Fans will get the inside scoop on key episodes from "The Dundies" to "Threat Level Midnight" and "Goodbye, Michael,"

The Mighty Odds (The Odds Series #1)

This collection brings together some of Aldous Huxley's most famous works, all of which center around his ideas about the future of the human race. Huxley's most famous work, *Brave New World* takes the principles of consumerism and mass production to the extreme in the high-tech dystopian future which he imagined was in store for humanity. In *Island*, written as a counterpart to *Brave New World*, Huxley offers an oppositional view: the idea of a utopian society where personal desire and social norms exist in perfect harmony. Lastly, this volume contains Huxley's essay *Brave New World Revisited*, which re-evaluates humanity's decline towards the dystopian future Huxley imagined in *Brave New World* nearly thirty years before.
