High Fidelity

Books and Pamphlets, Including Serials and Contributions to Periodicals

The Grishaverse will be coming to Netflix soon with Shadow and Bone, an original series! Enter the Grishaverse with the instant #1 New York Times-bestseller King of Scars by Leigh Bardugo. "[Bardugo] touches on religion, class, family, love — all organically, all effortlessly, all cloaked in the weight of a post-war reckoning with the cost (literal and figurative) of surviving the events that shape both people and nations." —NPR "The story exists at an intersection of past and future selves, and in the dawning understanding that what you most fear may be what you most need." —Washington Post Face your demons or feed them. The dashing young king, Nikolai Lantsov, has always had a gift for the impossible. No one knows what he endured in his country's bloody civil war—and he intends to keep it that way. Now, as enemies gather at his weakened borders, Nikolai must find a way to refill Ravka's coffers, forge new alliances, and stop a rising threat to the once-great Grisha Army. Yet with every day a dark magic within him grows stronger, threatening to destroy all he has built. With the help of a young monk and a legendary Grisha general, Nikolai will journey to the places in Ravka where the deepest magic survives to vanquish the terrible legacy inside him. He will risk everything to save his country and himself. But some secrets aren't meant to stay buried—and some wounds aren't meant to heal. An Imprint Book

Indian Journal of Experimental Biology

This book studies the converted Jews in Sicily following the 1492 expulsion, using contemporary sources to examine their legal, economic and cultural circumstances. It also sheds new light on Spanish Royal policies and the establishment of the Inquisition in Sicily.

Stereophile

Inside the epic quest to find life on the water-rich moons at the outer reaches of the solar system Where is the best place to find life beyond Earth? We often look to Mars as the most promising site in our solar system, but recent scientific missions have revealed that some of the most habitable real estate may actually lie farther away. Beneath the frozen crusts of several of the small, ice-covered moons of Jupiter and Saturn lurk vast oceans that may have been in existence for as long as Earth, and together may contain more than fifty times its total volume of liquid water. Could there be organisms living in their depths? Alien Oceans reveals the science behind the thrilling quest to find out. Kevin Peter Hand is one of today's leading NASA scientists, and his pioneering research has taken him on expeditions around the world. In this captivating account of scientific discovery, he brings together insights from planetary science, biology, and the adventures of scientists like himself to explain how we know that oceans exist within moons of the outer solar system, like Europa, Titan, and Enceladus. He shows how the exploration of Earth's oceans is informing our understanding of the potential habitability of these icy moons, and draws lessons from what we have learned about the origins of life on our own planet to consider how life could arise on these distant worlds. Alien Oceans describes what lies ahead in our search for life in our solar system and beyond, setting the stage for the transformative discoveries that may await us.

Alien Oceans

What if that person you've been trying to avoid is your best shot at grace today? And what if that's the point? In *Accidental Saints*, New York Times best-selling author Nadia Bolz-Weber invites readers into a surprising encounter with what she calls "a religious but not-so-spiritual life." Tattooed, angry and profane, this former standup comic turned pastor stubbornly, sometimes hilariously, resists the God she feels called to serve. But God keeps showing up in the least likely of people—a church-loving agnostic, a drag queen, a felonious Bishop and a gun-toting member of the NRA. As she lives and worships alongside these "accidental saints," Nadia is swept into first-hand encounters with grace—a gift that feels to her less like being wrapped in a warm blanket and more like being hit with a blunt instrument. But by this grace, people are transformed in ways they couldn't have been on their own. In a time when many have rightly become disillusioned with Christianity, *Accidental Saints* demonstrates what happens when ordinary people share bread and wine, struggle with scripture together, and tell each other the truth about their real lives. This unforgettable account of their faltering steps toward wholeness will ring true for believer and skeptic alike. Told in Nadia's trademark confessional style, *Accidental Saints* is the stunning next

work from one of today's most important religious voices.

The Friend Thief

The stunning sequel to instant New York Times bestseller, *Wicked Saints* "Ruthless Gods opens the door to a world of fallen gods and eldritch horrors Gruesome, grotesque, and so, so glorious." - Erin A. Craig, New York Times bestselling author of *House of Salt and Sorrows* Nadya doesn't trust her magic anymore. Serefin is fighting off a voice in his head that doesn't belong to him. Malachiasz is at war with who--and what--he's become. As their group is continually torn apart, the girl, the prince, and the monster find their fates irrevocably intertwined. Their paths are being orchestrated by someone or something. The voices that Serefin hears in the darkness, the ones that Nadya believes are her gods, the ones that Malachiasz is desperate to meet—those voices want a stake in the world, and they refuse to stay quiet any longer. In her dramatic follow-up to *Wicked Saints*, the first book in her *Something Dark and Holy* trilogy, Emily A. Duncan paints a Gothic, icy world where shadows whisper, and no one is who they seem, with a shocking ending that will leave you breathless. "Ruthless Gods will leave fans demanding the final installment in the trilogy." - Christine Lynn Herman, author of *The Devouring Gray* This edition uses deckle edges; the uneven paper edge is intentional.

Mary Berry's Baking Bible

Days of our Lives 50 Years is an in-depth photographic journey of the longest-running scripted program in NBC's history. This beautiful keepsake showcases new and exciting views of a television icon that continues to bring the beloved world of Salem to its loyal viewers. Beginning with rare black-and-white historical photos and including a wealth of rare full-color photos, this is a spectacular journey highlighting iconic characters and beloved stories over 50 years. Welcome to an unparalleled peek into Days of Our Lives—a favorite daytime drama that has not only become an important part of American Pop Culture, but is also loved by millions of fans around the world! "Days of our Lives has not just been in our homes for 50 years. It's also in our DNA, packing a power and punch that is incomparable in the daytime drama landscape. This beloved show is famous for its epic twists and crazy turns: Premature burial! Biblical plagues! Demonic possession! But this is not what keeps us loyally devoted and coming back, year in, year out. We return for the love—love of romance, love of friendship, love of family. When we make our daily trip to sleepy little Salem to visit with the Brady and Horton and Kiriakis clans, and even those impossible, badass DiMeras, we feel a marvelous sense of bliss and comfort and connection. This show is so much more than entertainment. It makes us feel like we've come home." Michael Logan, TV Guide Magazine "Playing the beloved character Marlena Evans on Days of our Lives has been the highlight of my career. She is a revolutionary character—a strong, independent, successful career woman who believes her role as both a wife and a mother come first. Over the years she has become the ultimate heroine and continues to be an inspiration to women of all ages around the world." Deidre Hall, MARLENA EVANS, Days of our Lives

Who's Who in the World 1995

After her victory over Nadia, the playground bully, Robin has her old best friend back, plus a whole gang of new friends! But when Nadia tries to steal away all of the people she holds dear, will Robin be able to keep her band of merry misfits together?

Care Bears: Unlock the Magic

Waste Siege offers an analysis unusual in the study of Palestine: it depicts the environmental, infrastructural, and aesthetic context in which Palestinians are obliged to forge their lives. To speak of waste siege is to describe a series of conditions, from smelling wastes to negotiating military infrastructures, from biopolitical forms of colonial rule to experiences of governmental abandonment, from obvious targets of resistance to confusion over responsibility for the burdensome objects of daily life. Within this rubble, debris, and infrastructural fallout, West Bank Palestinians create a life under settler colonial rule. Sophia Stamatopoulou-Robbins focuses on waste as an experience of everyday life that is continuous with, but not a result only of, occupation. Tracing Palestinians' own experiences of wastes over the past decade, she considers how multiple authorities governing the West Bank—including municipalities, the Palestinian Authority, international aid organizations, NGOs, and Israel—rule by waste siege, whether intentionally or not. Her work challenges both common formulations of waste as "matter out of place" and as the ontological opposite of the environment, by suggesting instead that waste siege be understood as an ecology of "matter with no place to go." Waste siege thus not only describes a stateless Palestine, but also becomes a metaphor for our besieged planet.

The Former Jews of This Kingdom

"Navigating through youth and young adulthood isn't easy, and in *Sorry Not Sorry*, Naya Rivera shows us that we're not alone in the highs, lows, and in-betweens. Whether it's with love and dating, career and ambition, friends, or gossip, Naya inspires us to follow our own destiny and step over-or plod through-all the crap along the way. After her rise and fall from childhood stardom on *The Fresh Prince of Bel-Air* and *Family Matters*, barely eking her way through high school, a brief stint as a *Hooters* waitress, going through thick and thin with her mom/manager, and resurrecting her acting career as Santana Lopez on *Glee*, Naya emerged from these experiences with some key life lessons- Sorry-All those times I scrawled *HATE MY MOM* in my journal. Moms and teenage daughters will never get along-we just have to realize it's nothing personal on either side. At-home highlights and DIY hair extensions. Some things are best left to the experts, and hair dye is one of them. Falling in love with the idea of a person, instead of the actual person. Not Sorry-That I don't always get along with everyone. Having people not like you is a risk you have to take to be real, and I'll take that over being fake any day. Boob job. People have a lot of opinions about plastic surgery, but more than 10 years after I got my boobs, they still make me happy when I look in the mirror. It might have been the best \$8K I've ever spent. Getting my financial disasters out of the way early-before I was married or had a family-so that the only credit score that I wrecked was my own. Even with a successful career and a family that she loves more than anything else, Naya says, oThere's still a thirteen-year-old girl inside of me making detailed lists of how I can improve, who's never sure of my own self-worth.o *Sorry Not Sorry* is for that thirteen-year-old in all of us."

THE TOP TEN BESTSELLER 'Unusually practical, non-patronising and authentic. Think Marie Kondo for the mind, if you will, or the Hemsleys for the soul.' Sunday Times Wellness pioneers Nadia Narain and Katia Narain Phillips have spent decades helping others to feel their best. But it took them a bit longer to learn to care for themselves. Here they share the small, achievable steps they picked up on a lifetime's journey towards self-care, and how you can apply them to your life, wherever you are. Right now, you may be deep in the waves of life, being tossed around. Learning self-care is like building your own life boat, plank by plank. Once you've got your boat, you'll still be rocked by the same waves, but you'll have a feeling of safety, and a stability that means you can pick other people up on your way.

unique characters and an irreverent and heartwarming sense of humor, this new graphic novel is perfect for anyone looking for more magic in their lives!

Self-Care for the Real World

This book tells the curious story of an unexpected finding that sheds light on a crucial moment in the development of physics: the discovery of artificial radioactivity induced by neutrons. The finding in question is a notebook, clearly written in Fermi's handwriting, which records the frenzied days and nights that Fermi spent experimenting alone, driven by his theoretical ideas on beta decay. The notebook was found by the authors while browsing through documents left by Oscar D'Agostino, the chemist among Fermi's group. From Fermi's notes, they reconstruct with skill and expertise the detailed timeline of the critical days leading up to his vital discovery. While much is already known about the road that led Fermi to his important result, this is the first time that it has been possible to reconstruct precisely when and how the initial evidence of neutron-induced decay was obtained. In relating this fascinating story, the book will be of great interest not only to those with a passion for the history of science but also to a wider audience.
