Swedish Fairy Tales

Eight-year-old Princess Irene lives a lonely life in a wild and desolate country full of mountains and valleys. Her father's palace, built upon one of the mountains, was very grand and beautiful. The princess was born there, but, soon after her birth, she was sent away to be brought up by country people in a large house, half castle, half farm-house, on the side of another mountain, about halfway between

its base and its peak. Her father the king is normally absent attending to affairs of state, and her mother is dead. Irene has never known about the existence of the goblins which lurk in the underground mines, but her nursemaid Lottie does know about them. These goblins are grotesque and hideous beings, who centuries ago were human, but due to various reasons, they were driven underground and became malformed and distorted by their new lifestyle. This caused them to despise the humans above the ground and vow revenge against them. When the peaceful kingdom is menaced by an army of monstrous goblins, intent of revenge, the brave and beautiful princess Irene joins forces with, Curdie, a resourceful peasant boy to rescue the noble king and all his people. The lucky pair explore the mines and battle the evil power of the wicked goblin prince armed only with the gift of song, the miracle of love, and a magical shimmering thread given to her by a beautiful lady who lives in the attic of the great house.
