Big Mojo

Interest in weather and extraordinary weather events—as evidenced by the growth industry of weather-as-entertainment television programming and amateur storm chasing—is growing. Interest in the atmospheric sciences, especially meteorology, and especially among young people who have the most at stake in our rapidly shifting atmospheric future, is at an all-time high. This book reveals the surprising array of career paths open to those students who are interested in meteorology and the even more diverse range of employers—from the local TV or radio station to government agencies like NASA and NOAA, from professional sports leagues to airline companies, from the military to private industries, such as insurance, utilities, and fisheries. The high school and post-secondary educational requirements as well as typical career paths and avenues to advancement are all outlined. This comprehensive, all-inclusive, one-stop guide to the field will set weather watchers on the path to an enriching and rewarding career in meteorology.

Eidolon

Wall Street's miasmal garbage washes up on the Jersey Shore when a small time broker falls in love: Is he attracted to the beautiful lady — or her brother's inside information? Held spellbound by a steamy, auburn-haired woman with a dubious past and a get-rich-quick, insider trading scheme, Austin Carr knocks down a beehive of bad-acting Bonacellis, including the ill-tempered "Mr. Vic" Bonacelli, who wants his redhead back, and local mob lieutenant Angelina "Mama Bones" Bonacelli, architect of a strange and excruciating death trap for the fast-talking stockbroker she calls smarty pants. To survive, Austin must unravel threads of jealousy, revenge and new affections, discover the fate of a pseudo ruby called the Big Mojo and slam the lid on a pending United States of America vs. Austin Carr insider trading case. Can Austin and his Jersey Shore mouthpiece possibly out maneuver the savvy U.S. District Attorney from Manhattan? Will anything matter for Austin ever again if Mama Bones flips that switch? Praise for BIG MOJO ... "Darkly comic and always entertaining — with an outrageous cast of characters including a scheming grandmother and a mysterious redhead. Our engaging hero, fueled by honor and passion, does the best he can in a world where the bad guys seem determined to do him in. Gordon Gekko meets Janet Evanovich in this wry and winning caper — Jack Getze does it again!" — Hank Phillippi Ryan, Agatha, Anthony and Mary Higgins Clark Award winning author of Truth Be Told "If Jack Getze's Austin Carr novels aren't on your must-read list, you don't know what you're missing. Austin Carr's that buddy your wife doesn't like you to hang out with. Fast-talking,

wisecracking, and hard-living, he's the type of guy who swears he's only ever looking for a good time, and yet every night out with him seems to end in a fight. But you can't deny he's got heart — and BIG MOJO is Carr's most epic adventure yet. It's got frame-ups. Insider trading. Stolen jewels. Double-crosses. Triple-crosses. Love potions. Gunplay. And enough outsized characters it could only take place in the great state of New Jersey. So pick it up. Give it a read. But maybe tell the missus you're hanging out with someone else." — Chris F. Holm, author of the Collector Series "There's no way you can lose with an Austin Carr novel with a gorgeous redhead, a character with the moniker of "Mama Bones", a double-crossing business partner, more bad guys than can be seen in one place outside of the White House, and Austin's smart mouth that surely he learned by reading lots of Robert B. Parker's character Spenser ... A truly rollicking, fun, action-filled read with more twists than a fevered revival of Hula Hoop fanatics at a Jersey Shore ballroom ... And then, there's that redhead. Always that redhead ... " — Les Edgerton, author of The Genuine, Imitation, Plastic Kidnapping and others "The irrepressible Austin Carr is back, and he's sly and sardonic as ever. Jack Getze's BIG MOJO is a rollercoaster ride you don't want to miss!" — Hilary Davidson, Anthony Award Winning Author of Blood Always Tells

The Constitution of the State of Arkansas

A psychological thriller in the tradition of Patricia Highsmith about two couples caught in a web of conflicting passions while deep-sea diving off the beautiful Canary Islands In the late 1990s, Sven Fiedler and his girlfriend, Antje, left Germany for the island of Lanzarote, rejecting what Sven considered a vulgar culture of materialism and judgment. The young couple set up a diving service catering to tourists eager to bask in the warm sunshine and explore the silent, gleaming marine paradise that makes this otherwise barren volcanic island such a remarkable retreat. Sven's approach was simple: take the mechanics of diving seriously, instruct his clients clearly, and stay out of their personal business as best he can. And life on the island goes smoothly until two German tourists--Jola von der Pahlen, a daytime soap star on the verge of cinematic success, and Theo Hast, a stalled novelist--engage Sven for a high-priced, intensive two-week diving experience. Staying in a guest house on Sven and Antje's property, the two visitors and their hosts quickly become embroiled in a tangle of jealousy and suspicion. Sven is struck by Jola's beauty, her evident wealth, and her apparently volatile relationship with the

much older Theo. Theo quickly leaps to the conclusion that Sven and Jola are having an affair, but, oddly, he seems to facilitate it rather than trying to intervene. Antje, looking on, grows increasingly wary of these particular clients. As the point of view shifts from one character to the next, the reader is constantly kept guessing about who knows what, and, more important, who is telling the truth. A brutal game of delusion, temptation, and manipulation plays out, pointing toward a violent end. But a quiet one, down in the underwater world beneath the waves.

Total Productive Maintenance

The book follows the two children as they embark on an adventure, which begins with the discovery of a hidden witch's haven in a graveyard and Jordan's first encounter with the spirit world - but by now means the first for Sebastian. Then a haunted observatory on the outskirts of town yields a clue - a piece of an intriguing map leading to, what they believe to be, hidden treasure. After collecting the rest of the clues from around the town, Jordan and Sebastian search for the treasure, but instead of rubies, emeralds and gold doubloons, they find themselves lead to a doorway into another world, called the Phantom Realm.

Decompression

A Manual of the Short Story Art

Helle Amin seemed to have the perfect life on the tropical island of Bali with her husband and four children. But one day in 2002 this idyllic existence was shattered when she returned home from a shopping trip to find her children gone. It didn't take long to discover that her Saudi Arabian husband had taken them to live in his home country. With her children thousands of miles away in the totally unfamiliar surroundings of an Islamic state, Helle drew upon her remarkable courage. Enlisting the help of her friends, she set off for the desert in a desperate attempt to find her beloved boys. Her journey was filled with drama, danger, excitement and sorrow. In the astonishing struggle that followed, Helle was reduced to catching occasional glimpses of her boys as they went to and from school in Jeddah. Some women might have given up, but not Helle. In a male-dominated society, she prepared her case and demanded justice in the Saudi courts. After a long battle, Helle and her boys were reunited forever, and as a testament to her bravery she was a recent Tesco Mum of the Year

winner. This gripping story cannot fail to touch any reader's heart and is packed with adventure, heartache and joy.

The Australian Driver's Handbook

The first edition of this title proved the most successful of the Portable Handbook series launched in 1999. Aimed at electrical engineers and technicians working in building power systems, the relentlessly practical Handbook succeeded as an in the field working tool. This new edition is necessitated by the new 2002 version of the National Electrical Code (NEC). This code changes render much of the existing material obsolete, so over half the chapters require heavy rewrites to stay current.
