Do you own a skin care business or are you an esthetician wishing for new opportunities? Discover the business, treatments and skills needed to work in a medical setting. Estheticians have an increased value to the medical profession now more than ever. The role of the esthetician in a clinical setting be it surgical consultation, medi-spa, or general practice office is a fast-growing one. Pre- and post-operative care is oftentimes a secondary concern, despite the fact that it is absolutely crucial to the overall health and well-being of the patient/client and a requisite regimen toward realizing the results desired or promised from the medical procedure. Demand continues to grow for non-surgical services including chemical peels and microdermabrasion. In addition, physicians are offering cosmetic treatments, pre-and post-surgical treatments, and skin care products. For the esthetician and medical professional alike, this book emphasizes a working philosophy that esthetic treatment should benefit the mental and emotional well-being of the patient/client, along with healing the body. In eight well-organized sections comprising 32 chapters, Wojak discusses topics that include: The Science of Beauty Regulatory Implications to Treatment and Proper Documentation Procedures Common Skin Conditions, including but not limited to Acne, Rosacea, and Age-compromised Skin LED and IPL Therapy Understanding Ingredients and Products in Order to Make Proper Recommendations and Applications Ultrasound Microneedling and Microcurrent Advanced Esthetic Treatments, such as Dermaplaning and Chemical and Oxygen Treatments Techniques for Building Your Esthetic Business and

Any successful business has to keep an ear to the ground and remain one step ahead of competitors. Savvy professionals recognize an expanding market and develop the products and services to tap into it. For the aesthetician, that expanding market segment is the multi-ethnic clientele and the tool to help achieve success in this segment is Milady's Aesthetician Series: Treating Diverse Pigmentation. Building a successful career in aesthetics hinges on the ability to identify and treat the skin concerns of this diverse population. Treating Diverse Pigmentation teaches treatments for skin of color that include: the causes of aging and how it affects each race's unique facial anatomy; a guide through several different skin analysis classification systems; review studies analyzing the racial differences in the anatomy, physiology, and histology of pigmented skin; and case-by-case studies that help the reader recognize skin diseases and disorders common to people of color. The text was created for licensed aestheticians and other professionals working in skincare, including RNs and dermatologists, as well as students. Considering that the majority of the world's population is ethnically diverse, the aesthetic professional with an eye on the future will not hesitate to take advantage of Treating Diverse Pigmentation.
