Theology of the Body for Beginners

YOUCAT is short for Youth Catechism of the Catholic Church, which is the official catechism for World Youth Day. Written for high-school age people and young adults, YOUCAT is an accessible, contemporary expression of the Catholic Faith. The popular format includes Questions-and-Answers, highly-readable commentary, margin pictures and illustrations, summary definitions of key terms, Bible citations, and quotes from the Saints and other great teachers. What's more, YOUCAT is keyed to the Catechism of the Catholic Faith, so people can go deeper. It explains: What Catholics believe (doctrine) How they celebrate the mysteries of the faith (sacraments) How Catholics are to live (moral life) How they should pray (prayer and spirituality) The questions are direct and honest, even at times tough; the answers straightforward, relevant, and compelling. After the Bible, YOUCAT will likely become the go-to place for young people to learn the truth about the Catholic faith. Pope Benedict XVI wrote the foreword; Cardinal Christoph Schoenborn, the editor of YOUCAT and the Archbishop of Vienna, Austria, wrote the afterword.

How to Read a Book

Although there are countless ways to study Saint John Paul the Great, the most direct route is by entering the man's heart. Discover the five greatest loves of Saint John Paul II, through remarkable unpublished stories about him from bishops, priests, his students, Swiss Guards, and others. Mining through a mountain of papal resources, Jason Evert has uncovered the gems and now presents the Church a treasure chest brimming with the jewels of the saint's life.

Covenant of Love

In honor of its fortieth anniversary (1978–2018), Ignatius Press presents a special Commemorative Edition of one of the most important works written by Joseph

Ratzinger, *The Spirit of the Liturgy*. This edition includes the earlier classic work with the same title by Servant of God Romano Guardini, a book that helped Ratzinger to "rediscover the liturgy in all its beauty, hidden wealth and time-transcending grandeur, to see it as the animating center of the Church, the very center of Christian life". Considered by Ratzinger devotees as one of his greatest works, this profound and beautifully written treatment of the liturgy will help readers to deepen their understanding of the "great prayer of the Church". The cardinal discusses fundamental misunderstandings of the Second Vatican Council's intentions for liturgical renewal, especially about the priest's orientation of prayer to the Father, the placement of the tabernacle in churches, and the posture of kneeling. Other important topics are the essence of worship, the Jewish roots of Christian prayer, the relationship of the liturgy to time and space, sacred art and music, and the active participation of the faithful in the Mass.

Original Unity of Man and Woman

A truly historical document that leaves for posterity the intellectual and spiritual teachings of His Holiness Pope John Paul II. A truly historical document, *Memory and Identity* contains Pope John Paul II's personal thoughts on some of the most challenging issues and events of his turbulent times. Pope for over 26 years, he was one of the world's greatest communicators and this moving book provides a unique insight into his intellectual and spiritual journey and pastoral experience. Each chapter suggests the answer to a question which either exercised his mind or which he provoked in discussion with laymen and priests. Using the encounters at his summer residence of Castel Gandolfo where conversations took place with leading intellectuals - philosophers as well as theologians - Pope John Paul II addressed in his book many of the questions which arose from these discussions. Here he leaves for posterity an intellectual and spiritual testament in an attempt to seek the answer to defining problems that vex our lives.

100 Ways John Paul II Changed the World

This intimate, affectionate portrait of Pope John Paul II by his longtime secretary and confidant reveals fascinating new details about the opinions, hopes, fears, and dramatic life of this public man. "I had accompanied him for almost forty years: twelve in Kraków and then twenty-seven in Rome. I was always with him, always at his side. Now, in the moment of death, he'd gone on alone. . . . And now? Who is accompanying him on the other side?" —From *A Life with Karol*. Cardinal Stanislaw Dziwisz worked side by side with Pope John Paul II for almost forty years, enjoying unique access to both the public and private man. In *A Life with Karol*, he provides a close-up glimpse into the Pope's life and the critical events of his papacy. Dziwisz was sitting next to the Pope during the assassination attempt in 1981. He recounts the Pope's reaction to 9/11, describing his thoughts and feelings on that day. And the Cardinal's moving description of the Pope's haunting memories of World War II uncovers the roots of the pontiff's intense opposition to George W. Bush's war on Iraq. The two men shared moments of fun and spontaneity as well. Dziwisz writes about the times the Pope would slip out of the Vatican, wearing a Panama hat, to stroll the streets of Rome, and he describes the clandestine ski and hiking trips the pair made to escape the Vatican. His firsthand account of the Pope's last years also reveals that John Paul II considered resigning. These stories and others lend added

poignancy to Dziwisz's extraordinary portrayal of the Pope's courage and calmness during his final illness.

Saint John Paul the Great

"There is no evil to be faced that Christ does not face with us. There is no enemy that Christ has not already conquered. There is no cross to bear that Christ has not already borne for us, and does not now bear with us." Pope Saint John Paul II embodied these words throughout his life. Born May 18, 1920, in Wadowice, Poland, Karol Józef Wojtyła lived in times of political turmoil. As a young man during the Nazi occupation of Poland, he studied in an underground seminary. As pope, he was instrumental in the collapse of communism in Eastern Europe. Through it all, he maintained an unwavering hope in the ultimate triumph of love, truth, and beauty. He remains a hero to millions of people for his unflinching defense of the Church and her teachings. John Paul II changed the world in many ways; this book describes 100 of the most important. Each of the 100 accomplishments, teachings, or stories about John Paul II is fascinating, providing a glimpse into the astounding life and impact of this great and beloved saint. The Way I Heard It

Explains Pope John Paul II's departure from the traditional Christian viewpoint of the body as a threat to a person's spiritual nature, offering an integrated vision of the body and soul and a new understanding of the divine meaning of human sexuality and the beauty of love.

Men, Women and the Mystery of Love

In 1950, after over fifty years of military occupation and colonial rule, the Nationalist Party of Puerto Rico staged an unsuccessful armed insurrection against the United States. Violence swept through the island: assassins were sent to kill President Harry Truman, gunfights roared in eight towns, police stations and post offices were burned down. In order to suppress this uprising, the US Army deployed thousands of troops and bombarded two towns, marking the first time in history that the US government bombed its own citizens. Nelson A. Denis tells this powerful story through the controversial life of Pedro Albizu Campos, who served as the president of the Nationalist Party. A lawyer, chemical engineer, and the first Puerto Rican to graduate from Harvard Law School, Albizu Campos was imprisoned

for twenty-five years and died under mysterious circumstances. By tracing his life and death, Denis shows how the journey of Albizu Campos is part of a larger story of Puerto Rico and US colonialism. Through oral histories, personal interviews, eyewitness accounts, congressional testimony, and recently declassified FBI files, *War Against All Puerto Ricans* tells the story of a forgotten revolution and its context in Puerto Rico's history, from the US invasion in 1898 to the modern-day struggle for self-determination. Denis provides an unflinching account of the gunfights, prison riots, political intrigue, FBI and CIA covert activity, and mass hysteria that accompanied this tumultuous period in Puerto Rican history.

The Gospel of Life

This long-awaited book by one of American Christianity's foremost ethicists proposes a framework for sexual ethics whereby justice is the criterion for all loving, including love that is related to sexual activity and relationships. It begins with historical and cross-cultural explorations, then addresses the large questions of embodiment, gender, and sexuality, and finally delineates the justice framework for sexual ethics. Though *Just Love's* particular focus is Christian sexual ethics, Farley's framework is broad enough to have relevance for multiple traditions. Also covered are specific issues in sexual ethics, including same-sex relationships, marriage and family, divorce and second marriage, celibacy, and sex and its negativities.

Love and Responsibility

Pope John Paul II has had a profound theological and personal impact on Catholics and non-Catholics alike. In the scholarly tradition of Saint Augustine and Saint Thomas, he has found a new unity between faith and reason. The study of God, says John Paul, is also the study of humanity. He has come to vigorously insist on the rights and dignity of each human person, and on the divine importance of the family. John Paul teaches that the keystone of Christian living today is the communion of persons which is the family. *Covenant of Love* conveys this central message of his pontificate. It explores the influence of Christ on the modern family, human intimacy, and sexuality and illustrates the Pope's response to the violations of that familial communion: materialism, sterilization, pre-marital sex, abortion, polygamy, adultery and lust, contraception and artificial conception, and homosexuality. Written for the layman as well as for clerics, students, and educators, this volume will enhance the understanding and appreciation of Pope John Paul II's teachings. *Covenant of Love* presents the extraordinary new way that John Paul II is using to present a new synthesis of the faith that can be the means of renewing the faith of all Christians and of bringing more people to Christ. It sets out his philosophical and theological design for every Christian who seeks a closer relationship with God—in the person of Christ, in the Church, and in the human heart.

Love and Responsibility

The Catholic Church on Marital Intercourse traces the development of the Church's theology of marital sexuality from New Testament times to the present day. The early ecclesial leaders promoted a theology of sexuality based on Stoicism's biological perception that sexual activity was solely for the purpose of reproduction. Only in the early twentieth century did a few theologians begin to move beyond discussing 'the purposes of marital intercourse' to discussing the meaning that the marital act might have for the spouses themselves. With the Second Vatican Council (1962-1965), a new and positive view of marital sexuality emerged recognizing the Pauline view that the couple's marital acts express their love for each other along the lines of Christ's love for his church (Ephesians 5). In sum, The Catholic Church on Marital Intercourse treats the way in which the Catholic Church has moved away from an attitude of conditional acceptance of marital intercourse on the basis of its utility to recognition that the dynamics of sexual union are both good and holy, not only because that is the way children are

conceived, but also because the marital act enhances the love of husband and wife for each other.

Man and Woman He Created Them

Originally entitled *Osoba i Czyn* and published in Poland in 1969, *The Acting Person* is the official English translation and has been thoroughly edited and revised with the collaboration of the author. The book stresses that Man must ceaselessly unravel his mysteries and strive for a new and more mature expression of his nature. The author sees this expression as an emphasis on the significance of the individual living in community and on the person in the process of performing an action. The author states in his preface that he has tried to face the major issues concerning life, nature, and the existence of Man directly as they present themselves to Man in his struggles to survive while maintaining the dignity of a human being, but who is torn apart between his all too limited condition and his highest aspirations to set himself free. The author hopes that his book "contributes to this disentangling of the conflicting issues facing Man, which are crucial for Man's own clarification of his existence and direction of his conduct". The author's analysis of the human being is a dynamic counter to the materialistic and positivistic tendencies in various schools of modern philosophy. Ever since Descartes, the knowledge of Man and his world has been identified through cognition. This book is a reversal of the post-Cartesian attitude toward Man in that it characterises him as the person in action. Audience: *The Acting Person* will be of great interest to philosophers, anthropologists, and scholars specializing in phenomenology. It will also be of deep concern to theologians, priests, seminarians, and members of religious orders who wish to gain an insight into Pope John Paul II's philosophy of life.

Sign of Contradiction

In his preface, Dr. Richard Spinello states, Quite simply, *Love and Responsibility* is not an easy book to read. Karol Wojtylas classic work is even more relevant today, but the language is often high and theoretical. Based on the new English translation of *Love and Responsibility*, Dr. Spinellos thoughtful commentary will enable you to discover the beauty of Saint John Paul IIs timeless work, and through it, the magnificence of human relationships and our God-given need to give and receive love.

"All of us are called to keep striving towards something greater than ourselves and our families, and every family must feel this constant impulse. Let us make this journey as families, let us keep walking together." Pope Francis, *Amoris Laetitia* In his groundbreaking work on modern family life, *Amoris Laetitia: On Love in the Family*, Pope Francis continues to guide and lead the Church, calling us to be a sign of mercy and encouragement for families of all shapes and sizes. The Our Sunday Visitor edition includes exclusive reflection and discussion questions, to help Catholics grow in our understanding of this call, and act upon it. In *Amoris Laetitia: On Love in the Family* the Holy Father expands on the topics and considerations of

the two Synods on the family, and adds his own considerations to help us provide pastoral guidance to support and strengthen today's families. On Love in the Family guides us through: Scripture – what we can learn from Biblical families and relationships with God and each other Reality – the experiences and challenges we face in today's world Tradition – essential aspects of Church teaching on marriage and families Love – what it means for all our relationships Ministry – Pope Francis offers pastoral perspectives for helping build strong families Spirituality – the expression of the Gospel message in our relationships

The Personalism of John Paul II

Everyone seems to agree that Western Civilization is in trouble. The problem is that no one agrees on what has gone wrong or what to do about it. Some think we have too much government, some not enough; some think we have too much capitalism, some not enough; some think we have too much sexual freedom, some not enough. But what if the problem is much more fundamental? What if the problem goes to the very foundations of who we are as human beings in relationship with God? In *The First Society: The Sacrament of Matrimony and the Restoration of the Social Order*, Scott Hahn makes the startling claim that our society's ills and its cures are rooted in whether we reject or accept the divine graces made available through the Sacrament of Holy Matrimony. Man, he argues,

is social in his very nature. We were created for community. As it was in the beginning, so it remains today. The family, formed through the Sacrament of Matrimony, is the most basic building block of every society—whether we like it or not. We've corrupted marriage, and so we have a corrupt society. If we get marriage right, our society, through God's grace, will flourish. This is so because Matrimony, like all the sacraments, heals and elevates human nature. Without marriage, our ambitions toward a just social order will remain forever foolhardy. With it, the seemingly impossible, a truly peaceful and humane civilization, becomes possible.
