She's the one thing he can't control Keenan is the mistake Khloe knows she shouldn't make. As an incubus, he's got an inside track into everything that makes her tick, and even though she's immune to his supernatural (and frankly unfair) sex appeal, that doesn't stop her body - and her demon - craving him. If it were any other male she'd have worked it out of her system ages ago and moved on, but this time she's scared that if she ever gives in, she won't escape unscathed. Since Keenan's traumatic childhood he's made sure he's always in control. Of himself, and of the world around him. But Khloe drives Keenan crazy. She's an imp, so getting under people's skin is basically her job description, but Khloe makes him - and his body - respond in ways he's never known. After a bet escalates the simmering tension between them it's finally game on . . . and then the game turns deadly serious. A threat appears that could threaten the whole lair and Keenan's desperate to protect Khloe any way he can - but will she accept his claim, and can he accept the power she has over him? Witch Confidential

Sam Parker is a vampire with a gift so strong and substantial that she is invited to partake in a test for a place in the Grand High Master Vampire's private army. She finds that not only has the army never included a woman, but it has never included a Sventé vampire; a breed that is regarded by the super strong Pagori breed and the hypnotically beautiful Keja breed to be too tame and human-like. Most refuse to take her seriously, especially a Pagori commander named Jared who she craves in spite of herself. The Grand High Master, however, sees her potential and offers her the position of Jared's co-commander to help train the newest squad in time for the impending attack on his home. Sam has to demonstrate to Jared and the squad of chauvinists why it is incredibly foolish to underestimate a wilful, temperamental, borderline-homicidal Sventé female. Warning: This novel contains an iron-willed female vampire with an energy whip, a sexist male vampire who is determined to have her, explicit vampy sex, and a romance story with real bite.

scale are not solely in the hands of governments or institutions. The spread of the internet and mobile phones are changing how people come together and get things done—and sparking a revolution that, as Clay Shirky shows, is changing what we do, how we do it, and even who we are. Here, we encounter a woman who loses her phone and recruits an army of volunteers to get it back from the person who stole it. A dissatisfied airline passenger who spawns a national movement by taking her case to the web. And a handful of kids in Belarus who create a political protest that the state is powerless to stop. Here Comes Everybody is a revelatory examination of how the wildfirelike spread of new forms of social interaction enabled by technology is changing the way humans form groups and exist within them. A revolution in social organization has commenced, and Clay Shirky is its brilliant chronicler. The night they spend together changes everything. He's done fighting himself on what he wants. Someone isn't happy about that.
