Milady Standard Nail Technology

Thousands of years ago in a land lost to time and since forgotten lived an immortal race of people. Destined to rule the world the immortals would be the reason for humanities downfall. Spreading greed across the globe they would corrupt all they touched. Two versions of the same tale are told within this to me, sometimes blatantly contradiction the other telling of the players involved in the destruction of their civilization. Six immortals set out across the continent in search of ancient relics of unimaginable power. Their reasons are varied from pure greed to a misguided need to do good. Some search for supremacy, others for glory. Who the heroes and villains are all depends on the perspective being told. Decide for yourself who is living in delusion and who the deceiver is. Read their stories in their own words to gain a greater understanding into the last days of the once mighty continent that was Atlantis.

Any successful business has to keep an ear to the ground and remain one step ahead of competitors. Savvy professionals recognize an expanding market and develop the products and services to tap into it. For the aesthetician, that expanding market segment is the multi-ethnic clientele and the tool to help achieve success in this segment is Milady's Aesthetician Series: Treating Diverse Pigmentation. Building a successful career in aesthetics hinges on the ability to identify and treat the skin concerns of this diverse population. Treating Diverse

Pigmentation teaches treatments for skin of color that include: the causes of aging and how it affects each race's unique facial anatomy; a guide through several different skin analysis classification systems; review studies analyzing the racial differences in the anatomy, physiology, and histology of pigmented skin; and case-by-case studies that help the reader recognize skin diseases and disorders common to people of color. The text was created for licensed aestheticians and other professionals working in skincare, including RNs and dermatologists, as well as students. Considering that the majority of the world's population is ethnically diverse, the aesthetic professional with an eye on the future will not hesitate to take advantage of *Treating Diverse Pigmentation*.
