Back in the Day

Michael Eric Dyson took America by storm with this provocative expose of the class and generational divide that is tearing black America apart. Nothing exposed the class and generational divide in black America more starkly than Bill Cosby's now-infamous assault on the black poor when he received an NAACP award in the spring of 2004. The comedian-cum-social critic lamented the lack of parenting, poor academic performance, sexual promiscuity, and criminal behavior among what he called the “knuckleheads” of the African-American community. Even more surprising than his comments, however, was the fact that his audience laughed and applauded. Best-selling writer, preacher, and scholar Michael Eric Dyson uses the Cosby brouhaha as a window on a growing cultural divide within the African-American community. According to Dyson, the “Afristocracy”—lawyers, physicians, intellectuals, bankers, civil rights leaders, entertainers, and other professionals—looks with disdain upon the black poor who make up the “Ghettocracy”—single mothers on welfare, the married, single, and working poor, the incarcerated, and a battalion of impoverished children. Dyson explains why the black middle class has joined mainstream America to blame the poor for their troubles, rather than tackling the systemic injustices that shape their lives. He exposes the flawed logic of Cosby's diatribe and offers a principled defense of the wrongly maligned black citizens at the bottom of the social totem pole. Displaying the critical prowess that has made him the nation's preeminent spokesman for the hip-hop generation, Dyson challenges us all—black and white—to confront the social problems that the civil rights movement failed to solve.

To Teach

"A dauntingly ambitious, obsessively researched" (Los Angeles Times) global history of music that reveals how songs have shifted societies and sparked revolutions Histories of music overwhelmingly suppress stories of the outsiders and rebels who created musical revolutions and instead celebrate the mainstream assimilators who borrowed innovations, diluted their impact, and disguised their

File Type PDF Holler If You Hear Me Searching For Tupac Shakur Michael Eric Dyson

sources. In *Music: A Subversive History*, Ted Gioia reclaims the story of music for the riffraff, insurgents, and provocateurs. Gioia tells a four-thousand-year history of music as a global source of power, change, and upheaval. He shows how outcasts, immigrants, slaves, and others at the margins of society have repeatedly served as trailblazers of musical expression, reinventing our most cherished songs from ancient times all the way to the jazz, reggae, and hip-hop sounds of the current day. *Music: A Subversive History* is essential reading for anyone interested in the meaning of music, from Sappho to the Sex Pistols to Spotify.

Halal If You Hear Me

Set against the frenzied world of heavy metal superstardom, the co-founder of legendary Motley Crue offers an unflinching and gripping look at his own descent into drug addiction. When Motley Crue were at the height of their fame, there wasn't a drug Nikki Sixx wouldn't do. He spent days - sometimes alone, sometimes with others addicts, friends and lovers - in a coke- and heroin-fuelled daze. *THE HEROIN DIARIES* reveals Nikki's personal diary entries alongside commentary from the people who know Nikki best including band mates Tommy, Vince and Mick. The book is a candid look at a nightmare come true: a punishing heroin addiction that brought Nikki to the edge of losing his talent, his career, his family and finally to a near-fatal overdose which left him clinically dead for a few minutes before being revived. Brutally honest, utterly riveting and shockingly moving, *THE HEROIN DIARIES* follows Nikki during the year he plunged to rock bottom and his courageous decision to pick himself up and start living again.

White Trash

Named a 2018 Notable Work of Nonfiction by The Washington Post NOW A NEW YORK TIMES BESTSELLER • Winner, The 2018 Southern Book Prize NAMED A BEST/MOST ANTICIPATED BOOK OF 2018 BY: Chicago Tribune • Time • Publisher's Weekly A stunning follow up to New York Times bestseller *Tears We Cannot Stop* The Washington Post: "Passionately written." Chris Matthews, MSNBC: "A beautifully written book." Shaun King: "I kid you not-I think it's the most important book I've read all year" Harry Belafonte: "Dyson has finally written the book I always wanted to read a tour de force." Joy-Ann Reid: A work of searing prose and seminal brilliance Dyson takes that once in a lifetime conversation between black excellence and pain and the white heroic narrative, and drives it right into the heart of our current politics and culture, leaving the reader reeling and reckoning." Robin D. G. Kelley: "Dyson masterfully refracts our present racial conflagration he reminds us that Black artists and intellectuals bear an awesome responsibility to speak truth to power." President Barack Obama: "Everybody who speaks after Michael Eric Dyson pales in comparison." In 2015 BLM activist Julius Jones confronted Presidential candidate Hillary Clinton with an urgent query: "What in your heart has changed that's going to change the direction of this country?" "I don't believe you just change hearts," she protested. "I believe you change laws." The fraught conflict between conscience and politics - between morality and power - in addressing race hardly began with Clinton. An electrifying and traumatic encounter in the sixties crystallized these furious disputes. In 1963 Attorney General Robert Kennedy sought out James Baldwin to explain the rage that threatened to engulf black America. Baldwin brought along some friends, including

playwright Lorraine Hansberry, psychologist Kenneth Clark, and a valiant activist, Jerome Smith. It was Smith's relentless, unfiltered fury that set Kennedy on his heels, reducing him to sullen silence. Kennedy walked away from the nearly three-hour meeting angry – that the black folk assembled didn't understand politics, and that they weren't as easy to talk to as Martin Luther King. But especially that they were more interested in witness than policy. But Kennedy's anger quickly gave way to empathy, especially for Smith. "I guess if I were in his shoes I might feel differently about this country." Kennedy set about changing policy – the meeting having transformed his thinking in fundamental ways. There was more: every big argument about race that persists to this day got a hearing in that room. Smith declaring that he'd never fight for his country given its racist tendencies, and Kennedy being appalled at such lack of patriotism, tracks the disdain for black dissent in our own time. His belief that black folk were ungrateful for the Kennedys' efforts to make things better shows up in our day as the charge that black folk wallow in the politics of ingratitude and victimhood. The contributions of black queer folk to racial progress still cause a stir. BLM has been accused of harboring a covert queer agenda. The immigrant experience, like that of Kennedy – versus the racial experience of Baldwin – is a cudgel to excoriate black folk for lacking hustle and ingenuity. The questioning of whether folk who are interracially partnered can authentically communicate black interests persists. And we grapple still with the responsibility of black intellectuals and artists to bring about social change. What Truth Sounds Like exists at the tense intersection of the conflict between politics and prophecy – of whether we embrace political resolution or moral redemption to fix our fractured racial landscape. The future of race and democracy hang in the balance.

The Heroin Diaries

August Wilson's extraordinary memory play about his early life in Pittsburgh.

See You when We Get There

"This graphic novel brings to life William Ayers's bestselling memoir *To teach* : the journey of a teacher, third edition. From Ayers's early days teaching kindergarten, readers follow this renowned educational theorist on his 'voyage of discovery and surprise.'"--Cover, p. [4].

Makes Me Wanna Holler

Teaching Toward a Decolonizing Pedagogy outlines educational practitioner development toward decolonizing practices and pedagogies for anti-racist, justice-based urban classrooms. Through rich personal narratives of one teacher's critical reflections on her teaching, urban education scholarship and critical praxis are merged to provide an example of anti-racist urban schooling. Steeped in theoretical practice, this book offers a narrative of one teacher's efforts to decolonize her urban classroom, and to position it as a vehicle for racial and economic justice for marginalized and minoritized students. At once a model for deconstructing the white institutional space of US schooling and a personal account of obstacles to these efforts, *Teaching Toward a Decolonizing Pedagogy*

presents a research-based 'pueblo pedagogy' that reconsiders teacher identity and teachers' capacities for resilience, resistance, and community-based instruction. From this personal exploration, emergent and practicing teachers can extract curricula, practices, and dispositions toward advocacy for students most underserved and marginalized by public education. As an exemplar of decolonizing work both in classroom practices and in methodologies for educational research, this book presents tensions and complexities in school-based theorizing and praxis, and in teacher implementations of anti-racist pedagogies in and against the current US model of colonial schooling.

Tupac Shakur

Arguing that Martin Luther King, Jr., should stand beside the Founding Fathers in terms of his significance to American history, the author serves up a compelling portrait of a personally flawed but nevertheless great leader.

The Rose that Grew from Concrete

"After four years of living abroad, Saul Williams returned to the United States, his head twirling with thoughts on race, class, gender, finance, freedom -- everything that makes up our country." -- Back cover.

Check It While I Wreck It

A star during his lifetime, a legend after a bullet killed him at the age of twenty-five, Tupac Shakur was the most influential rap musician of his day--and the most misunderstood. Far from being the insolent "gangsta" that the press put forth, Tupac was a committed and fearless visionary determined to make a difference not only on the music scene but in the black community at large. Darrin Bastfield grew up with Tupac in a rough Baltimore neighborhood, rapped with him, fought with him, and performed by his side. Now in this vivid, highly personal memoir featuring never-before-seen photos of the rap artist, Darrin shows the world what Tupac Shakur was really like as a teenager destined for greatness. In tight, edgy prose, Darrin follows Tupac through the seven years of their friendship. In Roland Park Middle School in the mid-1980s, rap was a kind of underground movement, and the kids with real talent always found each other. Tupac--new in town, a skinny thirteen-year old with shabby clothes and lopsided hair--may have looked uncool, but it soon became clear that he had the gift. When Tupac teamed up with Mouse, king of the beatbox, they blew the school away in their performance as the Eastside Crew. It was the first in a series of increasingly electrifying performances. When Tupac went to the Baltimore School for the Arts, then it really started to happen. A new group called Born Busy, unforgettable performances at the Beaux Arts Balls, an eye-opening backstage encounter with Salt-N-Pepa, their tight friendship with John, known among black kids as "the cool white boy," a series of love affairs with adoring girls, the wild nights of the 1988 senior prom--Tupac and Darrin lived through it all together, and in this memoir Darrin makes it all come alive again. From the start, Darrin knew Tupac was a marked man, singled out by his charismatic gift. So it came as no surprise that Tupac made it big when rap went mainstream. What stunned Darrin was the violent turn Tupac's life took once

he relocated to L.A.—and how swiftly that violence engulfed and destroyed him. Vibrant, gritty, alive with the tension and spontaneity of rap music, this memoir of Tupac's teenage years is a haunting portrait of one of the most important artists of our day.

How I Learned What I Learned

A chronicle of the life and career of the rapper Tupac Shakur, which offers a collection of previously unpublished interviews, writings, and private photographs that provide a portrait of the influential late musician.

The Bomb-itty of Errors

Get started in the rapidly expanding field of computer vision with this practical guide. Written by Adrian Kaehler and Gary Bradski, creator of the open source OpenCV library, this book provides a thorough introduction for developers, academics, roboticists, and hobbyists. You'll learn what it takes to build applications that enable computers to "see" and make decisions based on that data. With over 500 functions that span many areas in vision, OpenCV is used for commercial applications such as security, medical imaging, pattern and face recognition, robotics, and factory product inspection. This book gives you a firm grounding in computer vision and OpenCV for building simple or sophisticated vision applications. Hands-on exercises in each chapter help you apply what you've learned. This volume covers the entire library, in its modern C++ implementation, including machine learning tools for computer vision. Learn OpenCV data types, array types, and array operations Capture and store still and video images with HighGUI Transform images to stretch, shrink, warp, remap, and repair Explore pattern recognition, including face detection Track objects and motion through the visual field Reconstruct 3D images from stereo vision Discover basic and advanced machine learning techniques in OpenCV

American Patriots

"A history of the class system in America from the colonial era to the present illuminates the crucial legacy of the underprivileged white demographic, citing the pivotal contributions of lower-class white workers in wartime, social policy, and the rise of the Republican Party"--NoveList.

Learning OpenCV 3

.. an ad-rap-tation, hip-hop theatre retelling of Shakespeare's The comedy of errors"--P. [4] of cover.

Deep Knowledge

It's been almost 20 years since poet, revolutionary, convict, and movie star, Tupac Amaru Shakur (a.k.a 2Pac, Makaveli, or simply 'pac), was gunned down at age 25 while he sat in traffic with Suge Knight near the Las Vegas Strip following a Mike Tyson fight at MGM Grand. In the new updated and expanded third edition of this

acclaimed biography, Las Vegas crime writer Cathy Scott has finally been able to include the previously unpublished chapter featuring the account of that last fateful night from "Big Frank," the rapper's now-deceased personal bodyguard. The raw no-holds-barred narrative, which includes exclusive photo evidence (including of Tupac's autopsy), is the definitive account of the unsolved murder of Tupac Shakur: the many possible motives, the failed investigation, the rap wars, the killing of Biggie Smalls, the Bloods-Crips connection, the Suge Knight and Death Row Records association, and the subsequent fate of numerous principals involved in the aftermath. It is also a sensitive, candid, and insightful account of the contradictory icon who remains not only one of the most influential rappers ever but, with more than 75 million records sold worldwide, he's also one of the best-selling music artists of all time. The music of Tupac Shakur is the legacy of his life. The Killing of Tupac Shakur is the legacy of his death.

Music

The National Political Science Review is the official publication of the National Conference of Black Political Scientists. This new volume, Contemporary Patterns of Politics, Praxis, and Culture reflects major research focuses across religion, race, gender, culture, and of course, politics. Themes that engage a community of scholars also engage them in praxis as individual citizens and practitioners in a democratic society, and collectively as member-participants in a changing culture. Two themes, religion and culture are relatively new areas of intellectual curiosity for political scientists. Articles in this volume extend the beachheads already established by African-American political scientists in studies that gauge the significance and influence of religion in both individual and group behavior. They chart religion's inevitable move onto the center stage of U.S. public affairs. The study of culture has essentially languished for almost a generation within political science, especially with regard to the study of American politics and society. During this time the emphasis has also shifted significantly from an almost exclusive focus on civic culture to an expanding focus on the broad expanse of popular culture in the contemporary period. Culture is the crucible within which politics, race, religion, and gender both foment and ferment, and artistic products of the culture are manifestations and mirrors of how we envision and construct a changing reality. Issues of race, religion, gender and culture are all dimensions of individual and group identity. The dynamics of changing individual and group identities change the underlying cultural canvas against which identity is displayed and politics is acted out. The concept of praxis is relatively new to the lexicon of political science. However, engagement in the practice of politics is not a new idea for African-American social scientists. Indeed, particularly for this group, and clearly for many others,

The Roots of Rap

With a new preface by the author. Ten years after his murder, Tupac Shakur is even more loved, contested, and celebrated than he was in life. His posthumously released albums, poetry, and motion pictures have catapulted him into the upper echelon of American cultural icons. In Holler If You Hear Me, "hip-hop intellectual" Michael Eric Dyson, acclaimed author of the bestselling *Is Bill Cosby Right?*, offers a wholly original way of looking at Tupac that will thrill those who already love the

artist and enlighten those who want to understand him.

Holler If You Hear Me, Comic Edition

Over the last 20 years, Michael Eric Dyson has become one of America's most visible—and quotable—public intellectuals. Whether in his sixteen books, or in countless newspapers, television and radio appearances, or on stages, podiums, and pulpits across the world, Dyson has spun an enchanting web of words that has caught the attention of the masses and elites alike. He has weighed in on a myriad array of topics – from faith to fatherhood, and from race to sex, as well as sports, manhood, gender, music, leadership, politics, language, love, justice, literature, suffering, death, hope, relationships and much, much more. *Can You Hear Me Now?*, offers a sampling of Dyson's sharp wit, profound thought, and edifying eloquence on the enduring problems of humanity, from love to justice, and the latest topics of the day, including race and the presidency. It is both revealing and relevant, and at once thoughtful provoking and uplifting. Whether he is writing about Jay-Z or Barack Obama, addressing racial catastrophes or opportunities, or speaking about religion or the felicities of King's rhetoric, Dyson's intellect shines with insight and inspiration. *Can You Hear Me Now?* captures Dyson's incredible facility with words, and his prodigious intelligence, at a time when he has gained greater fame as a public intellectual, university professor, best-selling author, and most recently, as one of the first prominent blacks to endorse President Barack Obama. The time is ripe for his wit, wisdom and worldview, and this book is Dyson's most accessible compendium of thinking on a broad range of topics that haunt and shape the nation.

Same as It Never Was

From the packagers behind *DYLAN SCRAPBOOK* and *SINATRA TREASURES*, comes a unique celebration of the life of one of the greatest rap artists in the world, Tupac Shakur.

US (a.)

Hip-hop culture began in the early 1970s as the creative and activist expressions -- graffiti writing, dee-jaying, break dancing, and rap music -- of black and Latino youth in the depressed South Bronx, and the movement has since grown into a worldwide cultural phenomenon that permeates almost every aspect of society, from speech to dress. But although hip-hop has been assimilated and exploited in the mainstream, young black women who came of age during the hip-hop era are still fighting for equality. In this provocative study, Gwendolyn D. Pough explores the complex relationship between black women, hip-hop, and feminism. Examining a wide range of genres, including rap music, novels, spoken word poetry, hip-hop cinema, and hip-hop soul music, she traces the rhetoric of black women "bringing wreck." Pough demonstrates how influential women rappers such as Queen Latifah, Missy Elliot, and Lil' Kim are building on the legacy of earlier generations of women -- from Sojourner Truth to sisters of the black power and civil rights movements -- to disrupt and break into the dominant patriarchal public sphere. She discusses the ways in which today's young black women struggle against the stereotypical

language of the past ("castrating black mother," "mammy," "sapphire") and the present ("bitch," "ho," "chickenhead"), and shows how rap provides an avenue to tell their own life stories, to construct their identities, and to dismantle historical and contemporary negative representations of black womanhood. Pough also looks at the ongoing public dialogue between male and female rappers about love and relationships, explaining how the denigrating rhetoric used by men has been appropriated by black women rappers as a means to empowerment in their own lyrics. The author concludes with a discussion of the pedagogical implications of rap music as well as of third wave and black feminism. This fresh and thought-provoking perspective on the complexities of hip-hop urges young black women to harness the energy, vitality, and activist roots of hip-hop culture and rap music to claim a public voice for themselves and to "bring wreck" on sexism and misogyny in mainstream society.

What Truth Sounds Like

"Raw, authoritative, and unflinching An elaborately detailed, darkly surprising, definitive history of the LA gangsta rap era."---Kirkus, starred review A monumental, revealing narrative history about the legendary group of artists at the forefront of West Coast hip-hop: Eazy-E, Dr. Dre, Ice Cube, Snoop Dogg, and Tupac Shakur. Amid rising gang violence, the crack epidemic, and police brutality, a group of unlikely voices cut through the chaos of late 1980s Los Angeles: N.W.A. Led by a drug dealer, a glammed-up producer, and a high school kid, N.W.A gave voice to disenfranchised African Americans across the country. And they quickly redefined pop culture across the world. Their names remain as popular as ever--Eazy-E, Dr. Dre, and Ice Cube. Dre soon joined forces with Suge Knight to create the combustible Death Row Records, which in turn transformed Snoop Dogg and Tupac Shakur into superstars. Ben Westhoff explores how this group of artists shifted the balance of hip-hop from New York to Los Angeles. He shows how N.W.A.'s shocking success lead to rivalries between members, record labels, and eventually a war between East Coast and West Coast factions. In the process, hip-hop burst into mainstream America at a time of immense social change, and became the most dominant musical movement of the last thirty years. At gangsta rap's peak, two of its biggest names--Tupac and Biggie Smalls--were murdered, leaving the surviving artists to forge peace before the genre annihilated itself. Featuring extensive investigative reporting, interviews with the principal players, and dozens of never-before-told stories, Original Gangstas is a groundbreaking addition to the history of popular music.

Tupac Shakur Legacy

A passionate, critically incisive biography of one of the most influential rappers of all time, Tupac Shakur, and how he came to dominate hip-hop in the 1990s

Holler If You Hear Me

In this time of narrowed curricula and high-stakes accountability, Gregory Michie's tales of struggle and triumph in *Holler If You Hear Me: The Education of a Teacher and His Students* are as relevant as ever. Since it was first published in 1999,

File Type PDF Holler If You Hear Me Searching For Tupac Shakur Michael Eric Dyson

Holler has become essential reading for new and seasoned teachers alike, and is an inspiring read for others. Weaving back and forth between Michie's awakening as a teacher and the first-person stories of his students, this highly acclaimed book paints an intimate and compassionate portrait of teaching and learning in urban America. While the popular notion of what it's like to teach in urban schools is one dominated by horror stories and hero tales, Michie and his students reside somewhere between these extremes, "between the miracles and the metal detectors."

Hurt Village

Describes social, cultural, and political aspects of hip-hop music through dialogues with academic scholars and documentary filmmakers.

The Rap Year Book

One of our most visceral and important memoirs on race in America, this is the story of Nathan McCall, who began life as a smart kid in a close, protective family in a black working-class neighborhood. Yet by the age of fifteen, McCall was packing a gun and embarking on a criminal career that five years later would land him in prison for armed robbery. In these pages, McCall chronicles his passage from the street to the prison yard—and, later, to the newsrooms of The Washington Post and ultimately to the faculty of Emory University. His story is at once devastating and inspiring. For even as he recounts his transformation, McCall compels us to recognize that racism is as pervasive in the newsroom as it is in the inner city, where it condemns so many black men to prison, to dead-end jobs, or to violent deaths. At once an indictment and an elegy, *Makes Me Wanna Holler* became an instant classic when it was first published in 1994. Now, some two decades later, it continues to bear witness to the great troubles—and the great hopes—of our nation. With a new afterword by the author

Is Bill Cosby Right?

A collection of verse by the late hip-hop star Tupac Shakur includes more than one hundred poems confronting such wide-ranging topics as poverty, motherhood, Van Gogh, and Mandela.

Holler If You Hear Me (2006)

This graphic memoir of teaching in urban America is a brilliant reimagining of the classic text by Gregory Michie, *Holler If You Hear Me: The Education of a Teacher and His Students*. Michie is joined by illustrator Ryan Alexander-Tanner and 10 artists—most of them young people of color—to bring a fresh, vibrant energy to the original tale of struggle and hope in the classroom. First published in 1999, the text has become one of the most enduring teacher memoirs of our time. Using comics to tell the story, this edition weaves back and forth, like the original, between Michie's awakening as a young teacher and the first-person stories of his students. Set in 1990s Chicago, but startlingly relevant today, this powerful adaptation of a long-time educator favorite is sure to inspire a new generation of teachers,

File Type PDF Holler If You Hear Me Searching For Tupac Shakur Michael Eric Dyson

students, and anyone who is concerned about the future of public education. "It is a great and marvelous thing to be reminded that to change the world we need only to change ourselves. Greg Michie and his students give me that hope." —Sandra Cisneros, author of *The House on Mango Street* "Individually and as a collection, these stories remind educators of their primary purpose: to fully see the young people they teach with and learn from each day. Interpreted and adapted by a group of incredible young artists, this new edition is a particular gift to those eager to see with young people, shifting our lens toward empathy and justice as we learn the value of seeing school through their eyes." —Carla Shalaby, Coordinator of Social Justice Initiatives and Community Internships, University of Michigan School of Education "What moved me when I first read *Holler* years ago as a new teacher, and moves me even more now with the new graphic novel, is Greg's willingness to keep listening to young people, to keep valuing their inherent brilliance, and to keep seeking ways to make his instruction respond directly to relevant issues. I cannot wait to share *Holler If You Hear Me, Comic Edition*." —Kim Parker, cofounder of #DisruptTexts, and assistant director of the Teacher Training Center at the Shady Hill School in Cambridge, Massachusetts

Tupac

"It's the end of a long summer in Hurt Village, a housing project in Memphis, Tennessee. A government Hope Grant means relocation for many of the project's residents, including Cookie, a thirteen-year-old aspiring rapper, along with her mother, Crank, and great-grandmother, Big Mama. As the family prepares to move, Cookie's father, Buggy, unexpectedly returns from a tour of duty in Iraq. Ravaged by the war, Buggy struggles to find a position in his disintegrating community, along with a place in his daughter's wounded heart."--Publisher description.

Live Through This

Explore the roots of rap in this stunning, rhyming, triple-timing picture book! A generation voicing stories, hopes, and fears founds a hip-hop nation. Say holler if you hear. The roots of rap and the history of hip-hop have origins that precede DJ Kool Herc and Grandmaster Flash. Kids will learn about how it evolved from folktales, spirituals, and poetry, to the showmanship of James Brown, to the culture of graffiti art and break dancing that formed around the art form and gave birth to the musical artists we know today. Written in lyrical rhythm by award-winning author and poet Carole Boston Weatherford and complete with flowing, vibrant illustrations by Frank Morrison, this book beautifully illustrates how hip-hop is a language spoken the whole world 'round, it and features a foreword by Swizz Beatz, a Grammy Award winning American hip-hop rapper, DJ, and record producer.

I May Not Get There with You

Tracing the history of blacks in the American military, the author chronicles acts of bravery and patriotism among African-American soldiers from the American Revolution to the Gulf War and offers close-up portraits of some of America's finest patriots. Reprint. 25,000 first printing.

Can You Hear Me Now?

New York Times Bestseller What J. D. Vance did for Appalachia with *Hillbilly Elegy*, CNN analyst and one of the youngest state representatives in South Carolina history Bakari Sellers does for the rural South, in this important book that illuminates the lives of America's forgotten black working-class men and women. Part memoir, part historical and cultural analysis, *My Vanishing Country* is an eye-opening journey through the South's past, present, and future. Anchored in in Bakari Seller's hometown of Denmark, South Carolina, *Country* illuminates the pride and pain that continues to fertilize the soil of one of the poorest states in the nation. He traces his father's rise to become, friend of Stokely Carmichael and Martin Luther King, a civil rights hero, and member of the Student Non-Violent Coordinating Committee (SNCC), to explore the plight of the South's dwindling rural, black working class—many of whom can trace their ancestry back for seven generations. In his poetic personal history, we are awakened to the crisis affecting the other "Forgotten Men & Women," who the media seldom acknowledges. For Sellers, these are his family members, neighbors, and friends. He humanizes the struggles that shape their lives: to gain access to healthcare as rural hospitals disappear; to make ends meet as the factories they have relied on shut down and move overseas; to hold on to precious traditions as their towns erode; to forge a path forward without succumbing to despair. *My Vanishing Country* is also a love letter to fatherhood—to Sellers' father, his lodestar, whose life lessons have shaped him, and to his newborn twins, who he hopes will embrace the Sellers family name and honor its legacy.

Bad Teacher! How Blaming Teachers Distorts the Bigger Picture

"Buried as a g while tha whole world remembers me" -Tupac Shakur, from "Until the End of Time" Tupac Shakur was larger than life. A gifted rapper, actor, and poet, he was fearless, prolific, and controversial—and often said that he never expected to live past the age of thirty. He was right. On September 13, 1996, he died of gunshot wounds at age twenty-five. But even ten years after Tupac's tragic passing, the impact of his life and talent continues to flourish. Lauded as one of the greatest hip-hop artists of all time, Tupac has sold more than sixty-seven million records worldwide, making him the top-selling rapper ever. *How Long Will They Mourn Me?* celebrates Tupac's unforgettable life—his rise to fame; his tumultuous dark side marked by sex, drugs, and violence; and the indelible legacy he left behind. Although Tupac's murder remains unsolved, the spirit of this legendary artist is far from forgotten. How long will we mourn him? Fans worldwide will grieve his untimely death for a long time to come.

Born to Use Mics

In his latest book, leading educator and author Kevin Kumashiro takes aim at the current debate on educational reform, paying particular attention to the ways that scapegoating public school teachers, teacher unions, and teacher educators masks the real, systemic problems. He convincingly demonstrates how current trends, like market-based reforms and fast-track teacher certification programs are

creating overwhelming obstacles to achieving an equitable education for all children. *Bad Teacher!* highlights the common ways that both the public and influential leaders think about the problems and solutions for public education, and suggests ways to help us see the bigger picture and reframe the debate.

Compelling, accessible, and grounded in current initiatives and debates, this book is important reading for a diverse audience of policymakers, school leaders, parents, and everyone who cares about education. Kevin K. Kumashiro is director of the Center for Anti-Oppressive Education and president-elect (2010–2012) of the National Association for Multicultural Education. He is a professor at the University of Illinois at Chicago, and the author of *The Seduction of Common Sense: How the Right Has Framed the Debate on America's Schools*. Praise for *Bad Teacher!* “This book could be a springboard for teachers . . . to become more actively involved in advocating for a paradigm shift in our concept of education.” —Grace Lee Boggs, The Boggs Center “Kumashiro is a remarkable sleuth who . . . shows us how the deck is stacked, how the game is played, who gains, and who loses. Join him in a clarion call to build a Movement to reclaim public education.” —Robert P. Moses, The Algebra Project “Courageous, blunt, and hopeful, *Bad Teacher!* offers a democratic vision for true educational change.” —Sonia Nieto, University of Massachusetts at Amherst “Anyone seeking to understand why so many of the reforms we have pursued have failed will benefit from reading this book.” —Pedro A. Noguera, New York University “Kumashiro explains why we should think differently about the prescriptions that are now taken for granted—and wrong.” —Diane Ravitch, New York University, author of *The Death and Life of the Great American School System: How Testing and Choice Are Undermining Education* “Kumashiro expertly examines the many forces working against public education, and how and why these forces are at play.” —Dennis Van Roekel, President, National Education Association “*Bad Teacher!* is oh-so-smart and timely. . . . This book attacks head-on the ragged patchwork of ‘school reform’ that has left us without even the vocabulary to frame what’s gone wrong.” —Patricia J. Williams, Columbia Law School 2012 Must-read book about K–12 education in the U.S., *Christian Science Monitor*

Original Gangstas

New York Times Bestseller - Washington Post Bestseller - Pitchfork Book Club selection *The Rap Year Book* takes readers on a journey that begins in 1979, widely regarded as the moment rap became recognized as part of the cultural and musical landscape, and comes right up to the present. Shea Serrano deftly pays homage to the most important song of each year. Serrano also examines the most important moments that surround the history and culture of rap music—from artists’ backgrounds to issues of race, the rise of hip-hop, and the struggles among its major players—both personal and professional. Covering East Coast and West Coast, famous rapper feuds, chart toppers, and show stoppers, *The Rap Year Book* is an in-depth look at the most influential genre of music to come out of the last generation. Complete with infographics, lyric maps, hilarious and informative footnotes, portraits of the artists, and short essays by other prominent music writers, *The Rap Year Book* is both a narrative and illustrated guide to the most iconic and influential rap songs ever created.

The Killing of Tupac Shakur-Third Edition

After a decade as an education professor, Greg Michie decided to return to his teaching roots. He went back to the same Chicago neighborhood, the same public school, and the same grade level and subject he taught in the 1990s. But much had changed—both in schools and in the world outside them. *Same As It Never Was* chronicles Michie's efforts to navigate the new realities of public schooling while also trying to rediscover himself as a teacher. Against a backdrop of teacher strikes and anti-testing protests, the movement for Black lives and the deepening of anti-immigrant sentiment, this book invites readers into an award-winning teacher's classroom as he struggles to teach toward equity and justice in a time where both are elusive for too many children in our nation's schools. **Book Features:** A follow-up to the author's bestseller, *Holler If You Hear Me*, a long-time staple in teacher education programs. An examination of current issues, such as the importance of teacher unions, anti-racist/culturally relevant teaching, resistance to standardized testing, teacher evaluation, and the political nature of teaching. A rare memoir of a professor returning to public school teaching that will inform and inspire a broad audience.

How Long Will They Mourn Me?

Academic essays reflect on the 1994 album *Illmatic* by Nasir "Nas" Jones, covering topics ranging from jazz history to gender.

Know what I Mean?

This powerful book couldn't come at a more timely juncture. With our deep misunderstanding of racial identity, the murder of transgender women increasing at an alarming rate and the battle of faith and sexual orientation at churches across the country, we are in a cultural war of ideologies. Overwhelming prejudices have constricted our basic capacity for compassion and understanding. *Live Through This* is a collection of intimate essays about one man's journey to self-acceptance when his faith, sexuality, and race battled with societal norms. These insightful writings will plant seeds of consideration and inspire readers to stretch beyond stereotypes. By reading stories about the demographics that live on the fringe of traditions, we gain a deeper awareness of our cultural climate and how we can improve it, starting with ourselves.

Teaching Toward a Decolonizing Pedagogy

A *BreakBeat Poets* anthology of writings by Muslims who are women, queer, genderqueer, nonbinary, or trans.

Contemporary Patterns of Politics, Praxis, and Culture

Gregory Michie's first bestseller, *Holler If You Hear Me*, put him on the map as a compelling and passionate voice in urban education. In his new book, Michie turns his attention to young teachers of colour, and once again provides readers with a unique and penetrating look inside public school classrooms. Featuring portraits of five young teachers (two African Americans, two Latinas, and one Asian American) who are working for change, Michie weaves the teachers' powerful voices with

classroom vignettes and his own experiences. Along the way, he examines what motivates and sustains these teachers, as well as what they see as the challenges and possibilities of public education. In these times of national standards, high-stakes accountability, and calls for reforming teacher education and preparation, *See You When We Get There* is essential reading.

My Vanishing Country

Deep Knowledge is a book about how peoples ideas change as they learn to teach. Using the experiences of six middle and high school student teachers as they learn to teach science in diverse classrooms, Larkin explores how their work changes the way they think about students, society, schools, and science itself. Through engaging case stories, *Deep Knowledge* challenges some commonly held assumptions about learning to teach and tackles problems inherent in many teacher education programs. This book digs deep into the details of teacher learning in a way seldom attempted in teacher education textbooks.
