The Reading Group follows the trials and tribulations of a group of women who meet regularly to read and discuss books.Over the course of a year, each of these women become intertwined, both in the books they read and within each other's lives. Inspired by a shared desire for conversation, a good book and a glass of wine-Clare, Harriet, Nicole, Polly, and Susan undergo startling revelations and transformations despite their differences in background, age and respective dilemmas. What starts as a reading group gradually evolves into a forum where the women may express their views

through the books they read and grow to become increasingly more open as the bonds of friendship cement. In The Reading Group, Noble reveals the many complicated paths in life we all face as well as the power and importance of friendship.

Digital Wars

The first time that Apple, Google and Microsoft found themselves sharing the same digital space was 1998. They were radically different companies and they would subsequently fight a series of pitched battles for control of different parts of the digital landscape. They could not know of the battles to come. But they would be world-changing. This new edition of Digital Wars looks at each of these battles in turn. Accessible and comprehensive, it analyses the very different cultures of the three companies and assesses exactly who are the victors on each front. Thoroughly updated to include information on the latest developments and rising competitors Samsung, it also include a completely new chapter on how China moved from being the assembly plant for music players and smartphones, to becoming the world's biggest smartphone business.

ROSICRUCIAN MANUAL

Successful business alliances today are critical to the competitive advantage of many companies. Mastering Alliance Strategy presents state-of-the-art thinking and practices for using partnerships effectively. This essential resource will help you understand and use alliances better, whether you are a new or seasoned alliance professional, a business-development specialist, a line manager, or a top executive. The authors argue that the secrets to success lie not solely in the intricacies of a deal but also in the strategy and organization behind the deal. They draw ideas and tools from years of research and reporting on four elements that are key to an effective alliance strategy: * Designing the alliance and crafting the agreement * Managing the alliance after it is launched * Leveraging a constellation of alliances * Building an internal alliance capability

Mergers & Acquisitions For Dummies

Originally published by The Supreme Grand Lodge of the Ancient Mystical Order Rosae Crucis (AMORC) in 1918 and again in 1929, with several reissues, the Rosicrucian Manual is an official manual for new members of the AMORC and Rosicrucianism. The AMORC Imperator and author of the book, H. Spencer Lewis, describes the manual as a "Guide to the Work and Studies of the Order." It contains a greeting and preliminary instructions, as well as a description of the AMORC and its important officers, general and special instructions to Members and Lodges, Mystic Symbols and their meanings, magical and alchemical explanations, and a dictionary and FAQ. HARVEY SPENCER LEWIS (1883-1939), a well-known Rosicrucian author, mystic, occultist, alchemist, and inventor, was the founder of the Ancient Mystical Order Rosae Crucis (AMORC) in the USA, as well as its first Imperator from 1915 until his death. Born in Frenchtown, New Jersey, Lewis used his training as a commercial artist for an advertising company to promote the AMORC in its early days through print ads and pamphlets. Lewis believed it was his mission to spread modern mysticism throughout the United States, which he did by promoting AMORC tours, appearing on radio shows, giving demonstrations, writing books, and inventing mystical devices. His inventions include the Luxatone, the Cosmic Ray Coincidence Counter, and the Sympathetic Vibration Harp.
