While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's third edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

The new vol. 3 of the GAO and the President's Council on Integrity and Efficiency (PCIE) "Financial Audit Manual" (FAM). GAO and the PCIE issued the joint FAM in July 2001. The FAM presents a methodology to perform financial statement audits of fed. entities in accordance with professional standards. GAO has updated the FAM for significant changes that have occurred in auditing financial statements in the U.S. gov't. since the last major revisions to the FAM were issued in July 2004. These checklists are tools that may be used by entities and auditors to document conformity with U.S. generally accepted accounting principles (U.S. GAAP).
