Ford Ka (96-08).

To control the migration of radioactive and hazardous wastes currently contained underground, barriers made of natural materials and man-made substances are constructed atop, and possibly around, the contaminated area. Barrier Technologies for Environmental Management provides a brief summary of the key issues that arose during the Workshop on Barriers for Long-Term Isolation. Recurring themes from the session include the importance of quality control during installation, followed by periodic inspection, maintenance, and monitoring, and documentation of installation and performance data. The book includes papers by the workshop presenters.

Can a loner vampire and outcast wolf find love in Lori Devoti's Moon Rising? The discovery of lost treasure imperils the fragile peace between the vampire and werewolf populations. Especially when werewolf Cece Parks and vampire Marc Delacroix arrive at the remote site with the same agenda--to claim the loot. But when suspicious deaths begin occurring, the enemies must band together to solve the mystery. The truth proves far more complicated than either can imagine. Especially when Marc finds himself inexplicably drawn to Cece. For once in his long life he wants nothing more than to be with--and protect--the werewolf. Now loyalty to his race and his forbidden desire are about to collide.

Taking the Enlightenment and the feminist tradition to which it gave rise as its historical and philosophical coordinates, *Feminism and the Politics of Travel* After the Enlightenment explores the coincidence of feminist vindications and travel in the late eighteenth and nineteenth centuries, the way travel's utopian dimension and feminism's utopian ideals have intermittently fed off each other in productive ways. Travel's gender politics is analyzed in the works of J.-J. Rousseau, Mary Wollstonecraft, Stéphanie-Félicité de Genlis, Germaine de Staël, Frances Burney, Flora Tristan, Suzanne Voilquin, Gustave Flaubert George Sand, Robyn Davidson, and Sara Wheeler.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system

overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Automotive News

Eighteen year old Rosalind, a German Catholic descendant, left South Africa for Israel with her doctor boyfriend, Foxy, so they could pursue their dream of helping the wounded soldiers together. But when his jealous temper again gets the better of him, she decides to end their relationship, but still continue her nursing studies. When she's assigned to Ward 21, Rosalind finds herself inexplicably drawn to Eyal, the bearded soldier with the sparkling brown eyes who, even laid up in a full-body cast, asks her out—and teaches her about passion and sex. Though Rosalind struggles to understand her confusing

emotions toward Eyal, who arouses her physically but whose interests and upbringing are so different from her own, she eventually accepts his marriage proposal. 'Together They Overcame' offers a surprisingly honest and explicit depiction of a newlywed couple's first two years of sexual gratification in marriage as they face family drama, a mother-in-law's hostilities towards the wife because her mother is both German and Catholic, cultural prejudice, and the hardships in a young country in the process of establishing itself. Juliet Aharoni's novel, 'Together They Overcame', weaves fictionalized versions of her own experiences living in Israel into the romantic tale of a newlywed couple striving against all odds. 'Together They Overcame' is an opposites-attract romance set in Israel after the 1956 Sinai Campaign and not long after the holocaust. Rosalind meets survivors of the holocaust who are still in the healing process from the concentration camps' atrocities. The novel depicts a newly-wed couple experiencing sex for the first time and how their sex-life helps them cope with many difficulties. The author has presented the couple's love-making explicitly but tastefully. Sex plays an important role in the young couple's connection and development.
