#### **Mr. Putter & Tabby Feed the Fish**

This book provides a comprehensive and interdisciplinary examination of dual language education for Latina/o English language learners (ELLs) in the United States, with a particular focus on the state of Texas and the U.S.-Mexico border. The book is broken into three parts. Part I examines how Latina/o ELLs have been historically underserved in public schools and how this has contributed to numerous educational inequities. Part II examines bilingualism, biliteracy, and dual language education as an effective model for addressing the inequities identified in Part I. Part III examines research on dual language education in a large urban school district, a high-performing elementary school that serves a high proportion of ELLs along the Texas-Mexico border, and best practices for principals and teachers. This volume explores the potential and realities of dual language education from a historical and social justice lens. Most importantly, the book shows how successful programs and schools need to address and align many related aspects in order to best serve emergent bilingual Latino/as: from preparing teachers and administrators, to understanding assessment and the impacts of financial inequities on bilingual learners. “At 11:35 p.m., as Radio Armero played cheerful music, a towering wave of mud and rocks bulldozed through the village, roaring like a squadron of fighter jets.” Twenty-three thousand people died in the 1985 eruption of Colombia’s Nevado del Ruiz. Today, more than one billion people worldwide live in volcanic danger zones. In this riveting nonfiction book—filled with spectacular photographs and sidebars—Rusch reveals the perilous, adrenaline-fueled, life-saving work of an international volcano crisis team (VDAP) and the sleeping giants they study, from Colombia to the Philippines, from Chile to Indonesia.

#### **Ancient World History**

From two heavy-hitters in children's literature comes a critically acclaimed biographical novel of cultural icon Muhammad Ali. \*"This utterly delightful story about Ali's childhood is a smash hit." --School Library Journal (starred review) Five starred reviews! Before he was a household name, Cassius Clay was a kid with struggles like any other. Kwame Alexander and James Patterson join forces to vividly depict his life up to age seventeen in both prose and verse, including his childhood friends, struggles in school, the racism he faced, and his discovery of boxing. Readers will learn about Cassius' family and neighbors in Louisville, Kentucky, and how, after a thief stole his bike, Cassius began training as an amateur boxer at age twelve. Before long, he won his first Golden Gloves bout and began his transformation into the unrivaled Muhammad Ali. Fully authorized by and written in cooperation with the Muhammad Ali estate, and vividly brought to life by Dawud Anyabwile's dynamic artwork, *Becoming Muhammad Ali* captures the budding charisma and youthful personality of one of the greatest sports heroes of all time.

"An enthralling story . . . A work of history that reads like a novel." — Christian Science Monitor “As Hochschild’s brilliant book demonstrates, the great Congo scandal prefigured our own times . . . This book must be read and reread.” — Los Angeles Times Book Review In the late nineteenth century, as the European powers were carving up Africa, King Leopold II of Belgium carried out a brutal plundering of the territory surrounding the Congo River. Ultimately slashing the area’s population by ten million, he still managed to shrewdly cultivate his reputation as a great humanitarian. A tale far richer than any novelist could invent, *King Leopold’s Ghost* is the horrifying account of a megalomaniac of monstrous proportions. It is also the deeply moving portrait of those who defied Leopold: African rebel leaders who fought against hopeless odds and a brave handful of missionaries, travelers, and young idealists who went to Africa for work or adventure but

unexpectedly found themselves witnesses to a holocaust and participants in the twentieth century's first great human rights movement. A National Book Critics Circle Award Finalist A New York Times Notable Book

“Enchanting,”—*New York Times* “I love this book! I think it is brilliant.”—Ed Catmull, cofounder and president of Pixar Animation, president of Disney Animation, and coauthor of the bestseller *Creativity Inc.* The revelatory saga of Pixar's rocky start and improbable success After Steve Jobs was dismissed from Apple in the early 1990s, he turned his attention to a little-known graphics company he owned called Pixar. One day, out of the blue, Jobs called Lawrence Levy, a Harvard-trained lawyer and executive to whom he had never spoken before. He hoped to persuade Levy to help him pull Pixar back from the brink of failure. This is the extraordinary story of what happened next: how Jobs and Levy concocted and pulled off a highly improbable plan that transformed Pixar into one of Hollywood's greatest success stories. Levy offers a masterful, firsthand account of how Pixar rose from humble beginnings, what it was like to work so closely with Jobs, and how Pixar's story offers profound lessons that can apply to many aspects of our lives. “Part business book and part
