Pitman's Journal of Commercial Education

Accents on Artists

The most authoritative and easy-to-use Bible pronunciation guide available--for use with any version of the Bible in English.

A Gaelic Alphabet

The Oxford BBC Guide to Pronunciation is the ideal source for finding out how to pronounce controversial or difficult words and names. The unique combination of the BBC's worldwide expertise in pronunciation with OUP's experience in reference publishing provides a popular and accessible guide to this tricky area.

Victorian & Edwardian Fashion

Like the other titles in Bowkers's Buying Guide series, it will be extremely useful. Booklist Topical Reference Books selects and recommends today's best specialized reference books. It gives librarians and teachers the help they need to make

sound choices in a wide range of subject areas. It provides the titles, authors, publishers and ordering information for building strong collections of essential works, preparing for classes, or researching particular subjects. This book offers expert evaluations of over 2,000 preferred titles in 50 categories, from Advertising and Aging to Women's Studies and Zoology. In each category, you'll find:

- *Headnotes that provide background and suggestions for collection development
- *Core Titles that identify the most significant books
- *At-A-Glance charts to help you determine the suitability of particular works.

Fun With Scrabble Homonyms and Beyond: Guide to Pronunciation

A Simple Approach to French Pronunciation is a simple yet accurate guide to the nuances and intricacies of pronunciation of the French language. Most so-called pronunciation guides are either overly complex or too short and inaccurate. With this guide, you will master the art of French pronunciation, regardless of your French-language ability. A Simple Approach to French Pronunciation contains:

- * Clear, concise, and easy-to-read tables outlining phonic and phonetic similarities between words and letters
- * Practice sentences with accompanying sound files to check your pronunciation
- * Explanations of how sounds change based on context

Author Loren E. Pedersen, Ph.D., has painstakingly compiled all the minutiae of French pronunciation in one all-encompassing guide aimed at anyone studying French as a second language. Show off your mastery of French sounds, and speak the language with pride and confidence!

American Hospital English (AHE)

"This course offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides:

- an overview of teaching issues from the perspective of different methodologies and second language acquisition research
- innovative teaching techniques
- a thorough grounding in the sound system of North American English
- insight into how this sound system intersects with spelling, morphology, listening, and discourse
- diagnostic tools and assessment measures
- suggestions for syllabus design.

Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"--Publishers's website.

The Sounds of Korean

A revised and updated guide to reference material. It contains selective and evaluative entries to guide the enquirer to the best source of reference in each subject area, be it journal article, CD-ROM, on-line database, bibliography, encyclopaedia, monograph or directory. It features full critical annotations and reviewers' comments and comprehensive author-title and

subject indexes. The contents include: philosophy and psychology; religion; social sciences, sociology, statistics, politics, economics, labour and employment; land and property, business organizations, finance and banking, and economic surveys; economic policies and controls, trade and commerce, business and management, and law; public administration, social services and welfare, education, customs and traditions; geography; biography; and history.

Reference Books Bulletin

The HarperCollins Bible Pronunciation Guide

Clear English Pronunciation

Presents an annotated bibliography of general and subject reference books covering the humanities, social and behavioral sciences, history, science, technology, and medicine.

The Life Intended

Sliding Doors meets P.S. I Love You in this richly told novel from the author of The Sweetness of Forgetting about the struggle to overcome the past when our memories refuse to be forgotten. After her husband's sudden death over ten years ago, Kate Waithman never expected to be lucky enough to find another love of her life. But now she's planning her second walk down the aisle to a perfectly nice man. So why isn't she more excited? At first, Kate blames her lack of sleep on stress. But when she starts seeing Patrick, her late husband, in her dreams, she begins to wonder if she's really ready to move on. Is Patrick trying to tell her something? Attempting to navigate between dreams and reality, Kate must uncover her husband's hidden message. Her quest leads her to a sign language class and into the New York City foster system, where she finds rewards greater than she could have imagined.

The Practice of Journalism

ACCENT ON ARTISTS (a Fact-Filled Pronunciation Guide to over 800 artists' names you should know) published by Art 'N Facts, Inc. Whether you work in museums, broadcasting or the print media, or are simply an art lover, you will value this book as a quick & comprehensive guide to the top names in fine art, photography, video & architecture. Oxford BBC Guide to Pronunciation

How to Pronounce Drug Names: A Visual Approach to Preventing Medication Errors

Vogue called Elsa Schiaparelli a genius madder and more original than her contemporaries, championing and illustrating her designs from the first picture of the revolutionary Bow Knot sweater in 1927 through to the Surrealist Tear Dress and Shoe Hat of the late 1930s

Creole Made Easy

This all-new edition, perfect for those travelling Down Under for the 2000 Olympics, offers more vivid profiles than ever before, and covers everything from bush ballad sing-alongs at the Argyle Tavern in Sydney to the charming Barton Cottage in Tasmania.

Pronunciation Guide for Choral Literature

This is a picture dictionary-style book for anyone interested in the type of English language used in American hospitals. Arranged alphabetically, each of its 26 chapters is devoted to one letter of the English alphabet. The content of the images includes abbreviations, anatomy, clothing and personal hygiene, cultural trivia, descriptors, disease, equipment, food, medications, months of the year, numbers, procedures, shapes and signs. Each item is accompanied by a definition, phonetic spelling and sample sentence. Images are situated on one half of each page, with text on the other. An index in the back of the book can be used as a cross-reference tool and to help locate words quickly. Many of the phrases resemble those that may be encountered during classes or examinations for various healthcare occupations. It can be useful as a reference tool or exercise book by professionals as well as non-professionals. It is designed to be an introduction to hospital

work and language for all levels of native and non-native speakers of English.

Reference and Subscription Books Reviews

Anyone called upon to read from the Lectionary at Mass will appreciate LTP's Pronunciation Guide for the Lectionary. Like the first edition, it includes words from the full Lectionary for Mass-- Sundays, weekdays, ritual, and votive Masses. But LTP has added to this second edition the names of recently canonized saints for the United States and Canada and additional words suggested by readers. The easy-to-understand pronunciation aids have been updated. This resource will enrich anyone who reads, studies, and prays the Scriptures privately, but it will be especially helpful to liturgical ministers who proclaim the Word in the liturgy: readers, deacons, priests, and masters of ceremony. Knowing how to pronounce the words gives readers the confidence and freedom to be fully present to their ministries—to be a clear channel for God's Word to the assembly. Although readers who proclaim at Sunday Masses are usually assigned far ahead and expected to prepare their proclamations, weekday readers sometimes have less time to prepare. To make things more challenging, weekday readings often include difficult place names and personal names. Providing a copy of Pronunciation Guide for the Lectionary in the sacristy could be a great service to weekday readers—and to everyone else. Those who lead Bible study groups in parishes would also find this guide invaluable. Anyone who loves to read and discuss Scripture will want a copy handy at home.

Italian

French Orthoëpy; Or, The Certain Guide to an Accurate French Pronunciation

Focuses on the most challenging features of Korean pronunciation and pairs practice exercises with chapters on vowel and consonant sounds, and discusses the role of prosody in expressing meaning and emotion.

In the Know

There are still a few things money can't buy. Love is one, cool is another. But while love can be left to fate, cool doesn't need to be. Though it may seem like something you're born with, cool is actually a code, and you're holding the key to the code in your hands. It's all a matter of getting the right facts straight: Why is Jackson Pollock important? What handbag will get you upgraded at the airport? Who is Jacques Derrida and why does he matter? Covering everything from fashion and design to art and philosophy—all in entertaining, fact-filled bites—Nancy MacDonell has assembled the ultimate cheat

sheet. In the Know is nothing less than a one-volume guide to navigating life with style and flair.

Pronunciation Guide for the Lectionary

Provides pronunciations for most consonants and vowels in French, German, Hebrew, Italian, Latin, and Spanish. Includes the International Phonetic Alphabet, complete pronunciation rules for each language, and suggestions for further study. Appropriate for all levels.

Webb's Easy Bible Names Pronunciation Guide

For word nerds and grammar geeks, a witty guide to the most commonly mispronounced words, along with their correct pronunciations and pithy forays into their fascinating etymologies and histories of use and misuse. With wit and good humor, this handy little book not only saves us from sticky linguistic situations but also provides fascinating cocktail-party-ready anecdotes. Entries reveal how to pronounce boatswain like an old salt on the deck of a ship, trompe l'oeil like a bona fide art expert, and haricot vert like a foodie, while arming us with the knowledge of why certain words are correctly pronounced the "slangy" way (they came about before dictionaries), what stalks of grain have to do with pronunciation, and more. With bonus sidebars like "How to Sound like a Seasoned Traveler" and "How to Sound Cultured," readers will be able to speak about foreign foods and places, fashion, philosophy, and literature with authority.

Webster's American Family Dictionary

Webster's New Explorer Encyclopedic Dictionary

Few things are more publicly embarrassing than stumbling over a word during the readings at Mass. Avoid a fiasco by learning the correct pronunciation of hundreds of biblical names with Lector's Guide to Biblical Pronunciations, Updated. This very popular best seller has been completely updated and expanded to correspond with the new Lectionary. With nearly double the entries of the original edition, it is still the same small size that will fit neatly into your pocket, purse, or out of sight on the Ambo. So reasonably priced, every lector should have his or her own copy.

Fast Answers to Common Questions

A guide to more than 4,500 commonly asked reference questions on a variety of subjects.

Topical Reference Books

Introduces readers to the Italian language, with information about where it is spoken, who speaks it, and what alphabet it uses, as well as lessons of basic Italian phrases.

Lector's Guide to Biblical Pronunciations

This practical introduction to word history investigates every aspect of where words come from and how they change. Philip Durkin, chief etymologist of the Oxford English Dictionary, shows how different types of evidence can shed light on the myriad ways in which words change in form and meaning. He considers how such changes can be part of wider linguistic processes, or be influenced by a complex mixture of social and cultural factors. He illustrates every point with a wide range of fascinating examples. Dr Durkin investigates folk etymology and other changes which words undergo in everyday use. He

shows how language families are established, how words in different languages can have a common ancestor, and the ways in which the latter can be distinguished from words introduced through language contact. He examines the etymologies of the names of people and places. His focus is on English but he draws many examples from languages such as French, German, and Latin which cast light on the pre-histories of English words. The Oxford Guide to Etymology is reliable, readable, instructive, and enjoyable. Everyone interested in the history of words will value this account of an endlessly fascinating subject.

Guide to Reference Books

Can you remember, pronounce, and spell the active ingredient in the last medicine you took or gave your child? If you're an administrator, can everyone in your facility who provides patients with medications spell and pronounce those medications correctly? If you have any doubt-whether you're reading this book in a doctor's office, a pharmacy, or a hospital room-I wrote this book for you. A revolution is happening in health care. In the past, nurses, pharmacists, and doctors spoke together at length with families about their concerns and medicines. But now, patients receive only distracted attention as their health professionals tangle with billing, electronic records, and insurance obstacles. This shortened communication frustrates doctors and patients who want to connect. Patients find themselves isolated because they don't speak the language of medicine. This book teaches you that language with plain English words.

Teaching Pronunciation

You're Saying It Wrong

A comprehensive list of 330,000 words in the English language and their definitions also includes separate sections listing biographical, Biblical, mythological, and geographical names; a handbook of style; synonyms and antonyms; and a pronunciation guide

A Simple Approach to French Pronunciation

NBC Handbook of Pronunciation

Who should use this guide? Anyone who desires to pronounce the names of people and places in the Bible with confidence.

Do you read passages of the Bible in public? This book is for you. In private devotions, do you gloss over the difficult names? This book is for you. This book was originally begun as a pronunciation guide for myself as I was recording the Douay-Rheims Audio Bible. When I was commissioned to do that work, I was surprised to find that there was apparently nothing currently in print specifically for the Douay-Rheims version that could help me to properly pronounce names of people and places. In order to expedite the narration, I began to compile a list of names and carefully researched pronunciations, and that list became the book that you now hold in your hands. Somewhere along the way, I decided to include the spellings and pronunciations of all the English translations I could find. As far as I know, every spelling of every name in every English translation of the Bible is included in this guide. Since the genesis of this guide was for the Douay-Rheims Audio Bible, which is a Catholic Bible, names included in the Apocrypha appear here as well. Great effort has been made to include every English Bible translation's names and places in this work. If the reader would be so kind as to write to me at info@EasyBibleNamesGuide.com if the reader is aware of omissions, I will include additions in subsequent editions of this guide. It is important to note that in my research, I became aware of the fact that there are differing opinions on the correct pronunciations of many of the names contained in the Bible. Often there really is no one "correct" way to pronounce a specific name. Languages do morph over time, and pronunciations can change. This guide includes the generally accepted pronunciations in the United States in the year 2012.

Complete Pronunciation Guide to Bible Names

Clear English Pronunciation provides students with the tools to effectively communicate in English without centring solely on native-speaker pronunciation models. The focus of the book is on individual pronunciation targets rather than a one-size-fits-all approach. Divided into four sections, each featuring detailed articulatory explanations, sample sentences, and recordings to help learners improve their pronunciation, this book: introduces the phenomenon of pronunciation as part of a broader communicative realm; explains and demonstrates the melody and rhythm of understandable and natural English pronunciation; supports students in identifying and practicing their own pronunciation issues. Supported by an interactive companion website which features recordings and expanded explanations of key topics, Clear English Pronunciation is an essential textbook for international learners of English who want to improve their pronunciation skills in diverse social settings. <https://www.universiteitleiden.nl/clearenglishpronunciation>

Choice

The most widely used introduction to Haitian Creole. A simple guide to Haitian Creole for English speaking people. The basic elements of Creole grammar and vocabulary in sixteen easy lessons. • How to pronounce Creole words. • Simple exercises with translation keys. • Dictionary of 4,700 Creole - English words. In less than an hour a day the short lessons will have you

speaking basic Creole in about a week. You will learn key Creole words, how to pronounce those words, and how to put those words together into useful sentences. This book is ideal for those who will visit or work in Haiti and desire to communicate with her people. "Creole Made Easy gets everything right. It's exactly the vocabulary and concepts you need, clearly explained, in just enough depth." -Carlo Diy, HaitiHub.com An audio pronunciation guide is available separately as a 2 CD set or as MP3 files.

The Oxford Guide to Etymology

The modern Gaelic alphabet has 18 letters - Gaelic simply needs a smaller alphabet to make its sounds. To pronounce Gaelic words correctly you need to know what the sounds of the letters are, particularly the sounds of combinations of letters. Using his knowledge of the conventions of the language and not a little humour, George McLennan offers a straightforward guide to the Gaelic alphabet. Placenames and surnames are used to illustrate particular pronunciations, in the expectation that most people will be familiar with them. Each letter is discussed separately. Combinations of consonants, eg chd, are dealt with or referred to under the first letter. The vowels are then done in alphabetical order as are groups of vowels. Like its successful companion volume Scots Gaelic an introduction to the basics, A Gaelic Alphabet will be of great help to learners and speakers of the language.
