The Savior's Sister

The textbook, *Conversational Italian for Travelers*, is a fun, friendly book, not formal like most language books, and teaches everything one needs to know to travel to Italy. If you want to really understand the Italian of today, you need this book! We learn language and culture as we follow the character Caterina in dialogues that detail her travels through Italy. As she boards planes, trains, and finally takes a ride in her cousin's car, we learn how to do these things in Italian. When she meets up with her Italian family, we learn the phrases of communicating with others, including what to say if you meet someone special, how to go shopping and how to use the telephone. Finally, Caterina goes on a trip to Lago Maggiore with her Italian family, and we learn phrases needed to stay at a hotel, go sight-seeing, and of course, go to the restaurant and order wonderful Italian food! Many Italian dishes commonly ordered in Italian restaurants are listed in the last three chapters of the book.

In *Secrets of the Six-Figure Author* you will learn the 12 key obstacles every author must face and how to blast through them without breaking a sweat.

How Much Do Fruits and Vegetables Cost?

Over half of all births to young adults in the United States now occur outside of marriage, and many are unplanned. The result is increased poverty and inequality for children. The left argues for more social support for unmarried parents; the right argues for a return to traditional marriage. In *Generation Unbound*, Isabel V. Sawhill offers a third approach: change "drifters" into "planners." In a well-written and accessible survey of the impact of family structure on child well-being, Sawhill contrasts "planners," who are delaying parenthood until after they marry, with "drifters," who are having unplanned children early and outside of marriage. These two distinct patterns are contributing to an emerging class divide and threatening social mobility in the United States. Sawhill draws on insights from the new field of behavioral economics, showing that it is possible, by changing the default, to move from a culture that accepts a high number of unplanned pregnancies to a culture in which adults only have children when they are ready to be a parent.

Showcasing hundreds of funky vehicles, awe-inspiring landscapes, and cleverly designed interiors in tiny spaces from around the world, Van Life is perfect for who anyone daydreams about living on the open road. More and more people—from millennials to baby boomers—are taking a break from conventional life for the freedom, tranquility, and adventure of being on the road and living in a converted vintage truck, camper, or van. One of these vandwellers, Foster Huntington, created the #vanlife hashtag as he chronicled his adventures living in a van while driving it across the country. He tapped into a community of like-minded individuals looking to explore nature at their own pace and live a debt-free lifestyle. Van Life showcases the best crowd-sourced photographs from Foster's tumblr account, van-life.net, many of which have never been posted. Organized into sections like Volkswagen vans, American vans, converted vans, school buses, and more, the hundreds of photos include shots of the unique vehicles, the beautiful locations they've been parked including stunning beaches, dramatic mountains and picturesque forests, fully designed interiors with kitchens and sleeping quarters, and more. Also included are interviews with solo travelers, couples, and families who are living this new American dream.

America's colleges and universities are the best in the world. They are also the most expensive. Tuition has risen faster than the rate of inflation for the past thirty years. There is no indication that this trend will abate. Ronald G. Ehrenberg explores the causes of this tuition inflation, drawing on his many years as a teacher and researcher of the economics of higher education and as a senior administrator at Cornell University. Using incidents and examples from his own experience, he discusses a wide range of topics including endowment policies, admissions and financial aid policies, the funding of research, tenure and the end of mandatory retirement, information technology, libraries and distance learning, student housing, and intercollegiate athletics. He shows that colleges and universities, having multiple, relatively independent constituencies, suffer from ineffective central control of their costs. And in a fascinating analysis of their

response to the ratings published by magazines such as "U.S. News & World Report," he shows how they engage in a dysfunctional competition for students. In the short run, colleges and universities have little need to worry about rising tuitions, since the number of qualified students applying for entrance is rising even faster. But in the long run, it is not at all clear that the increases can be sustained. Ehrenberg concludes by proposing a set of policies to slow the institutions' rising tuitions without damaging their quality.

"One of the most anticipated YA debuts of 2018, *Brightly Burning* is a gothic, romantic mystery with hints of *Jane Eyre*, *Marissa Meyer*, and *Kiera Cass*." —*Entertainment Weekly* "*Brightly Burning* delivers a brooding gothic mystery and a swoony romance, all set in space. Donne's atmospheric, twisty update of a cherished classic will keep you up late into the night!" —Elly Blake, NYT bestselling author of the *Frostblood Saga* *Stella Ainsley* leaves poverty behind when she quits her engineering job aboard the *Stalwart* to become a governess on a private ship. On the *Rochester*, there's no water ration, more books than one person could devour in a lifetime, and an AI who seems more friend than robot. But no one warned *Stella* that the ship seems to be haunted, nor that it may be involved in a conspiracy that could topple the entire interstellar fleet. Surrounded by mysteries, *Stella* finds her equal in the brooding but kind nineteen-year-old Captain *Hugo*. When several attempts on his life spark more questions than answers, and the beautiful *Bianca Ingram* appears at *Hugo's* request, his unpredictable behavior causes *Stella's* suspicions to mount. Without knowing who to trust, *Stella* must decide whether to follow her head or her heart. *Alexa Donne's* lush and enthralling reimagining of the classic *Jane Eyre*, set among the stars, will seduce and beguile you.

"The Savior's Sister is utterly unputdownable. It's compulsive, addictive, and mesmerizing. If you love romance, fantasy, and bloodshed, ignore your TBR pile, this is the only dark fantasy novel you need." - *Sacha Black*, BESTSELLING fantasy

and nonfiction writing craft author In the thrilling companion to one of Book Depository's Best Books of All Time, experience the peril and heart-stopping romance through Leila's fresh perspective. Leila Tūs Salvatíraas, Savior of Thessen and magical Queen of Her realm, is worshiped by all. Except Her father. He wants Her dead. The Sovereign's Tournament-a centuries-long tradition designed to select The Savior's husband-is days away, but Brontes's plan to overthrow his daughter ignites, shifting the objective of the competition from marriage to murder. With the help of Her sisters and some unexpected allies, Leila must unravel Brontes's network and prevent Her own assassination. But as the body count rises, She learns the deception runs far deeper than She imagined. When She finds Herself falling for one of the tournament competitors, Her father finds himself another target for murder. Can Leila save Herself and Her beloved, or is their untimely end-and the corruption of Her realm-inevitable? TRIGGER WARNINGS: This book contains graphic violence, sexual situations, physical abuse, adult language, and references to suicide. This entertaining book seeks to unravel an array of pricing puzzles from the one captured in the book's title to why so many prices end with "9" (as in \$2.99 or \$179). Along the way, the author explains how the 9/11 terrorists have, through the effects of their heinous acts on the relative prices of various modes of travel, killed more Americans since 9/11 than they killed that fateful day. He also explains how well-meaning efforts to spur the use of alternative, supposedly environmentally friendly fuels have starved millions of people around the world and given rise to the deforestation of rainforests in Malaysia and Indonesia.
