"A memoir of Karachi through the eyes of its women. Rafia Zakaria's Muslim-Indian family immigrated to Pakistan from Bombay in 1962, feeling the situation for Muslims in India was precarious and that Pakistan represented enormous promise. And for some time it did. Her family prospered, and the city prospered. But in the 1980s, Pakistan's military dictators began an Islamization campaign designed to legitimate their rule--a campaign that particularly affected women. The political became personal for Zakaria's family when her Aunt Amina's husband did the unthinkable and took a second wife, a betrayal of kin and custom that shook the foundation of her family. The Upstairs Wife dissects the complex strands of Pakistani history, from the problematic legacies of colonialism to the beginnings of terrorist violence to increasing misogyny, interweaving them with the arc of Amina's life to reveal the personal costs behind ever-more restrictive religious edicts and cultural conventions. As Amina struggles to reconcile with a marriage and a life that had fallen below her expectations, we come to know the dreams and aspirations of the people of Karachi and the challenges of loving it not as an imagined city of Muslim fulfillment but as a real city of contradictions and challenges"--

Yousafzai's bestselling memoir, *I Am Malala*, introduces readers of 7+ to the remarkable story of a teenage girl who risked her life for the right to go to school. Raised in a changing Pakistan by an enlightened father from a poor background and a beautiful, illiterate mother, Malala was taught to stand up for her beliefs. The book follows Malala's incredible journey to recovery in the aftermath of the attack, from the life-saving surgery she receives in a Birmingham hospital to her reunion with her family and their eventual relocation to England. bestselling author Malala Yousafzai introduces some of the people behind the statistics and news stories about the millions of people displaced worldwide. Malala's experiences visiting refugee camps caused her to reconsider her own displacement -- first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, which is part memoir, part communal storytelling, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys -- girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person -- often a young person -- with hopes and dreams.

"This Step 4 Biography Reader shares the inspiring story of Malala Yousafzai, the youngest recipient of the Nobel Peace Prize. Even as a young girl in Pakistan, Malala spoke up about the importance of girls' education, via speeches and a blog. Since the Taliban regime was intent on denying girls an education and silencing anyone who disagreed with their laws, this was very dangerous. Malala was shot, but she survived the attack and it did not silence her. In fact, she spoke at the United Nations on her sixteenth birthday, just nine months after she was shot. Malala's resolve has only magnified her voice, delivering her message of human rights to millions of people. a Step 4 Readers use challenging vocabulary and short paragraphs to tell exciting stories. These impossibly cheerful essays on the routine horrors of the present era explain everything from the resurgence of measles to the fiasco of the presidency. In *Nothing Is Wrong and Here Is Why*, acclaimed Washington Post satirist Alexandra Petri offers perfectly logical, reassuring reasons for everything that has happened in recent American politics that will in no way unsettle your worldview. In essays both new and adapted from her viral Washington Post columns, Petri reports that the Trump administration is as competent as it is uncorrupted, white supremacy has never been less rampant, and men have been silenced for too long. The “woman card” is a powerful card to play! Q-Anon makes perfect sense! This Panglossian venture into our swampy present offers a virtuosic first draft of history—a parody as surreal and deranged as the Trump administration itself. “One of the difficulties of being alive today,” she notes, “is that everything is absurd but fewer and fewer things are funny.” Written with devastating wit that reveals a persistent, perhaps manic optimism about her benighted country, Petri’s essays have become iconic expressions of rage and anger, read and liked and

This report documents the dynamics of violence against women in South Asia across the life cycle, from early childhood to old age. It explores the different types of violence that women may face

throughout their lives, as well as the associated perpetrators (male and female), risk and protective factors for both victims and perpetrators, and interventions to address violence across all life cycle stages. The report also analyzes the societal factors that drive the primarily male — but also female — perpetrators to commit violence against women in the region. For each stage and type of violence, the report critically reviews existing research from Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, and Sri Lanka, supplemented by original analysis and select literature from outside the region. Policies and programs that address violence against women and girls are analyzed in order to highlight key actors and promising interventions. Finally, the report identifies critical gaps in research, program evaluations, and interventions in order to provide strategic recommendations for policy makers, civil society, and other stakeholders working to mitigate violence against women in South Asia.

### **The Trial of the Chicago 7: The Official Transcript**

Republished fifty years later to coincide with the release this fall of the film of the same title written and directed by Aaron Sorkin with an all-star cast, this is the classic account of perhaps the most infamous, and definitely the most entertaining, trial in recent American history. In the fall of 1969 eight prominent anti-Vietnam War activists were put on trial for conspiring to riot at the 1968 Democratic National Convention in Chicago. One of the eight, Black Panther cofounder Bobby Seale, was literally bound and gagged in court by order of the judge, Julius Hoffman, and his case was separated from that of the others. The activists, who included Abbie Hoffman, Jerry Rubin, and Tom Hayden, and their attorneys, William Kunstler and Leonard Weinglass, insisted that the First Amendment was on trial. Their witnesses were a virtual who's who of the 1960s counterculture: Allen Ginsberg, Timothy Leary, Arlo Guthrie, Judy Collins, Norman Mailer, among them. The defendants

“Wolfe does an exemplary job of detailing the ceremonies performed at Mecca and the reasons behind them . . . Highly recommended” (Library Journal, starred review). This updated and expanded edition of *One Thousand Roads to Mecca* collects significant works by observant travel writers from the East and West over the last ten centuries—including two new contemporary narratives—creating a comprehensive, multifaceted literary portrait of the enduring tradition. Since its inception in the seventh century, the pilgrimage to Mecca has been the central theme in a large body of Islamic travel literature. ## **I Am Malala by Malala Yousafzai (Book Analysis)**

Every Falling Star, the first book to portray contemporary North Korea to a young audience, is the intense memoir of a North Korean boy named Sungju who is forced at age twelve to live on the streets and fend for himself. To survive, Sungju creates a gang and lives by thieving, fighting, begging, and stealing rides on cargo trains. Sungju richly re-creates his scabrous story, depicting what it was like for a boy alone to create a new family with his gang, his "brothers"; to be hungry and to fear arrest, imprisonment, and even execution. This riveting memoir allows young readers to learn about other cultures where freedoms they take for granted do not exist.
