Mary Quinn and James Easton have set up as private

detectives and are also unofficially engaged to be married. But when the Agency asks Mary to take on a special final case, she can't resist, and agrees. Convicted fraudster Henry Thorold is dying in prison. His daughter, Angelica, is coming to see him one last time. Mary's brief is to monitor these visits in case Mrs Thorold, last heard of as a fugitive in France, decides to pay him one last visit. But Mrs Thorold's return would place James in grave personal danger.

The 8th Confession

In the tradition of High Fidelity and Empire Records, this is the literary soundtrack to Skylark Martin's strange, mysterious, and extraordinary summer. This is the story of a wild girl and a ghost girl; a boy who knew nothing and a boy who thought he knew everything. It's a story about Skylark Martin, who lives with her father and brother in a vintage record shop and is trying to find her place in the world. It's about ten-year-old Super Agent Gully and his case of a lifetime. And about beautiful, reckless, sharp-as-knives Nancy. It's about tragi-hot Luke, and just-plain-

tragic Mia Casey. It's about the dark underbelly of a curious Australian neighborhood. It's about summer, and weirdness, and mystery, and music. And it's about life and death and grief and romance. All the good stuff.

A Chicken in Every Yard

“They kept it up to the very end. Only the engulfing ocean had power to drown them into silence. The band was playing ‘Nearer, My God, to Thee.’ I could hear it distinctly. The end was very close.”

—CHARLOTTE COLLYER, TITANIC SURVIVOR The movies, the documentaries, the museum exhibits. They often tell the same story about the “unsinkable” Titanic, her wealthy passengers, the families torn apart, and the unthinkable end. But never before has “that glorious band”—the group of eight musicians who played on as the Titanic slipped deeper and deeper into the Atlantic Ocean—been explored in such depth. Steve Turner’s extensive research reveals a fascinating story including dishonest agents, a clairvoyant, social climbers, and a fraudulent violin maker. Read what brought the band members together and how their music served as the haunting soundtrack for one of modern history’s most tragic maritime disasters. BOOK REVIEWS The Band that Played On by Steve Turner is, surprisingly, the first book since the great ship went down to examine the lives of the eight musicians who were employed by the Titanic. What these men did?standing calmly on deck playing throughout the disaster?achieved global recognition. But their individual stories, until now,

have been largely unknown. What Turner has uncovered is a narrow but unique slice of history?one more chapter of compelling Titanic lore. Turner, a music journalist, pursued living relatives of the band members and squeezed all that he could out of “inherited photographs, documents, and anecdotes” enabling him to sketch brief but poignant portraits of eight young (or at least youngish) men, all born in an optimistic era and all members of the rising middle class. To their parents, their girlfriends, and surely to themselves as well, the future must have seemed bright right up until the early morning hours of April 15, 1912... There is much that we do not know about the final hours of these men. Why did they make the decision to play on the deck that night? What was in their hearts and minds? ... Even the Titanic survivors who witnessed their final performance quibbled over some details. Did the band march or did they kneel? Was their last number “Autumn” or was it “Nearer, My God, to Thee”? Did they stop playing during the final moments and pack their instruments away or were they still playing as the ship went down? All agreed, however, that all eight band members behaved with remarkable calm and courage. Within hours of the ship’s sinking, their story was circulating and they had already become heroes... For Turner, however, the undisputed hero of the book is Wallace Hartley, a fine musician with religious conviction and a powerful sense of duty who seems most likely to have been the force behind those final hours of heroism. In the last pages of the book, Turner reveals a surprising Hartley discovery?a turn of events which makes a fine ending for his worthy book, even as it leaves us hopeful that the Titanic may yet have a few mysteries she is

A #1 Indie Next Pick and LibraryReads Selection
Magic, adventure, mystery, and romance combine in this epic debut in which a young princess must reclaim her dead mother's throne, learn to be a ruler—and defeat the Red Queen, a powerful and malevolent sorceress determined to destroy her. On her nineteenth birthday, Princess Kelsea Raleigh Glynn, raised in exile, sets out on a perilous journey back to the castle of her birth to ascend her rightful throne. Plain and serious, a girl who loves books and learning, Kelsea bears little resemblance to her mother, the vain and frivolous Queen Elyssa. But though she may be inexperienced and sheltered, Kelsea is not defenseless: Around her neck hangs the Tearling sapphire, a jewel of immense magical power; and accompanying her is the Queen's Guard, a cadre of brave knights led by the enigmatic and dedicated Lazarus. Kelsea will need them all to survive a cabal of enemies who will use every weapon—from crimson-caped assassins to the darkest blood magic—to prevent her from wearing the crown. Despite her royal blood, Kelsea feels like nothing so much as an insecure girl, a child called upon to lead a people and a kingdom about which she knows almost nothing. But what she discovers in the capital will change everything, confronting her with horrors she never imagined. An act of singular daring will throw Kelsea's kingdom into tumult, unleashing the vengeance of the tyrannical ruler of neighboring Mortmesne: the Red Queen, a sorceress possessed of the darkest magic. Now Kelsea will begin to discover whom among the

servants, aristocracy, and her own guard she can trust. But the quest to save her kingdom and meet her destiny has only just begun—a wondrous journey of self-discovery and a trial by fire that will make her a legend . . . if she can survive. This book will be a beautifully designed package with illustrated endpapers, a map of the Tearling, and a ribbon marker.

The Lace Makers of Glenmara

The first in The Wolf Chronicles trilogy, brilliantly weaving together original research, lovable characters and a dynamic, thoroughly engaging plot, *Promise of the Wolves* is a historical adventure story in the tradition of *Clan of the Cave Bear* and *Watership Down*. Set 14,000 years ago in what is now Southern Europe, *Promise of the Wolves* is told from the point of view of Kaala, a young wolf born of a forbidden, mixed-blood litter. An outcast after her mother is exiled, Kaala struggles to earn her place in her pack. But her world is turned upside down when she rescues a human girl from drowning. Kaala and her young packmates begin hunting and playing with humans—risking expulsion from their pack and banishment from their home in the Wide Valley. When war between humans and wolves threatens, Kaala learns that she is the last in a long line of wolves charged with keeping watch over humans in order to prevent them from losing touch with nature and thus destroying the world. But to do so she must solve the great paradox of wolfkind: though wolves must always be with humans, humans cannot abide the

presence of wolves, and every time the two come together, war ensues. Kaala must choose between safety for herself, her friends, and their human companions and the survival of her pack—and perhaps all of wolf and humankind.

Here is a dazzling collection from Joan Acocella, one of our most admired cultural critics: thirty-one essays that consider the life and work of some of the most influential artists of our time (and two saints: Joan of Arc and Mary Magdalene). Acocella writes about Primo Levi, Holocaust survivor and chemist, who wrote the classic memoir, *Survival in Auschwitz*; M.F.K. Fisher who, numb with grief over her husband's suicide, dictated the witty and classic *How to Cook a Wolf*; and many other subjects, including Dorothy Parker, Mikhail Baryshnikov, and Saul Bellow. *Twenty-Eight Artists and Two Saints* is indispensable reading on the making of art—and the courage, perseverance, and, sometimes, dumb luck that it requires.

The Language of Asylum

Thorough coverage of basic digital communication system principles ensures that readers are exposed to all basic relevant topics in digital communication system design. The use of CD player and JPEG image coding standard as examples of systems that employ modern communication principles allows readers to

relate the theory to practical systems. Over 180 worked-out examples throughout the book aids readers in understanding basic concepts. Over 480 problems involving applications to practical systems such as satellite communications systems, ionospheric channels, and mobile radio channels gives readers ample opportunity to practice the concepts they have just learned. With an emphasis on digital communications, *Communication Systems Engineering, Second Edition* introduces the basic principles underlying the analysis and design of communication systems. In addition, this book gives a solid introduction to analog communications and a review of important mathematical foundation topics. New material has been added on wireless communication systems—GSM and CDMA/IS-94; turbo codes and iterative decoding; multicarrier (OFDM) systems; multiple antenna systems. Includes thorough coverage of basic digital communication system principles—including source coding, channel coding, baseband and carrier modulation, channel distortion, channel equalization, synchronization, and wireless communications. Includes basic coverage of analog modulation such as amplitude modulation, phase modulation, and frequency modulation as well as demodulation methods. For use as a reference for electrical engineers for all basic relevant topics in digital communication system design.

It's no secret that yoga increases muscular flexibility and strength, but you may not know that yoga is a

proven treatment for back pain, knee pain, carpal tunnel syndrome, and other chronic pain conditions. Yoga also helps to ease the stress, anxiety, and depression that can create and reinforce pain, making you feel more comfortable in both your mind and your body. Written by a yoga instructor and former chronic pain sufferer, *Yoga for Pain Relief* is packed with gentle postures and practical strategies for ending pain. This complete mind-body tool kit for healing also includes deep relaxation practices drawn from the yogic tradition and psychological techniques for helping you make peace with your body and dissolve pain. As the ancient practice of yoga releases the hold that chronic pain has over your life, you will begin to feel more like yourself again.

The Lighthouse Land

In this enthralling narrative—the first of its kind—historian and journalist Ruth Rosen chronicles the history of the American women's movement from its beginnings in the 1960s to the present. Interweaving the personal with the political, she vividly evokes the events and people who participated in our era's most far-reaching social revolution.

The Isolation Door

NEW YORK TIMES BESTSELLER One day, sad cubicle dweller and otherwise bored New York transplant Hannah Hart decided, as a joke, to make a fake cooking show for her friend back in California. She turned on the camera, pulled out some bread and

cheese, and then, as one does, started drinking. (Doesn't everyone cook with a spoon in one hand and a bottle of wine in the other?) The video went viral and an online sensation was born. My Drunk Kitchen includes recipes, stories, full color photos, and drawings to inspire your own culinary adventures in tipsy cooking. It is also a showcase for Hannah Hart's great comedic voice. Hannah offers key drink recommendations, cooking tips (like, remember to turn the oven off when you go to bed) and shares never-before-seen recipes such as: The Hartwich (Knowledge is ingenuity! Learn from the past!) Can Bake (Inventing things is hard! You don't have to start from scratch!) Latke Shotkas (Plan ahead to avoid a night of dread!) Tiny Sandwiches (Size doesn't matter! Aim to satisfy.) Saltine Nachos (It's not about resources! It's about being resourceful.) This is a book for anyone who believes they have what it takes to make a soufflé for the holiday party and show up the person who apparently has nothing better to do than bake things from scratch. It also recommends the drink you'll need to accompany any endeavor of this magnitude. In the end, My Drunk Kitchen may not be your go-to guide for your next dinner party . . . but it will make you laugh and drink . . . I mean think . . . about life.

Voodoo Queen

"Charmingly wry yet evocative, with details and descriptions both telling and vivid." —Boston Globe
"This hopeful, comforting novel is a testament to the power of taking chances and starting fresh and a

reminder that life can bring joy after sorrow." — Miami Herald From the author of *Snow in July* comes *The Lace Makers of Glenmara*: a “charming, moving story, written with a delicate touch” (Joanne Harris), as a struggling young fashion designer journeys to Ireland to mend a broken heart, and helps a group of local lace makers change their lives—and her own. Fans of the strong feminine voices of contemporary Irish literature such as Maeve Binchy (*Nights of Rain and Stars*, *Tara Road*) and Cecilia Ahern (*P.S. I Love You*, *Where Rainbows End*) will fall in love with *The Lace Makers of Glenmara*.

Enchanted Chocolate Pot

Each year, thousands of pilgrims visit the celebrated New Orleans tomb where Marie Laveau is said to lie. They seek her favors or fear her lingering influence. *Voodoo Queen: The Spirited Lives of Marie Laveau* is the first study of the Laveaus, mother and daughter of the same name. Both were legendary leaders of religious and spiritual traditions many still label as evil. The Laveaus were free women of color and prominent French-speaking Catholic Creoles. From the 1820s until the 1880s when one died and the other disappeared, gossip, fear, and fierce affection swirled about them. From the heart of the French Quarter, in dance, drumming, song, and spirit possession, they ruled the imagination of New Orleans. How did the two Maries apply their "magical" powers and uncommon business sense to shift the course of love, luck, and the law? The women understood the real crime--they had pitted their spiritual forces against

the slave system of the United States. Moses-like, they led their people out of bondage and offered protection and freedom to the community of color, rich white women, enslaved families, and men condemned to hang. The curse of the Laveau family, however, followed them. Both loved men they could never marry. Both faced down the press and police who stalked them. Both countered the relentless gossip of curses, evil spirits, murders, and infant sacrifice with acts of benevolence. The book is also a detective story--who is really buried in the famous tomb in the oldest "city of the dead" in New Orleans? What scandals did the Laveau family intend to keep buried there forever? By what sleight of hand did free people of color lose their cultural identity when Americans purchased Louisiana and imposed racial apartheid upon Creole creativity? Voodoo Queen brings the improbable testimonies of saints, spirits, and never-before-printed eyewitness accounts of ceremonies and magical crafts together to illuminate the lives of the two Marie Laveaus, leaders of a major, indigenous American religion.

The Band that Played On

Follow the ultimate coffee geeks on their worldwide hunt for the best beans. Can a cup of coffee reveal the face of God? Can it become the holy grail of modern-day knights errant who brave hardship and peril in a relentless quest for perfection? Can it change the world? These questions are not rhetorical. When highly prized coffee beans sell at auction for \$50, \$100, or \$150 a pound wholesale (and potentially twice that at retail), anything can happen. In *God in a Cup*, journalist and late-blooming adventurer Michaela Weissman treks into an exotic and paradoxical realm of specialty coffee where the successful traveler must be part passionate coffee connoisseur, part ambitious entrepreneur, part activist, and part Indiana Jones. Her guides on the journey are the nation's most heralded coffee business hotshots: Counter Culture's Peter Giuliano,

Intelligentsia's Geoff Watts, and Stumptown's Duane Sorenson. With their obsessive standards and fiercely competitive baristas, these roasters are creating a new culture of coffee connoisseurship in America—a culture in which \$10 lattes are both a purist's pleasure and a way to improve the lives of third-world farmers. If you love a good cup of coffee—or a great adventure story—you'll love this unprecedented up-close look at the people and passions behind today's best beans. "Weissman illustrates how the origin, flavor compounds and socioeconomic impact of a cup of coffee are relevant now more than ever. . . .

Tagging along behind the main characters in today's specialty coffee scene, [she] travels from the exotic to the expected to artfully deconstruct the connoisseur's cup of coffee." —Publishers Weekly

Promise of the Wolves

For most of his twenty-three years, Neil Kapoor has been desperate to move beyond the shadow of his mother's schizophrenia. Once he enters drama school, he finally has the chance to find his place in the world. Surrounded by a group of students who, like him, have complex emotional needs, Neil falls in

love with Emily, a lovely young woman dealing with her own demons. But keeping two worlds hidden from each other proves to be too great a task for the emotionally fragile Neil. After his mother experiences yet another breakdown, he must confront the painful reality of how his father, his aunt, and the doctors have dealt with her illness over the years, each in their own flawed way. And as his beloved mother falls farther into darkness, he will have to make the most difficult choice of his life: uniting with his family, or breaking free from them forever."

The Transhumanist Wager

It is easy to feel helpless in the face of the torrent of information about environmental catastrophes taking place all over the world. In *Soil and Soul*, Scottish activist and academic Alastair McIntosh shows how it is still possible for individuals to take on the might of corporate power and emerge victorious. Alastair's beliefs are rooted in his upbringing on the Isle of Lewis. In the first part of his book he explores the ways in which the old way of life in the Hebrides was threatened with extinction by global capitalism; he does not advocate a return to some kind of

preindustrial golden age, but balances the gains of modernity against what has been lost - in particular the disintegration of communities governed by a sense of mutual responsibility. The second part of the book demonstrates how Alastair's principles of community empowerment can be successfully put into practice. Working closely with the inhabitants of the Isle of Eigg, Alastair was partly responsible for the first-known case in which Scottish tenants cleared a laird from his own estate. The people of Eigg raised sufficient funds to purchase their island from their landlord, very much against his will, thus galvan

Wolves of the Beyond #3: Watch Wolf

Philosopher, entrepreneur, and former National Geographic and New York Times correspondent Zoltan Istvan presents his visionary novel, *The Transhumanist Wager*, as a seminal statement of our times. Scorned by over 500 publishers and literary agents around the world, his philosophical thriller has been called "revolutionary" and "socially dangerous" by readers, scholars, and religious authorities. The novel debuts a challenging original philosophy, which rebuffs modern civilization by inviting the end of the human species-and declaring the onset of something greater. Set in the present day, the novel tells the story of transhumanist Jethro Knights and his unwavering quest for immortality via science and technology. Fighting against him are fanatical religious groups, economically depressed governments, and mystic Zoe Bach: a dazzling trauma surgeon and the love of his life, whose belief

in spirituality and the afterlife is absolute. Exiled from America and reeling from personal tragedy, Knights forges a new nation of willing scientists on the world's largest seasteading project, Transhumania. When the world declares war against the floating city, demanding an end to its renegade and godless transhuman experiments and ambitions, Knights strikes back, leaving the planet forever changed.

The World Split Open

A wolf's eye view of the legends of Ga'Hoole in this stirring third installment of the Wolves of Beyond series by bestselling author Kathryn Lasky. Born with a twisted paw, Faolan was abandoned as a wolf pup and left to die. But not only did he survive and make it back to the wolf clan, he proved himself to be one of the most worthy wolves of all. But just as Faolan is about to take his place as one of the revered Wolves of the Watch, a fellow watch wolf goes missing. Faolan is sent to track her down and makes a horrifying discovery - she has been kidnapped by bears. A war is coming between the wolves and the bears, and only Faolan can stop it.

God in a Cup

The early part of the 21st century has been marked by widespread social upheaval and geographical displacement of people. This book examines how refugees, asylum-seekers, locals and professional refugee workers make sense of asylum and refuge in the context of current UK asylum policies.

Data Structures and Algorithms with JavaScript

As an experienced JavaScript developer moving to server-side programming, you need to implement classic data structures and algorithms associated with conventional object-oriented languages like C# and Java. This practical guide shows you how to work hands-on with a variety of storage mechanisms—including linked lists, stacks, queues, and graphs—within the constraints of the JavaScript environment. Determine which data structures and algorithms are most appropriate for the problems you're trying to solve, and understand the tradeoffs when using them in a JavaScript program. An overview of the JavaScript features used throughout the book is also included. This book covers:

- Arrays and lists: the most common data structures
- Stacks and queues: more complex list-like data structures
- Linked lists: how they overcome the shortcomings of arrays
- Dictionaries: storing data as key-value pairs
- Hashing: good for quick insertion and retrieval
- Sets: useful for storing unique elements that appear only once
- Binary Trees: storing data in a hierarchical manner
- Graphs and graph algorithms: ideal for modeling networks
- Algorithms: including those that help you sort or search data
- Advanced algorithms: dynamic programming and greedy algorithms

The Queen of the Tearling

The exploits of the 3rd Battalion, 506th Parachute Infantry Regiment have long been overshadowed by

those of Easy Company, 2nd Battalion. Yet the actions of the 3rd Battalion during the D-Day landings were every bit as incredible. This is the astounding story of how, after suffering many immediate casualties on landing, the surviving paratroopers fought on towards their objective against horrendous odds. Using fascinating first-hand accounts of the soldiers and the French civilians who witnessed the Normandy campaign, and illustrated with black and white photographs and maps throughout, the authors offer a unique and comprehensive account of the experiences of the 3rd Battalion from training through to D-Day and beyond.

Pilgrim Theology

The 2011 award-winning publication *The Christian Faith* garnered wide praise as a thorough, well-informed treatment of the philosophical foundations of Christian theology, the classical elements of systematic theology, and exegesis of relevant biblical texts. *Pilgrim Theology* distills the distinctive benefits of this approach into a more accessible introduction designed for classroom and group study. In this book, Michael Horton guides readers through a preliminary

exploration of Christian theology in “a Reformed key.” Horton reviews the biblical passages that give rise to a particular doctrine in addition to surveying past and present interpretations. Also included are sidebars showing the key distinctions readers need to grasp on a particular subject, helpful charts and tables illuminating exegetical and historical topics, and questions at the end of each chapter for individual, classroom, and small group reflection. *Pilgrim Theology* will help undergraduate students of theology and educated laypersons gain an understanding of the Christian tradition’s biblical and historical foundations.

All I Want - Part One

Because sometimes you have to fight fire with hellfire, there's Caine Deathwalker: raised as a demon, armed like a gun merchant, and fuelled by booze. Nice is a dirty word and killing is what he does best. Make a contract with hell, and he could be on your side, God help you. Caine signs onto guarding the beautiful daughter of a leading Japanese industrialist. Protecting is harder than indiscriminate murder and mayhem, but gold is gold, and the prize of a mystic demon sword is dangled over his head as added incentive. Haruka will make an interesting bonus if he can get her out of her kimono—and the damn living zombies will leave them alone long enough for him to bang her. A powerful succubus is playing cat to Caine's mouse, but he has a cat of his own; a black leopard spirit beast from the Amazon jungle that's taken a liking to him—and his booze. And then there's

his “father”, an ancient Atlantean demon with a code of honor. Formidable back-up, but Caine senses a greater threat lurking in the shadows, something primal, hungry, and possibly more evil than himself. He shakes his head. Nah, couldn't be. This book is intended for mature audiences.

Write Like the Masters

Keynesian Economics, Free Market Capitalism, Monetarism, Game Theory and the Invisible Hand. Sure, you know what they mean. That is, you've certainly heard of them. But do you know enough about these economic theories to join a dinner party debate or dazzle the bar with your financial knowledge? 30 Second Economics takes the top 50 economic theories, and explains them to the general reader in half a minute, using nothing more than two pages, 300 words and one picture. Economics will suddenly seem a lot more fun than the economy, and make a lot more sense, and along the way you'll meet founding fathers of modern economics such as Adam Smith, David Ricardo and Alfred Marshall. From Marxism to Mercantilism, plus everything in between, this is the ultimate 'crash' course in economic theory.

My Baby Rides the Short Bus

The stories in this collection provide parents of special needs kids with a dose of both laughter and reality. Featuring works by so-called alternative parents who have attempted to move away from mainstream thought, this anthology carefully considers the

implications of raising children with disabilities. From professional writers to novice storytellers, including original essays by Robert Rummel-Hudson, Ayun Halliday, and Kerry Cohen, this assortment of authentic, shared experiences from parents in the know is a partial antidote to the stories that misrepresent, ridicule, and objectify disabled children and their parents.
