Chapters: List of Slam Dunk Chapters, List of Slam Dunk Episodes. Source: Wikipedia. Pages: 42. Not illustrated. Free updates online. Purchase includes a free trial membership in the publisher's book club where you can select from more than a million books without charge. Excerpt: The Japanese manga Slam Dunk was written and illustrated by Takehiko Inoue. The series tells the story of a teenager named Hanamichi Sakuragi who becomes a basketball player from the Shohoku High School basketball team in order to make Haruko Akagi, a girl he likes, fall in love with him. However, as he learns more about basketball and plays several games, he starts liking the sport. The series was originally published in Shueisha's Weekly Shnen Jump since the issue 40 from 1990 until the issue 27 from 1996. The 276 individual chapters were originally collected in 31 tankbon editions under

Shueisha's Jump Comics imprint, with the first volume being published on February 8, 1991 and volume 31 on October 3, 1996. It was later reassembled in 24 kanzenban volumes under Shogakukan's Big Comics Selection imprint from March 19, 2001 to February 2, 2002. In 2004, Inoue produced an epilogue titled Slam Dunk: 10 Days After, which was drawn on 23 chalkboards in the former campus of the now-defunct Misaki High School located in the Kanagawa Prefecture, which was held for public exhibition from December 3 to December 5. The epilogue, along with coverage of the event, was reprinted in the February 2005 issue of Switch magazine. Toei Animation also adapted the manga into an anime series which premiered in Japan on October 23, 1993 and ended on March 23, 1996. In North America, an English version of Slam Dunk was published by the now-defunct Gutsoon! Entertainment, which serialized the title in their manga anthology Raijin Comics from 2002 to 2004. Five collected volumes were published under Gutsoon's Raijin Graphic Novels imprint. They were released from July 2002 to July 2004. More: <http://booksllc.net/?id=17006025>

Raqiya Volume 3

The Internet Book, Fifth Edition explains how computers communicate, what the Internet is, how the Internet works, and what services the Internet offers. It is designed for readers who do not have a strong technical background — early chapters clearly explain the terminology and concepts needed to understand all

the services. It helps the reader to understand the technology behind the Internet, appreciate how the Internet can be used, and discover why people find it so exciting. In addition, it explains the origins of the Internet and shows the reader how rapidly it has grown. It also provides information on how to avoid scams and exaggerated marketing claims. The first section of the book introduces communication system concepts and terminology. The second section reviews the history of the Internet and its incredible growth. It documents the rate at which the digital revolution occurred, and provides background that will help readers appreciate the significance of the underlying design. The third section describes basic Internet technology and capabilities. It examines how Internet hardware is organized and how software provides communication. This section provides the foundation for later chapters, and will help readers ask good questions and make better decisions when salespeople offer Internet products and services. The final section describes application services currently available on the Internet. For each service, the book explains both what the service offers and how the service works.

About the Author Dr. Douglas Comer is a Distinguished Professor at Purdue University in the departments of Computer Science and Electrical and Computer Engineering. He has created and enjoys teaching undergraduate and graduate courses on computer networks and Internets, operating systems, computer architecture, and computer software. One of the researchers who contributed to the Internet as it was being formed in the late 1970s and 1980s, he has served as a member of the Internet Architecture Board, the group responsible for guiding the

Internet's development. Prof. Comer is an internationally recognized expert on computer networking, the TCP/IP protocols, and the Internet, who presents lectures to a wide range of audiences. In addition to research articles, he has written a series of textbooks that describe the technical details of the Internet. Prof. Comer's books have been translated into many languages, and are used in industry as well as computer science, engineering, and business departments around the world. Prof. Comer joined the Internet project in the late 1970s, and has had a high-speed Internet connection to his home since 1981. He wrote this book as a response to everyone who has asked him for an explanation of the Internet that is both technically correct and easily understood by anyone. An Internet enthusiast, Comer displays INTRNET on the license plate of his car.

Happiness

Guts, the Black Swordsman, and his companions have finally broken free of the monster-infested wilderness and arrived at the port city of Vritannis. But the band finds out all too quickly that humans can be just as monstrous as the nightmarish creatures and apostles they battled in the forest. As Schierke and Isidro face off against pirate slavers, Farnese's power-hungry family tries to force her once again under the yoke of their political ambitions. The group's only hope is to find a ship out of the city, but even if they manage to secure a vessel, will everyone be free to leave?

Attack on Titan

After Rui suddenly breaks up with him, Natsuo, still unable to accept reality, runs into an enigmatic woman. "Hey, why don't the two of us slip out of here?" A sudden breakup, and just as suddenly, a new encounter, as Natsuo begins to walk a new forbidden path!

Sneeze: Naoki Urasawa Story Collection

Creator Masashi Kishimoto's tale of the ninja who could, and then, eventually actually did, spend more than a decade captivating us with the long-game adventures of Naruto, Sakura, Sasuke, Jiraiya, Tsunade and any of the other worthy favorites we meet along the way. Whether you're a long time die-hard or a newcomer in the enviable position of discovering this story for the first time, consider this new book our gift to you as you get lost in the Ninja World over and over again. -- VIZ Media

Chapters 1-9, containing the principal articles of the Manual arranged so as to conform to the order of subjects in the yearly President administration report

Microsoft Bookshelf Internet Directory

Despite the fact that there actually exists a large number of pornographic and romantic texts about male homosexuality consumed and produced by American women since the 1970s, the "abnormality" of those female cross-voyeurs is constantly underlined in U.S. popular and academic culture. As the astonished, public reactions in the face of a largely female (heterosexual) audience of "Brokeback Mountain" (2005) and "Queer as Folk" (2000-2005) have shown, a woman's erotic/romantic interest in male homosexuality is definitely not as accepted as its male counterpart (men consuming lesbian porn). In the academic publications on female cross-voyeurs, the application of double standards with regard to male/female cross-voyeurism is even more obvious. As Karen Hellekson and Kristina Busse note in their "Introduction" to "Fan Fiction and Fan Communities in the Internet" (2006), slash fiction - fan fiction about male homosexual relationships mainly produced and consumed by women - has stood in the center of fan fiction studies so far, despite being merely a subgenre of it. The reason for this seems to be an urge to explain the underlying motivations for the fascination of women with m/m romance or pornography within the academic discourse - a trend which differs completely from the extremely under-theorized complex of men interested in "lesbians." It is this obvious influence of conventional gender stereotypes on the perception of these phenomena that provokes me to examine the way in which the works of female cross-voyeurism and their

consumers/producers are conceptualized in the U.S. scholarly accounts. In many ways, this thesis explores unknown territories and respectively tries to take a closer look at academic problems that have not been adequately addressed yet.

The Routledge Companion to Global Internet Histories

The Routledge Companion to Global Internet Histories brings together research on the diverse Internet histories that have evolved in different regions, language cultures and social contexts across the globe. While the Internet is now in its fifth decade, the understanding and formulation of its histories outside of an anglophone framework is still very much in its infancy. From Tunisia to Taiwan, this volume emphasizes the importance of understanding and formulating Internet histories outside of the anglophone case studies and theoretical paradigms that have thus far dominated academic scholarship on Internet history. Interdisciplinary in scope, the collection offers a variety of historical lenses on the development of the Internet: as a new communication technology seen in the context of older technologies; as a new form of sociality read alongside previous technologically mediated means of relating; and as a new media "vehicle" for the communication of content.

Berserk

Humorous comics, Pokémon trivia, and fun puzzles based on the characters from the best-selling Pokémon Black and White video games! A pocket-sized book brick jam-packed with four-panel comic strips featuring all the new Pokémon Black and White characters, Pokémon vital statistics, Pokémon trivia, Pokémon puzzles, and Pokémon fun quizzes! Reads L to R (Western Style) for all ages.

Boys Love Manga and Beyond

ASP.NET Web API is a key part of ASP.NET MVC 4 and the platform of choice for building RESTful services that can be accessed by a wide range of devices. Everything from JavaScript libraries to RIA plugins, RFID readers to smart phones can consume your services using platform-agnostic HTTP. With such wide accessibility, securing your code effectively needs to be a top priority. You will quickly find that the WCF security protocols you're familiar with from .NET are less suitable than they once were in this new environment, proving themselves cumbersome and limited in terms of the standards they can work with. Fortunately, ASP.NET Web API provides a simple, robust security solution of its own that fits neatly within the ASP.NET MVC programming model and secures your code without the need for SOAP, meaning that there is no limit to the range of devices that it can work with - if it can understand HTTP, then it can be secured by Web API. These SOAP-less security techniques are the focus of this book.

This second Preview Edition ebook, now with 16 chapters, is about writing applications for Xamarin.Forms, the new mobile development platform for iOS, Android, and Windows phones unveiled by Xamarin in May 2014. Xamarin.Forms lets you write shared user-interface code in C# and XAML that maps to native controls on these three platforms.

Domestic Girlfriend 23

Zadie Smith's dazzling debut caught critics grasping for comparisons and deciding on everyone from Charles Dickens to Salman Rushdie to John Irving and Martin Amis. But the truth is that Zadie Smith's voice is remarkably, fluently, and altogether wonderfully her own. Nominated as one of America's best-loved novels by PBS's The Great American Read At the center of this invigorating novel are two unlikely friends, Archie Jones and Samad Iqbal. Hapless veterans of World War II, Archie and Samad and their families become agents of England's irrevocable

transformation. A second marriage to Clara Bowden, a beautiful, albeit tooth-challenged, Jamaican half his age, quite literally gives Archie a second lease on life, and produces Irie, a knowing child whose personality doesn't quite match her name (Jamaican for "no problem"). Samad's late-in-life arranged marriage (he had to wait for his bride to be born), produces twin sons whose separate paths confound Iqbal's every effort to direct them, and a renewed, if selective, submission to his Islamic faith. Set against London's racial and cultural tapestry, venturing across the former empire and into the past as it barrels toward the future, *White Teeth* revels in the ecstatic hodgepodge of modern life, flirting with disaster, confounding expectations, and embracing the comedy of daily existence.

Fruits Basket Another, Chapter 13

Vols. for 1871-76, 1913-14 include an extra number, *The Christmas bookseller*, separately paged and not included in the consecutive numbering of the regular series.

Party: Blood Covered. After all, didn't everything wrap up just a little too nicely the first time around?

Fruits Basket: The Three Musketeers Arc 2, Chapter 1

Anime and Philosophy focuses on some of the most-loved, most-intriguing anime films and series, as well as lesser-known works, to find what lies at their core. Astro Boy, Dragon Ball Z, Ghost in the Shell, and Spirited Away are just a few of the films analyzed in this book. In these stories about monsters, robots, children, and spirits who grapple with the important questions in life we find insight crucial to our times: lessons on morality, justice, and heroism, as well as meditations on identity, the soul, and the meaning — or meaninglessness — of life. Anime has become a worldwide phenomenon, reaching across genres, mediums, and cultures. For those wondering why so many people love anime or for die-hard fans who want to know more, Anime and Philosophy provides a deeper appreciation of the art and storytelling of this distinctive Japanese culture.

White Teeth

A curated collection of eight short stories and graphic essays by famed manga author Naoki Urasawa, creator of the acclaimed series Monster and 20th Century

Boys! Urasawa's characters confront fantastical elements ranging from psychic powers, to alien visitors to planet Earth, to attacks by giant monsters. On the flip side, the author philosophizes about his real-world experiences with the wild and wacky international music scene. Plus, a classic, funny animal tale, in Urasawa's inimitable style!

Anime and Philosophy

The TV star showed up and changed everything! A dazzling star appears in front of Hosoo, who lives his life for his sick little sister. It's the famous singer Esau, who is about to make a comeback soon. But Esau was facing a sudden crisis, as some woman appeared declaring to be his blood-related mother Esau was going through so much pains behind all the stardom and Hosoo becomes the only one he can rely on. So, from that day on, Hosoo's life is anything but ordinary.

The Good Earth

The female gaze is used by writers and readers to examine narratives from a perspective that sees women as subjects instead of objects, and the application of a female gaze to male-dominated discourses can open new avenues of interpretation. This book explores how female manga artists have encouraged the

female gaze within their work and how female readers have challenged the male gaze pervasive in many forms of popular media. Each of the chapters offers a close reading of influential manga and fancomics to illustrate the female gaze as a mode of resistant reading and creative empowerment. By employing a female gaze, professional and amateur creators are able to shape and interpret texts in a manner that emphasizes the role of female characters while challenging and reconfiguring gendered themes and issues.

Naruto Retrospective

An ambitious intern. A perfectionist executive. And a whole lot of name calling. Whip-smart, hardworking, and on her way to an MBA, Chloe Mills has only one problem: her boss, Bennett Ryan. He's exacting, blunt, inconsiderate—and completely irresistible. A Beautiful Bastard. Bennett has returned to Chicago from France to take a vital role in his family's massive media business. He never expected that the assistant who'd been helping him from abroad was the gorgeous, innocently provocative—completely infuriating—creature he now has to see every day. Despite the rumors, he's never been one for a workplace hookup.

But Chloe's so tempting he's willing to bend the rules—or outright smash them—if it means he can have her. All over the office As their appetites for one another increase to a breaking point, Bennett and Chloe must decide exactly what they're willing to lose in order to win each other. Originally only available online as The Office by tby789—and garnering over 2 million reads on fanfiction sites—Beautiful Bastard has been extensively updated for re-release.

The Internet Book

Pokémon Pocket Comics: Black & White

Boys Love Manga and Beyond looks at a range of literary, artistic and other cultural products that celebrate the beauty of adolescent boys and young men. In Japan, depiction of the “beautiful boy” has long been a romantic and sexualized trope for both sexes and commands a high degree of cultural visibility today across a range of genres from pop music to animation. In recent decades, “Boys Love” (or simply BL) has emerged as a mainstream genre in manga, anime, and games for girls and young women. This genre was first developed in Japan in the early 1970s by a group of female artists who went on to establish themselves as major figures in Japan's manga industry. By the late 1970s many amateur women fans were

getting involved in the BL phenomenon by creating and self-publishing homoerotic parodies of established male manga characters and popular media figures. The popularity of these fan-made products, sold and circulated at huge conventions, has led to an increase in the number of commercial titles available. Today, a wide range of products produced both by professionals and amateurs are brought together under the general rubric of “boys love,” and are rapidly gaining an audience throughout Asia and globally. This collection provides the first comprehensive overview in English of the BL phenomenon in Japan, its history and various subgenres and introduces translations of some key Japanese scholarship not otherwise available. Some chapters detail the historical and cultural contexts that helped BL emerge as a significant part of girls’ culture in Japan. Others offer important case studies of BL production, consumption, and circulation and explain why BL has become a controversial topic in contemporary Japan.

Manga - Anime and Manga Fandom

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?
