University Education and Graduate Employment in Sri Lanka

Bachelor Thesis from the year 2016 in the subject Pedagogy - The Teacher, Educational Leadership, grade: 8, University of Latvia, language: English, abstract: The Diploma Paper explores techniques to teach American culture in English lessons in Grade 11. The author believes that teaching American culture, especially in the 21st century, is of high importance. The chosen research method was a case study in a Riga School. Interviews, questionnaire, students' portfolios and feedback were chosen as data collection methods. The data reflect that the use of the teaching techniques enhanced students' intercultural skills. American culture contributed to Grade 11 students' ability to draw connections among ideas, justify a stand or decision as well as produce a new original work or point of view. Even though the research showed beneficial results, the author suggests carrying out further research to gather more

data on the topic in other age groups.

The Common Core Language Arts Workouts: Reading, Writing, Speaking, Listening, and Language Skills Practice series for grades 6 through 8 is designed to help teachers and parents meet the challenges set forth by the Common Core State Standards. Filled with skills practice, critical thinking tasks, and creative exercises, some are practice exercises, while others pose creative or analytical challenges. These workouts make great warm-up or assessment exercises. They can be used to set the stage and teach the content covered by the standards or to assess what students have learned after the content has been taught. -- Mark Twain Media Publishing Company specializes in providing captivating, supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, the product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character.

Engage, challenge, and inspire students with work that matters. Transformational Literacy, written by a team from EL Education, helps teachers leverage the Common Core instructional shifts—building knowledge through content-rich nonfiction, reading for and writing with evidence, and regular practice with complex text—to engage students in work that matters. Worthy texts and worthy tasks help students see the connection between their hard work as readers and writers and their capacity to contribute to stronger communities and a better world. The stories, examples, and resources that permeate Transformational Literacy come primarily from the more than 150 EL Education schools around the country that support teachers to select, supplement, customize, and create curriculum, and improve instruction. The book also draws on EL Education's open source Common Core English Language Arts curriculum—often cited as one of the finest in the country—and professional development offered to thousands of teachers to implement that curriculum effectively. Transformational Literacy combines the

best of what EL Education knows works for kids—purposeful, inquiry-based learning—and the new imperative of the Common Core—higher and deeper expectations for all students. Teach standards through a compelling and purposeful curriculum that prioritizes worthy texts and worthy task Improve students' evidence-based reading, thinking, talking, and writing Support students to develop a new mindset toward the challenge of reading complex texts Transformational Literacy introduces an approach to literacy instruction that will engage, challenge, and inspire student with work that matters.
