#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the hourlong Netflix special Brené Brown: The Call to Courage! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven

years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

Fable, the Lost Chapters

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws

teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

The Lord himself will come down from heaven. We will hear a loud command. We will hear the voice of the leader of the angels. We will hear a blast from God’s trumpet. We will be taken up in the clouds. We will meet the Lord in the air. And we will be with him forever. (1 Thessalonians 4:16–17, NIV) Many are waiting for the return of Jesus Christ. But what if it’s already happened? Rapture is the biblical prophecy of Christ’s promise to physically return to the earth and gather his followers to meet him in the sky and be granted eternal life in heaven. In *A Beginner’s Guide to the Rapture: The History of Christ’s Return*, Greg Legge presents a thorough study of historical evidence to argue that Christ fulfilled this promise nearly two thousand years ago. Legge makes a

compelling argument that the rapture has come and gone by pairing history with relevant biblical scripture. From analyzing the works of 19th century Adventists to detailing the lives of the 1st century leaders of the Roman Empire, Legge proves that what society has come to assume about the Second Coming may be completely wrong.

Her own home and clan are long-faded memories, but the sacred symbols and staves inked over every inch of her skin mark her as one who can cast the rune stones and see into the future. She has found a fragile place among those who fear her, but when two clans to the east bury their age-old blood feud and join together as one, her world is dangerously close to collapse. For the first time in generations, the leaders of the Svell are divided. Should they maintain peace or go to war with the allied clans to protect their newfound power? And when their chieftain looks to Tova to cast the stones, she sets into motion a series of events that will not only change the landscape of the mainland forever but will give her something she believed she could never have again—a home.

The Classic Myths in English Literature and in Art

James Shirley was born in London in September 1596. His education was through a collection of England's finest establishments: Merchant Taylors' School, London, St John's College, Oxford, and St Catharine's College, Cambridge, where he took his B.A. degree in approximately 1618. He first published in 1618, a poem entitled *Echo, or the Unfortunate Lovers*. As with many artists of this period full details of his life and career are not recorded. Sources say that after graduating he became "a minister of God's word in or near St Albans." A conversion to the Catholic faith enabled him to become master of St Albans School from 1623-25. He wrote his first play, *Love Tricks, or the School of Complement*, which was licensed on

February 10th, 1625. From the given date it would seem he wrote this whilst at St Albans but, after its production, he moved to London and to live in Gray's Inn. For the next two decades, he would write prolifically and with great quality, across a spectrum of thirty plays; through tragedies and comedies to tragicomedies as well as several books of poetry. Unfortunately, his talents were left to wither when Parliament passed the Puritan edict in 1642, forbidding all stage plays and closing the theatres. Most of his early plays were performed by Queen Henrietta's Men, the acting company for which Shirley was engaged as house dramatist. Shirley's sympathies lay with the King in battles with Parliament and he received marks of special favor from the Queen. He made a bitter attack on William Prynne, who had attacked the stage in *Histriomastix*, and, when in 1634 a special masque was presented at Whitehall by the gentlemen of the Inns of Court as a practical reply to Prynne, Shirley wrote the text-*The Triumph of Peace*. Shirley spent the years 1636 to 1640 in Ireland, under the patronage of the Earl of Kildare. Several of his plays were produced by his friend John Ogilby in Dublin in the first ever constructed Irish theatre; *The Werburgh Street Theatre*. During his years in Dublin he wrote *The Doubtful Heir*, *The Royal Master*, *The Constant Maid*, and *St. Patrick for Ireland*. In his absence from London, Queen Henrietta's Men sold off a dozen of his plays to the stationers, who naturally, enough published them. When Shirley returned to London in 1640, he finished with the Queen Henrietta's company and his final plays in London were acted by the King's Men. On the outbreak of the English Civil

War Shirley served with the Earl of Newcastle. However when the King's fortunes began to decline he returned to London. There his friend Thomas Stanley gave him help and thereafter Shirley supported himself in the main by teaching and publishing some educational works under the Commonwealth. In addition to these he published during the period of dramatic eclipse four small volumes of poems and plays, in 1646, 1653, 1655, and 1659. It is said that he was "a drudge" for John Ogilby in his translations of Homer's Iliad and the Odyssey, and survived into the reign of Charles II, but, though some of his comedies were revived, his days as a playwright were over. His death, at age seventy, along with that of his wife, in 1666, is described as one of fright and exposure due to the Great Fire of London which had raged through parts of London from September 2nd to the 5th. He was buried at St Giles in the Fields, in London, on October 29th, 1666.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question

whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
