The Britannica Year-book 1913

The academy

The Role of Aerial Surveys in Highway Engineering

Surveying and Mapping

The Oxford Survey of the British Empire

Role of Aerial Surveys in Highway Engineering, Prepared for the Ninth Congress, International Society for Photogrammetry, London, England, September 5-7, 1960

Some vols. include supplemental journals of "such proceedings of the sessions, as, during the time they were depending, were ordered to be kept secret, and respecting which the injunction of secrecy was afterwards taken off by the order of the House."

The Geographical Journal

Bulletin of the American Geographical Society

The editors have updated and revised this edition and added 12 new authors to their distinguished list of contributors from academia and industry. Contains the latest research methodologies, statistics and techniques relevant to tourism and hospitality. Includes additional material regarding the airline industry, supporting disciplines in the social sciences and environmental issues. Reflects the increasing emphasis on globalization focusing more extensively on the area of research which seeks to evaluate the effectiveness of tourism advertising.
