Strategic Marketing For Health Care Organizations

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Directed primarily toward undergraduate marketing college/university majors, this text also provides practical content to current and aspiring industry professionals. Marketing Research gives readers a “nuts and bolts” understanding of marketing research and provides them with extensive information on how to use it. This text provides the fundamentals of the statistical procedures used to analyze data without dwelling on the more complex and intricate concepts.

Confronting Capitalism

Shows how political leaders can identify economic opportunities and help their economies compete successfully in the global marketplace

Marketing Management, Global Edition

Democracy in Decline is an examination by the 'father of modern marketing' into how a long cherished product (democracy) is failing the needs of its consumers (citizens). Philip Kotler identifies 14 shortcomings of today's democracy

and confronts this gloomy outlook with some potential solutions and a positive message; that a brighter future awaits if we can come together and save democracy from its decline. Encouraging readers to join the conversation, exercise their free speech and get on top of the issues that affect their lives regardless of nationality or political persuasion. Suitable for students across a broad range of courses including Political Science, Politics, Political Marketing and Critical Management/Sociology. An accompanying website (www.democracyindecline.com) invites those interested to help find and publish thoughtful articles that aid our understanding of what is happening and what can be done to improve democracies around the world.

Dimensions in Commerce and Management

In *The Five Dysfunctions of a Team* Patrick Lencioni once again offers a leadership fable that is as enthralling and instructive as his first two best-selling books, *The Five Temptations of a CEO* and *The Four Obsessions of an Extraordinary Executive*. This time, he turns his keen intellect and storytelling power to the fascinating, complex world of teams. Kathryn Petersen, Decision Tech's CEO, faces the ultimate leadership crisis: Uniting a team in such disarray that it threatens to bring down the entire company. Will she succeed? Will she be fired? Will the company fail? Lencioni's utterly gripping tale serves as a timeless reminder that leadership requires as much courage as it does insight. Throughout the story, Lencioni reveals the five dysfunctions which go to the very heart of why teams even the best ones-often struggle. He outlines a powerful model and actionable steps that can be used to overcome these common hurdles and build a cohesive, effective team. Just as with his other books, Lencioni has written a compelling fable with a powerful yet deceptively simple message for all those who strive to be exceptional team leaders.

Management

With the fall of the Berlin Wall, one economic model emerged triumphant. Capitalism-spanning a spectrum from laissez faire

to authoritarian-shapes the market economies of all the wealthiest and fastest-growing nations. But trouble is cracking its shiny veneer. In the U.S., Europe, and Japan, economic growth has slowed down. Wealth is concentrated in the hands of a few; natural resources are exploited for short-term profit; and good jobs are hard to find. With piercing clarity, Philip Kotler explains 14 major problems undermining capitalism, including persistent poverty, job creation in the face of automation, high debt burdens, the disproportionate influence of the wealthy on public policy, steep environmental costs, boom-bust economic cycles, and more. Amidst its dire assessment of what's ailing us, *Confronting Capitalism* delivers a heartening message: We can turn things around. Movements toward shared prosperity and a higher purpose are reinvigorating companies large and small, while proposals abound on government policies that offer protections without stagnation. Kotler identifies the best ideas, linking private and public initiatives into a force for positive change. Combining economic history, expert insight, business lessons, and recent data, this landmark book elucidates today's critical dilemmas and suggests solutions for returning to a healthier, more sustainable Capitalism-that works for all.

Compete Smarter, Not Harder

Since 1969, Philip Kotler's marketing text books have been read as the marketing gospel, as he has provided incisive and valuable advice on how to create, win and dominate markets. In KOTLER ON MARKETING, he has combined the expertise of his bestselling textbooks and world renowned seminars into this practical all-in-one book, covering everything there is to know about marketing. In a clear, straightforward style, Kotler covers every area of marketing from assessing what customers want and need in order to build brand equity, to creating loyal long-term customers. For business executives everywhere, KOTLER ON MARKETING will become the outstanding work in the field. The secret of Kotler's success is in the readability, clarity, logic and precision of his prose, which derives from his vigorous scientific training in economics, mathematics and the behavioural sciences. Each point and chapter is plotted sequentially to build, block by block, on the strategic foundation and tactical superstructure of the book.

Strategic Marketing Management, 9th Edition

How to compete in the right space for greater profitability and growth The Internet, mobile technology, the ubiquity of information and the availability of big data have dramatically increased the speed and impact of success and failure. Companies today know that they must be competitive, but precisely where, and more importantly how, to compete is not always easy to identify—until now. Compete Smarter, Not Harder explains how to prioritize market opportunities so that a company's strengths in one area can be leveraged across multiple markets. Using cutting-edge academic research and extensive industry practice, author William Putsis outlines the strategic decisions needed to determine which space provides the best margins, overall profitability, and growth potential. Details a step-by-step process for strategic prioritization, from strategic market selection to the tactics of execution, providing competitive advantage across markets

Written by Doctor William Putsis, a professor of marketing, economics, and business strategy at the University of North Carolina at Chapel Hill, who has consulted and led executive development efforts with leading companies throughout the world Prioritize with conviction. Make absolutely sure that all of your hard work goes toward the right space.

Principles of Marketing, An Asian Perspective

Bronze winner of the AXIOM Business Book Award in the category of Philanthropy, Non-Profit, Sustainability. Please see: <http://www.axiomawards.com/77/award-winners/2017-winners> This easy-to-read and engaging book is the perfect introduction to how to build a sustainable brand for your organization. Intended as a roadmap that can be readily applied by busy managers and practitioners, the book includes interviews with business leaders, including Paul Polman of Unilever, Adam Elman of Marks & Spencer, and Jonas Prising of ManpowerGroup to provide insight into best practice and clear guidance for implementation. Throughout, the book avoids jargon and theorizing to ensure readability. Business on a Mission is based on more than a decade working with some of the first businesses to develop social missions and shows the foundations behind their success. It looks at how businesses can profit from working hand in hand with society and identifies a model for success. The book demonstrates how businesses can go from hiding behind "social shields" to picking up "social swords" and presents the six criteria to look for in assessing a social mission. It also focuses on how good communications can build trust and bring about positive change; and it provides clear ways to engage employees and improve productivity as well as "rules" for communicating social missions externally. This optimistic book explains the benefits of partnerships in the sustainable development agenda, particularly between businesses and NGOs. The book features guidelines for avoiding dysfunctional partnerships, and presents interviews with Marc Van Ameringen, Executive Director of GAIN (Global Alliance for Improved Nutrition) 2005 to 2016, and Myriam Sidibe, Social Mission Director for Africa, Unilever, on how things can be managed to the benefit of both partners. .

Strategic Brand Management: Global Edition

A thorough update to a best-selling text emphasizing how marketing solves a wide range of health care problems. There has been an unmet need for a health care marketing text that focuses on solving real-world health care problems. The all new second edition of Strategic Marketing for Health Care Organizations meets this need by using an innovative approach supported by the authors' deep academic, health management, and medical experience. Kotler, Stevens, and Shalowitz begin by establishing a foundation of marketing management principles. A stepwise approach is used to guide readers through the application of these marketing concepts to a physician marketing plan. The value of using environmental analysis to detect health care market opportunities and threats then follows. Readers are shown how secondary and primary marketing research is used to analyze environmental forces affecting a wide range of health care market participants. The heart of the book demonstrates how health management problems are solved using marketing tools and the latest available market data and information. Since the health care market is broad, heterogeneous, and interconnected, it is important to have a comprehensive perspective. Individual chapters cover marketing for consumers, physicians, hospitals, health tech companies, biopharma companies, and social cause marketing - with strategies in this last chapter very relevant to the Covid-19 pandemic. Each chapter gives readers the opportunity to improve marketing problem-solving skills through discussion questions, case studies, and exercises.
