European businessmen called the natives Timucua and soon commenced reeducating them about the nature of ownership, conquest, and history. The centuries churned, and new laws of the land replaced the Timucua waya way nearly forgotten forever. But all is not lost. Three hundred years after the death of the last known Timucua, the people rise again, not to defend themselves but to defend the land they walk upon, the land they desire to save for the future. The Macbeths, the new novel by Bruce M. Deterding, brings us into the conflict between big-money, big-power Florida developers and the small but thriving Timucua nation and their claim to save the world. Spearheading the claim are Ty and Tina Macbeth, strong, willful, intelligent siblings who trace their roots back twelve thousand years and draw their power from the land they love. Beyond the courtrooms, legislative chambers, and front-page spreads, however, the Macbeths must face the inexorable dreadnaught of greed, fear, and modern history. Sometimes violent, sometimes funny, and sometimes sad, The Macbeths is a vivid, fascinating, and ultimately hopeful tale of a people, though once thought lost, who have become a part of us all.

Holinshed's Chronicles of England, Scotland, and Ireland

Heart of Darkness, a novel by Joseph Conrad, was originally a three-part series in Blackwood's Magazine in 1899. It is a story within a story, following a character named Charlie Marlow, who recounts his adventure to a group of men onboard an anchored ship. The story told is of his early life as a ferry boat captain. Although his job was to transport ivory downriver, Charlie develops an interest in investing an ivory procurement agent, Kurtz, who is employed by the government. Preceded by his reputation as a brilliant emissary of progress, Kurtz has now established himself as a god among the natives in "one of the darkest places on earth." Marlow suspects something else of Kurtz: he has gone mad. A reflection on corruptive European colonialism and a journey into the nightmare psyche of one of the corrupted, Heart of Darkness is considered one of the most influential works ever written.

In 1847 an eighteen-year-old immigrant arrived in New York. He had little in his pockets and no knowledge of English. However, by 1874, people throughout the United States knew him as the man who made blue jeans with copper rivets. Even now Levi Strauss's name lives on as a mark of quality and style. In *Mr. Blue Jeans*, Maryann N. Weidt presents the history of this hardworking man, as he struggles through long, grueling days as a peddler and challenging times as a young businessman. His honesty, integrity, and generosity stand out as clearly as his name, making this rags-to-riches story well worth reading. The accurate and highly readable text is enriched by Lydia M. Anderson's dramatic black-and-white illustrations.

Perspectives

The Scorpions are a gun-toting Harlem gang, and Jamal Hicks is about to become tragically involved with them in this authentic tale of the sacrifice of innocence and the struggle to steer clear of violence. This Newbery Honor Book will challenge young men to consider their own decisions as they come of age in a complex and often frustrating society. Pushed by a bully to fight and nagged by his principal, Jamal is having a difficult time staying in school. His home life is not much better, with his mother working her fingers to the bone to try to earn the money for an appeal for Jamal's jailed older brother, Randy. Jamal wants to do the right thing and help earn the money to free his brother by working, but he's afraid to go against the Scorpions. Jamal eventually pulls free of the gang's bad influence, but only through the narrowest of escapes. Walter Dean Myers, five-time winner of the Coretta Scott King Award, sensitively explores the loyalty and love between friends faced with hard choices. *Scorpions* is 25 years old, but the issues of poverty and violence make it a timeless powerful read—sadly as relevant as ever.

Deductions of a Wandering Player;

Lives hang in the balance in this gripping Revolutionary War adventure from a beloved Newbery Medalist. In 1776, young Sophia Calderwood witnesses the execution of Nathan Hale in New York City, which is newly occupied by the British army. Sophia is horrified by the event and resolves to do all she can to help the American cause. Recruited as a spy, she becomes a maid in the home of General Clinton, the supreme commander of the British forces in America. Through her work she becomes aware that someone in the American army might be switching sides, and she uncovers a plot that will grievously damage the Americans if it succeeds. But the identity of the would-be traitor is so shocking that no one believes her, and so Sophia decides to stop the treacherous plot herself, at great personal peril: She's young, she's a girl, and she's running out of time. And if she fails, she's facing an execution of her own. Master storyteller Avi shows exactly how personal politics can be in this "nail-biting thriller" (Publishers Weekly) that is rich in historical detail and rife with action.
