oddities and sexual objects, and barred from many of the privileges an elite education was supposed to offer, many of the first girls found themselves immersed in an overwhelmingly male culture they were unprepared to face. *Yale Needs Women* is the story of how these young women fought against the backward-leaning traditions of a centuries-old institution and created the opportunities that would carry them into the future. Anne Gardiner Perkins's unflinching account of a group of young women striving for change is an inspiring story of strength, resilience, and courage that continues to resonate today.

In September 1968, four English lads gathered together for the first time in a small, stuffy London rehearsal room in a basement filled with wall-to-wall

amplifiers. It was their first big tryout as musicians, and each of them was nervous. Would they come together as a band? Or would they crash and burn, becoming nothing but a rock footnote? Then the room exploded, with wailing chords, howling vocals, and a locked-tight rhythm section—a sonic assault of heretofore unknown power. Here for the first time was Led Zeppelin: the screaming rock guitar of Jimmy Page, the scorching blues vocals of Robert Plant, the driving jazz bass of John Paul Jones, and the power drumming of John Bonham. The session was amazing, electrifying, and stunning. The Zepp had arrived. There was no turning back. And rock entertainment would never be the same again. Told by the band, the musicians, the groupies, and the fans themselves, this chronicle of one of rock's greatest and most innovative bands comes alive with the hiss of turntables, the sweat of the crowd at the Fillmore East, the hustle and bustle of backstage life, and the electricity of small clubs where rock history was about to be made. It's a story about a band's influence on two impressionable guys, and the countless others who came to get the Led out and stayed to become part of rock 'n' roll legend. "At the epicenter of Fleetwood Mac's inner circle, Carol Ann Harris experienced all of the brightness and darkness of the rock 'n' roll lifestyle. She has brought it to life in a beautifully written, passionate classic."

--Danny Goldberg; Fleetwood Mac insider; former head of Atlantic, Modern, Mercury, and Warner Bros; and author, *How the Left Lost Teen Spirit* As the girlfriend of Lindsey Buckingham, Fleetwood Mac's singer and guitarist, Carol Ann Harris was the consummate insider. Here she leads fans into the very heart of the band's storms between 1976 and 1984. From interactions between the band and other stars--Mick Jagger, Eric Clapton, and Dennis Wilson--to the chaotic animosity between band members, this memoir combines the sensational account of some of the world's most famous musicians with a thrilling love story. Illustrated with never-before-seen photographs, the parties, fights, drug use, shenanigans, and sex lives of Fleetwood Mac are presented in intimate detail. With the exception of one brief interview, Carol Ann Harris has never before spoken about her time with Fleetwood Mac.

Chronicle of the Horse

Cabdrivers and their yellow taxis are as much a part of the cityscape as the high-rise buildings and the subway. We hail them without thought after a wearying day at the office or an exuberant night on the town. And, undoubtedly, taxi drivers have stories to tell—of farcical local politics, of colorful passengers, of changing neighborhoods and clandestine shortcuts. No one knows a city's streets—and thus its heart—better than its cabdrivers. And from behind the wheel of his taxi, Dmitry Samarov has seen more of Chicago than most Chicagoans will hope to experience in a lifetime. An artist and painter trained at the School of the Art Institute of Chicago, Samarov began driving a cab in 1993 to make ends meet, and he's been working as a taxi driver ever since. In *Hack: Stories from a Chicago Cab*, he recounts tales that will delight, surprise, and sometimes shock the most

seasoned urbanite. We follow Samarov through the rhythms of a typical week, as he waits hours at the garage to pick up a shift, ferries comically drunken passengers between bars, delivers prostitutes to their johns, and inadvertently observes drug deals. There are long waits with other cabbies at O'Hare, vivid portraits of street corners and their regular denizens, amorous Cubs fans celebrating after a game at Wrigley Field, and customers who are pleasantly surprised that Samarov is white—and tell him so. Throughout, Samarov's own drawings—of his fares, of the taxi garage, and of a variety of Chicago street scenes—accompany his stories. In the grand tradition of Nelson Algren, Saul Bellow, Mike Royko, and Studs Terkel, Dmitry Samarov has rendered an entertaining, poignant, and unforgettable vision of Chicago and its people.
