Glencoe Literature, World Literature, Grammar Practice Workbook

Get some good grammar practice-and start speaking and writing well Good grammar is important, whether you want to advance your career, boost your GPA, or increase your SAT or ACT score. Practice is the key to improving your grammar skills, and that's what this workbook is all about. Honing speaking and writing skills through continued practice translates into everyday situations, such as writing papers, giving presentations, and communicating effectively in the workplace or classroom. In English Grammar Workbook For Dummies you'll find hundreds of fun problems to help build your grammar muscles. Just turn to a topic you need help with-from punctuation and pronouns to possessives and parallel structure-and get out your pencil. With just a little practice every day, you'll be speaking correctly, writing confidently, and getting the recognition you deserve at work or at school. Hundreds of practice exercises and helpful explanations Explanations mirror teaching methods and classroom protocols Focused, modular content presented in step-by-step lessons English Grammar Workbook For Dummies will empower you to structure sentences correctly, make subject and verbs agree, and use tricky punctuation marks such as commas, semicolons, and apostrophes without fear.

Writer's Choice Composition Practice Grade 8

****New!****This illustrated grammar workbook teaches children the grammar concepts they need to know. The lessons are extremely well explained and easy to understand, giving students the opportunity to develop a solid foundation in grammar. Included are the study of the four types of sentences, clauses, the eight parts of speech, verb tenses, and much, much more. (Also includes sentence composition, allowing students the opportunity to apply the grammar they've learned.) An excellent grammar book because it makes grammar easy to understand and easy to learn.

Glencoe Language Arts Grammar and Language Workbook Grade 9

Help students in grades 5-6 master the skills necessary to succeed in grammar using Grammar. This 128-page book allows for differentiated instruction so that each student can learn at his or her own pace. It reinforces essential grammar concepts and includes activities, a comprehensive review section for each major concept, reproducibles, perforated skill practice pages, 96 cut-apart flash cards, and an answer key.

Writer's Choice

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

English & Grammar Workbook, Grade 5
