The second thrilling installment of the award-winning Nevernight Chronicle, from New York Times bestselling author Jay Kristoff. In a land where three suns almost never set, a ruthless assassin continues her quest for vengeance against the powers who destroyed her family. Mia Corvere has found her place among the Blades of Our Lady of Blessed Murder, but many in the Red Church hierarchy think she's far from earned it. Plying her bloody trade in a backwater of the Republic, she's no closer to ending the men who

destroyed her familia; in fact, she's told directly that Consul Scaeva is off limits. But after a deadly confrontation with an old enemy, Mia's suspicions about the Red Church's true motives begin to grow. When it's announced that Scaeva will be making a rare public appearance at the conclusion of the grand games in Godsgrave, Mia defies the Church and sells herself to a gladiatorial collegium for a chance to finally end him. Upon the sands of the arena, Mia finds new allies, bitter rivals, and more questions about her strange affinity for the shadows. But as conspiracies unfold within the collegium walls, and the body count rises, Mia will be forced to choose between love and revenge, and uncover a secret that could change the very face of her world.

The only person he can talk to is the beautiful Korah, but even with her, he can't shake the feeling that something is desperately wrong. The exciting end to The Poppy War trilogy, R. F. Kuang's acclaimed, award-winning epic fantasy that combines the history of twentieth-century China with a gripping world of gods and monsters, to devastating, enthralling effect. After saving her nation of Nikan from foreign invaders and battling the evil Empress Su Daji in a brutal civil war, Fang Runin was betrayed by allies and left for dead. Despite her losses, Rin hasn't given up on those for whom she has sacrificed so much--the people of the southern provinces and especially Tikany, the village that is her home. Returning to her roots, Rin meets difficult challenges--and unexpected opportunities. While her new allies in the Southern Coalition leadership are sly and untrustworthy, Rin quickly realizes that the real power in Nikan lies with the millions of common people who thirst for vengeance and revere her as a goddess of salvation. Backed by the masses and her Southern Army, Rin will use every weapon to defeat the Dragon Republic, the colonizing Hesperians, and all who threaten the shamanic arts and their practitioners. As her power and influence grows, though, will she be strong enough to resist the Phoenix's intoxicating voice urging her to burn the world and everything in it?

A one-of-a-kind celebration of the 101 two-letter words allowed in Scrabble. Rolling Stone has called singer-songwriter Stephin Merritt of the Magnetic Fields “the Cole Porter of his generation”; O, The Oprah Magazine has hailed cartoonist Roz Chast as “the wryest pen since Dorothy Parker’s.” Together they have crafted a wonderfully witty book that is sure to prove useful to Scrabble players and Words With Friends addicts—and to delight anyone in thrall to the weirder corners of the English language. With the mordant wit and clever wordplay of Edward Gorey or Shel Silverstein, Stephin Merritt has written an original four-line rhyming poem for each of the 101 two-letter words included in The Official Scrabble Players Dictionary. Here are poems about familiar words (such as at, go, hi, no, and up) as well as obscure ones (such as aa, ka, oe, qi, xu). And every one of the 101 poems is accompanied by a full-color illustration by the incomparable cartoonist Roz Chast. 101 Two-Letter Words is perfect for any language lover or Scrabble player (it may even improve your score!).

Iron Gold

“An immensely entertaining novel” (Tor.com) from the author of The Thousand Names The King of the Vordan is on his deathbed. Soon his daughter, Raesinia will be the first Queen Regnant in centuries—and a target for those who seek to control her. The most dangerous is Duke Orllanko, Minister of Information, and master of the secret police. He is the most feared man in the kingdom, and he knows an

arcane secret that puts Raesinia completely at his mercy. But Raesinia has found unlikely allies in the returning war hero Janus bet Vhalnich, and his loyal deputies, Captain Marcus d'Ivoire and Lieutenant Winter Ihernglass. As Marcus and Winter struggle to find their places in the home they never thought they would see again, they help Janus and Raesinia set in motion events that could shatter Orlanko's powers, but perhaps at the price of throwing the nation into chaos. But with the people suffering under the Duke's tyranny, they intend to protect the kingdom with every power they can command, earthly or otherwise.

Waking Gods

In a post-apocalyptic America that has shattered into a hundred perpetually warring fiefdoms, anyone with a loud voice and a doomsday weapon can be king (and probably has been). Duncan Archer—con man, carpetbagger, survivor—has found a way to somehow successfully navigate the end of the world, with its giant killer robots, radioactive mutants, mad scientists, rampant nanotechnology, armed gangs, sea monsters, and 101 unpleasant ways to die. But when he meets Captain James Barrow, a former OSS agent and the most wanted man in the world, Duncan finds himself a reluctant hero caught up in a whole new level of weird, rollicking adventure... And the second most wanted man in the world. Tales from the Radiation Age is a throwback to the pulp-origins of science fiction, painting a vision of the future that's richly detailed, wildly imaginative—and altogether too easy to imagine.

Alienated

A crucial, genre-bending tale, equal parts Ned Vizzini and Patrick Ness, about the life-saving power of friendship. Solomon and Ash both experienced a traumatic event when they were twelve. Ash lost all memory of that event when she fell from Solomon's treehouse. Since then, Solomon has retreated further and further into a world he seems to have created in his own mind. One that insulates him from reality, but crawls with foes and monsters . . . in both animal and human form. As Solomon slips further into the place he calls Darkside, Ash realizes her only chance to free her best friend from his pain is to recall exactly what happened that day in his backyard and face the truth—together. Fearless and profound, Sam J. Miller's follow up to his award-winning debut novel, *The Art of Starving*, spins an intimate and impactful tale that will linger with readers.

Red Rising and Philosophy has gathered together a crew of the wisest Helldivers philosophy can offer. Could humanity's love of physical enhancements cause its extinction? Do people doom humanity by trying to all be the same? Can a person love someone, while at the same time wanting that person destroyed? Is equality always the best principle on which to organize society? What is evil, and how does it exist in contemporary life? Does one remain the same person, even after changing every physical aspect of one's body? Is it moral to sell oneself into

slavery, whether it's through sex or manual labor? Is it ethical to sell one's children into slavery, on the promise that their children will live in peace and tranquility? These questions and more are what make Brown's Red Rising trilogy such an impactful story. Brown pulls no punches, and philosophy works best in such an environment. Red Rising and Philosophy is not for the timid or the faint at heart. It's not The Passage, since no one will die from reading it, but reading it could be a life-changing experience.

Sojourn

Ten years after the horrific murders at Freddy Fazbear's Pizza that ripped their town apart, Charlie, whose father owned the restaurant, and her childhood friends reunite on the anniversary of the tragedy and find themselves at the old pizza place which had been locked up and abandoned for years. After they

The Last Illusion

In Christopher Golden's first horror novel in more than a decade--a work reminiscent of early Stephen King--*Snowblind* updates the ghost story for the modern age. The small New England town of Coventry had weathered a thousand blizzards . . . but never one like this. Icy figures danced in the wind and gazed through children's windows with soul-chilling eyes. People wandered into the whiteout and were never seen again. Families were torn apart, and the town would never be the same. Now, as a new storm approaches twelve years later, the folks of Coventry are haunted by the memories of that dreadful blizzard and those who were lost in the snow. Photographer Jake Schapiro mourns his little brother, Isaac, even as---tonight---another little boy is missing. Mechanic and part-time thief Doug Manning's life has been forever scarred by the mysterious death of his wife, Cherie, and now he's starting over with another woman and more ambitious crimes. Police detective Joe Keenan has never been the same since that night, when he failed to save the life of a young boy . . . and the boy's father vanished in the storm only feet away. And all the way on the other side of the country, Miri Ristani receives a phone call . . . from a man who died twelve years ago. As old ghosts trickle back, this new

storm will prove to be even more terrifying than the last. Spellbinding in scope and rooted deeply in classic storytelling, Christopher Golden has written a chilling masterpiece that is the best work of his career and a standout supernatural thriller. Learn the Words. Get the blood. Rule the world. The Ustari Cycle starts here. From the "exhilarating, powerful, and entertaining" (*Guardian*) storyteller of the Avery Cates series comes a gritty supernatural thriller featuring a pair of unlikely heroes caught up in the underground world of blood magic. Magicians: they are not good people. The ethics in a world of blood are gray—and an underground strata of blood magicians has been engineering disasters for centuries in order to acquire enough fuel for their

spells. Although in the modern world these mages stay in the shadows, their exploits have become no less bloody. Still, some practitioners use the Words and a swipe of the blade to cast simpler spells, such as Charms and Cantrips to gas up \$1 bills so they appear to be \$20s. Lem Vonnegan and his sidekick Mags fall into this level of mage, hustlers and con men all. Lem tries to be ethical by using only his own blood, by not using Bleeders or "volunteers." But it makes life hard. Soon they might have to get honest work. When the pair encounter a girl who's been kidnapped and marked up with magic runes for a ritual spell, it's clear they're in over their heads. Turning to Lem's estranged Master for help, they are told that not only is the girl's life all but forfeit, but that the world's preeminent mage, Mika Renar, has earth-shattering plans for her—and Lem just got in the way. With the fate of the world on the line, and Lem both spooked and intrigued by the mysterious girl, the other nominate him to become the huckleberry who'll take down Renar. But even if he, Mags, and the simpletons who follow him prevail, they're dealing with the kind of power that doesn't understand defeat, or mercy. employs their only stable member and insults him on a daily basis. Being the bright, perceptive fellows they are, they all quickly realize it isn't about the money. For Phil "Dub" Dublen, it's a pissed off statement against a dull, meaningless job. For self-styled poet Trim, it's a chance to actually be as outrageous and anarchic as he needs to be. For Trim's roommate Dan, it seems to be something he does for the same reason he does everything: to vent some anger, having nothing to do. By the time their master plan is all said and done, nothing has been solved, nothing is better, and nothing, really, has changed. And in the slightly fractured wisdom of the larcenous trio, this surprises none of them.

From New York Times bestselling author, David Morrell, comes a classic thriller that introduced the character of Rambo, one of the most iconic action heroes of the twentieth century. Called “the father of the modern action novel,” FIRST BLOOD changed the genre. Although the book and the film adaptation have similarities, they are very different, especially its unexpected ending and its greater intensity. If you’ve only experienced the film, you’re in for a surprise. Once they were soldiers. Rambo, the ragged kid whose presence in town is considered a threat. And Teasle, the Chief of Police of Madison, Kentucky. Both have been trained to kill: Rambo in Vietnam, Teasle in Korea. They learned different military tactics, different ways of death and survival in two different wars. Now, without warning, they are enemies in a civilian combat that becomes a chase through the woods and mountains and caves above the town. As we follow them, we understand that once a man has been trained as a killer, perhaps he is changed forever. Award-winning FIRST BLOOD was published in 1972,

The Count of Monte Cristo (French: Le Comte de Monte-Cristo) is an adventure novel by French author Alexandre Dumas completed in 1844. It is one of the author's most popular works, along with The Three Musketeers. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy, and islands in the Mediterranean during the historical events of 1815-1839: the era of the Bourbon Restoration through the reign of Louis-Philippe of France. It begins just before the Hundred Days period (when Napoleon returned to power after his exile). The historical setting is a fundamental element of the book, an adventure story primarily concerned with themes of hope, justice, vengeance, mercy, and forgiveness. It centres around a man who is wrongfully imprisoned, escapes from jail, acquires a fortune, and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal, and selfishness, shown throughout the story as characters slowly reveal their true inner nature. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of
