The Essex Antiquarian

Growing up an orphan in the Milky Way hasn't been easy, especially as a teenage girl in the Naval Academy. Unfortunately for Molly Fyde, things are about to get worse. Just as she's finding her place amongst the boys, her unfair expulsion from the Academy takes away the only two things that truly matter: flying in space and her training partner, Cole. Sent off to a normal school, she feels destined for a dull, unspectacular future. Then, a marvelous discovery changes everything: Her father's old starship, missing for a decade, turns up halfway across the galaxy. Its retrieval launches Molly and Cole on the adventure of a lifetime, one that will have lasting consequences for themselves and billions of others. What starts off as a simple quest to reconnect with her past, ends up forging a new future. And the forgotten family she hoped to uncover is replaced by a new one she never foresaw: a band of alien misfits and runaways The crew of the starship Parsona.

The Goliath Stone

For centuries, men and women have manned lighthouses to ensure the safe passage of ships. It is a lonely job, and a thankless one for the most part. Until something goes wrong. Until a ship is in distress. In the twenty-third century, this job has moved into outer space. A network of beacons allows ships to travel across the Milky Way at many times the speed of light. These beacons are built to be robust. They never break down. They never fail. At least, they aren't supposed to.

The Annals of Churchtown

A long, long time ago, an uprising erupted in Silo 18. The descendants of that great clash have been raised in its shadow.

Nobody knows what went wrong. Nobody talks about what happened. Like all wars, it went from being something one could learn from -- to a legend one merely learns about. Now, almost two hundred years later, the people of Silo 18 will get more than just a chance to learn about that uprising. They'll get to start one of their own

Molly Fyde and the Land of Light

In 2007, the Center for Automation in Nanobiotech (CAN) outlined the hardware and software platform that would one day allow robots smaller than human cells to make medical diagnoses, conduct repairs, and even self-propagate. In the same year, the CBS network re-aired a program about the effects of propranolol on sufferers of extreme trauma. A simple pill, it had been discovered, could wipe out the memory of any traumatic event. At almost the same moment in humanity's broad history, mankind had discovered the means for bringing about its utter downfall. And the ability to forget it ever happened. This is the sequel to the New York Times best-selling Wool series.

Fast Ships, Black Sails

They say the truth will set you free, but what happens when the truth is..... UNWANTED. After a tragedy that took the life of a loved one, seventeen year old Brooklyn Donavon is uprooted from the only home she has ever known. Eight years ago Brooklyn's mother walked out on her and now she wants her back. She is forced to move from her cattle ranch in Colorado to a small town in Connecticut where money seems to grow on trees. Living in a nightmare that is her reality, Brooklyn's world starts to spiral out of control— add Shane and Caleb Stark, her new step brothers whose only goal is to make Brooklyn's life a living hell and you have a recipe for disaster. That is until Kane Knight shows up out of nowhere and saves Brooklyn not once but twice. Kane's a mystery. No one knows anything about him, only that he's gorgeous and Shane Starks best friend. The last thing Brooklyn wants is to open her heart to someone again but one look into his icy eyes and she can't deny their instant connection. But even as their relationship grows, sometimes not even love can fix a broken soul. Will Brooklyn let Kane be her savior or will her darkness be too much to ever again be happy? Will Kane be able to save her from herself or will he be too late? Brooklyn learns that blood doesn't always make you family and family isn't always based on love— that sometimes the ones you think you know are only using you for revenge, while the ones you least expect to love actually find their way into your heart. Unwanted Truth is a story of love, but for Brooklyn and Kane to find a love so fierce their journey must start with darkness.

Dust

When a technology company can buy your personal freedom Scott is a hacker ready to prove that a single voice can be a

powerful weapon. Scott's skills as a surveillance expert are useful when he's breaking down firewalls. But hacktivism isn't enough; he's going after the holy grail-UltSyn's Human Information Drives, human assets implanted with cerebral microchips. After digging deeper into restricted databases, he discovers that those who enlist with UltSyn get far more than they bargained for. Plunged into a world of human trafficking and corporate espionage, Scott is determined to find his sister, no matter the cost. But when the information reveals the people closest to him have been working for UltSyn all along, he has to find her-before UltSyn finds him.

The Hurricane

Adam Ludlum, part of a special athletic research program, develops unexpected powers over matter and energy, but undergoes a strange personality transformation

Molly Fyde and the Blood of Billions

“One of dystopian fiction’s masterpieces alongside the likes of 1984 and Brave New World.” —Daily Express The first book in the acclaimed, New York Times best-selling trilogy, Wool is the story of mankind clawing for survival. The world outside has grown toxic, the view of it limited, talk of it forbidden. The remnants of humanity live underground in a single silo. But there are always those who hope, who dream. These are the dangerous people, the residents who infect others with their optimism. Their punishment is simple. They are given the very thing they want: They are allowed to go outside. After the previous sheriff leaves the silo in a terrifying ritual, Juliette, a mechanic from the down deep, is suddenly and inexplicably promoted to the head of law enforcement. With newfound power and with little regard for the customs she is supposed to abide, Juliette uncovers hints of a sinister conspiracy. Tugging this thread may uncover the truth or it could kill every last human alive. “Claustrophobic and, at times, genuinely terrifying.” —Washington Post

Hello World

Nearly sixty teens awaken halfway through their training, stranded on a harsh alien world with few supplies, no adults, and led by a treacherous artificial intelligence, but their greatest enemy is each other.

The Plagiarist

More Word Smart

"I need you to help me rescue your father_" With those words, Molly Fyde-and the rest of the known universe-will never be the same. What began as a simple task to retrieve her father's spaceship, has turned into more than Molly bargained for. Setting off to reconnect with her past, she is about to meet it in a way she never expected: Head-on. Her father is alive. Her mother's memories are trapped inside the very ship which bears her name. On the run from her own Navy, Molly and her crew are now tasked with the impossible: Rescue her parents. Save the galaxy. End a war. But before they can attempt such heroics, Molly must first save a friend. One of her crew members is in trouble, their life hanging by a thread. And the only race of people Molly can turn to just happens to be the very aliens she's been raised to fear, trained to meet in battle. Drenard. Homeworld of humanity's sworn enemy. And the next stop for the starship Parsona.

Molly Fyde and the Fight for Peace

Adam Griffey is living two lives. By day, he teaches literature. At night, he steals it. Adam is a plagiarist, an expert reader with an eye for great works. He prowls simulated worlds perusing virtual texts, looking for the next big thing. And when he finds it, he memorizes it page by page, line by line, word for word. And then he brings it back to his world, the real world, and he sells it. But what happens when these virtual worlds begin to seem more real than his own? What happens when the people within them mean more to him than flesh and blood? What happens when a living thing falls in love with someone who does not actually exist?

The Shell Collector

Daniel Stillman's Life: 42 Facebook friends 18 Cell phone contacts 6 Twitter followers 4 blog subscribers Now a category five storm is about to take this all away. And replace it with a neighbor he's never met.

Wool 4

WARNING: NOT FIT FOR HUMAN CONSUMPTIONThis book contains foul language and fouler descriptions of life as a zombie. It will offend most anyone, so proceed with caution or not at all.And be forewarned: This is not a zombie book. This is a different sort of tale. It is a story about the unfortunate, about those who did not get away. It is a human story at its rotten heart. It is the reason we can't stop obsessing about these creatures, in whom we see all too much of ourselves.

Half Way Home

This stunning follow-up to Ellen Kushner's cult-classic novel, *Swordpoint*, is set in the same world of labyrinthine intrigue,

where sharp swords and even sharper wits rule. Against a rich tapestry of artists and aristocrats, students, strumpets, and spies, a gentleman and a scholar will find themselves playing out an ancient drama destined to explode their society's smug view of itself—and reveal that sometimes the best price of uncovering history is being forced to repeat it.... The Fall of the Kings Generations ago the last king fell, taking with him the final truths about a race of wizards who ruled at his side. But the blood of the kings runs deep in the land and its people, waiting for the coming together of two unusual men, Theron Campion, a young nobleman of royal lineage, is heir to an ancient house and a modern scandal. Tormented by his twin duties to his family and his own bright spirit, he seeks solace in the University. There he meets Basil St. Cloud, a brilliant and charismatic teacher ruled by a passion for knowledge—and a passion for the ancient kings. Of course, everyone now knows that the wizards were charlatans and the kings their dupes and puppets. Only Basil ins not convinced—nor is he convinced that the city has seen its last king... From the Trade Paperback edition.

Shift

Build a More Impressive Vocabulary. Did you know that: • The word "noisome" has nothing whatsoever to do with noise? • "Ordinance" and "ordnance" have two distinct meanings? • An "errant" fool is a fool who is lost, while an "arrant" fool is one whose foolishness is obvious? If any of these facts caught you by surprise, then you need More Word Smart. More than one million people improved their vocabulary with the original Word Smart, but an educated and powerful vocabulary doesn't stop growing with one book! All of words featured in More Word Smart belong in an impressive vocabulary. Learning and using these words effectively can help you get better grades, score higher on tests, and communicate more confidently at work. MORE WORD SMART has been cross-linked for easy e-reader navigation & viewing, and includes: • A rigorous emphasis on correct pronunciation • Specialized chapters that highlight vocabulary from classic literature, law, and religion • A guide to frequently occurring usage errors in written English • Two chapters focusing on the words frequently found on the SAT and other standardized tests

Unwanted Truth

Warning: Some People Hate This Book! Who hates Undoing? Stuffed-shirt academicians, do-nothing pushers of cosmic foo-foo, and would-be slave-owners everywhere. On the other hand, if you are interested in actually accomplishing something, you will love it. Within these pages you will find innumerable practical techniques to transform your life, served up with a large dose of humour and the stick of the Zen Roshi. This edition contains 64 pages of new material!

The Kundalini Equation

Using nanotechnology to enable miracle health cures and promote unprecedented levels of global wealth in the mid-21st century, Dr. Toby Glycer sparks moral debates and finds his innovations tested by their sentience and the threat of a cataclysmic asteroid collision. Co-written by the Hugo and Nebula Award-winning author of the Ringworld series.

Performance Measurement and Regulation of Network Utilities

Wool

As people begin dropping dead after consuming Chicken King poultry, the Destroyer and his omnipotent Asian mentor begin to suspect that a vegetarian vigilante is on the loose.

Machine Learning

Written by New York Times bestselling authors Neil Gaiman and Michael Reaves with Mallory Reaves, *The Silver Dream* is a riveting sequel to *InterWorld*, full of bravery, loyalty, time and space travel, and the future of a young man who is more powerful than he realizes. Dangerous times lie ahead, and if Joey Harker has any hope of saving *InterWorld* and the *Altiverse*, he's going to have to rely on his wits—and, just possibly, on the mysterious Time Agent Acacia Jones.

Molly Fyde and the Parsona Rescue

Do you love the sound of a peg leg stomping across a quarterdeck? Or maybe you prefer a parrot on your arm, a strong wind at your back? Adventure, treasure, intrigue, humor, romance, danger — and, yes, plunder! Oh, the Devil does love a pirate — and so do readers everywhere! Swashbuckling from the past into the future and space itself, *Fast Ships, Black Sails*, edited by Ann and Jeff VanderMeer, presents an incredibly entertaining volume of original stories guaranteed to make you walk and talk like a pirate. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

Singing the Dogstar Blues

Sixteen-year-old Aelia lives in 6th-century Byzantium. She doesn't yet know it, but she holds the fate of thousands in her hands, and her actions will echo across the centuries. Fourteen hundred years later the lives of Madison and Alexandre are once again plunged into danger. To save Madison, Alexandre is forced back to a world he thought was dead and buried.

The Bones of Odin

A collection of new and previously published stories by New York Times best-selling author Hugh Howey, including three set in his Wool universe

Undoing Yourself with Energized Meditation

This book explores the important role that economic performance measurement is playing in the regulation of network utilities in many countries today. The contributors to the book - researchers from academia, regulatory agencies and consulting firms - address the use of efficiency measures in price regulation and in assessing the effects of past regulatory reforms. Industries examined include electricity supply, water supply, telecommunications and airlines, across a range of countries including the USA, UK, Norway, the Netherlands, Australia and New Zealand.

Molly Fyde and the Blood of Billions

Evolved Publishing presents the Epic Fantasy, Eulogy: 'They'll stand amongst the corpses of the beloved.' That's what he said at the end, though I never considered myself one of the beloved, not at the beginning. I was simply a terrified woman then, but now now I understand. Maybe I wish I didn't. Void take me, this is so demon-damned hard. In the beginning, he

loved me. Irony, it twists and twirls like a lover's song, but this is hardly a lover's tale. It's one of blades and blood. I wish I could've seen it sooner, but that would've been too easy. I wouldn't have learned to love him.

The Ultimate Death

"Gay For You" is a collection of steamy short stories from best-selling gay romance author Jerry Cole. Titles included: -Contact Sports -Hunk for Teacher -The Blue Discharge -For You -Green Eyes -In the Grip of a Gangster -Shelter from the Storm -Private Matters -Face the Music -Superstar Soulmates Also included, full length bonus Novella "Summer Rental." Please Note: This book contains adult language & steamy adult activities, it is intended for 18+ Adults Only. This collection of stories is approx. 130,000 words+ in length. Stories have HFN & HEA endings. Most stories have "gay for you," "straight to gay," or "first time gay experience" themes.

Beacon 23

It's been ten years since Molly last set foot on her birth planet, and this isn't how she'd imagined her homecoming. The sky is full of an invading fleet, one powerful enough to threaten the entire galaxy. The new family she has come to rely on -- her crew of alien misfits and runaways -- are scattered in three directions. As they struggle to reunite, events beyond their control seem to be driving more than just them apart: the universe itself may be torn asunder if the bond between these unlikely heroes is broken.

I, Zombie

Alison Goodman's first novel - in a very special new edition! Seventeen-year-old Joss is a rebel, and a student of time travel at the prestigious Centre for Neo-Historical Studies. This year, for the first time, the Centre has an alien student: Mavkel, from the planet Choria. And Mavkel has chosen Joss, of all people, as his roommate and study partner. Then Mavkel gets sick. Joss quickly realizes that his will to live is draining away. The only way she can help Mavkel is by breaking the Centre's strictest rules - and that means going back in time to change history. This new Firebird edition of Alison Goodman's acclaimed first genre-bending adventure features a short story about Joss and Mav's after-book adventures, originally published in Firebirds Rising.

Karen Memory

A UK #1 BestSeller in Thriller and Action/Adventure. Recommended for those who love an escapist action adventure.

Reviews "Original! Fascinating! Breathtaking. . .Leadbeater really adds to the genre!" JOHN PAUL DAVIS, author of The Templar Agenda, a top 3 UK thriller. Did ancient Gods like Odin and Zeus and Thor once really exist? The time has come for a grand adventure filled with high excitement and explosive action. Matt Drake, a retired SAS officer, must unravel a mystery older than time in his search for the Nine Pieces of Odin. Though scattered aeons ago, it is believed that once the Pieces are reunited they will show the way to the Tomb of the Gods- the greatest archaeological find of all time. From a rocket attack on the Louvre to a battle in a Swedish cavern, from a daring helicopter raid on New York's National History Museum to an assault on a gangsters mansion in Hawaii, Matt Drake must find the world's oldest treasure in one of the wildest places on earth, searching for the very bones of the Gods with the spoils of victory being the entire world. Reader reviews: "can't wait for another Matt Drake adventure!!" "Bond meets The Da Vinci code but with higher stakes!" "if you like Andy Mcdermott or Matthew Reilly, get this book." "Another gem of a novel from this inventive writer." "this book is so full of life!"

Gay for You

Britain in the early eighteenth century: an introduction that is both informative and imaginative, reliable and entertaining. To the tradition of travel writing Daniel Defoe brings a lifetime's experience as a businessman, soldier, economic journalist and spy, and his Tour (1724-6) is an invaluable source of social and economic history. But this book is far more than a beautifully written guide to Britain just before the industrial revolution, for Defoe possessed a wild, inventive streak that endows his work with astonishing energy and tension, and the Tour is his deeply imaginative response to a brave new economic world. By employing his skills as a chronicler, a polemicist and a creative writer keenly sensitive to the depredations of time, Defoe more than achieves his aim of rendering 'the present state' of Britain.

The Red Church

"You ain't gonna like what I have to tell you, but I'm gonna tell you anyway. See, my name is Karen Memery, like memory only spelt with an e, and I'm one of the girls what works in the Hôtel Mon Cherie on Amity Street. Hôtel has a little hat over the o like that. It's French, so Beatrice tells me." Set in the late 19th century—when the city we now call Seattle Underground was the whole town (and still on the surface), when airships plied the trade routes, would-be gold miners were heading to the gold fields of Alaska, and steam-powered mechanicals stalked the waterfront, Karen is a young woman on her own, is making the best of her orphaned state by working in Madame Damnable's high-quality bordello. Through Karen's eyes we get to know the other girls in the house—a resourceful group—and the poor and the powerful of the town. Trouble erupts one night when a badly injured girl arrives at their door, beggin sanctuary, followed by the man who holds her indenture, and who has a machine that can take over anyone's mind and control their actions. And as if that wasn't bad

enough, the next night brings a body dumped in their rubbish heap—a streetwalker who has been brutally murdered. Bear brings alive this Jack-the-Ripper yarn of the old west with a light touch in Karen's own memorable voice, and a mesmerizing evocation of classic steam-powered science. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Eulogy

In the highly anticipated conclusion to the Bern Saga, Molly and her friends are reunited while two wars erupt and collide. An entire universe hangs on the actions of Parsona's crew, and not all of them will survive. Reading Order: 1. Molly Fyde and the Parsona Rescue 2. Molly Fyde and the Land of Light 3. Molly Fyde and the Blood of Billions 4. Molly Fyde and the Fight for Peace

The Fall of The Kings

When Beatles-obsessed alcoholic Simon Anthony attempts to drown himself in the Tollesbury salt marshes, he hopes his tortuous time on this earth to be over. To his dismay, he awakes in the local village lock-up. He is still in Tollesbury, but the year is 1836 Tollesbury Time. Nothing is real and there's nothing to get hung about

Sand

"Like Stephen King, he knows how to summon serious scares." - Bentley Little, The Haunting Stoker Award finalist THE RED CHURCH For 13-year-old Ronnie Day, life is full of problems: Mom and Dad have separated, his brother Tim is a constant pest, Melanie Ward either loves him or hates him, and Jesus Christ won't stay in his heart. Plus he has to walk past the red church every day, where the Bell Monster hides with its wings and claws and livers for eyes. But the biggest problem is that Archer McFall is the new preacher at the church, and Mom wants Ronnie to attend midnight services with her. Sheriff Frank Littlefield hates the red church for a different reason. His little brother died in a freak accident at the church twenty years ago, and now Frank is starting to see his brother's ghost. And the ghost keeps demanding, "Free me." People are dying in Whispering Pines, and the murders coincide with McFall's return. The Days, the Littlefields, and the McFalls are descendants of the original families that settled the rural Appalachian community. Those old families share a secret of betrayal and guilt, and McFall wants his congregation to prove its faith. Because he believes he is the Second Son of God, and that the cleansing of sin must be done in blood. "Sacrifice is the currency of God," McFall preaches, and unless Frank and Ronnie stop him, everybody pays. ----- "Scott Nicholson understands that the best horror novels achieve primal fear through a combination of sustained atmosphere, richly drawn characters, and believable if uncanny evils that draw unholy

power from everyday lives." --Christopher Ransom, author of The Birthing House "Keep both hands on your pants, because Nicholson is about to scare them off."--J.A. Konrath, Origin "Scott Nicholson is the kind of writer who always surprises and always entertains."--Jonathan Maberry, Patient Zero "Scott Nicholson writes with a mixture of H.P. Lovecraft, Manly Wade Wellman, and Clive Barker." - Kevin J. Anderson Keywords: Stephen King, Joe Hill, horror fiction, paranormal, suspense, mystery, supernatural thriller, ghost story, haunted house story, scary google books, spooky ebooks, Dean Koontz, James Herbert, John Saul, Edgar Allan Poe, Blake Crouch, J.A. Konrath, Jonathan Maberry, Peter Straub, Brian Keene, ghosts

A Tour Through the Whole Island of Great Britain

"The oceans are dying. The sea is growing warmer and is gradually rising. Seashells have become so rare that collecting them is now a national obsession Supreme among these collectors is Ness Wilde, CEO of Ocean Oil. Ness owns many of the best beaches, and he keeps them to himself. It's his fault the world turned out this way. And I aim to destroy him"--Amazon.com.

The Silver Dream

It's been ten years since Molly last set foot on her birth planet, and this isn't how she'd imagined her homecoming. The sky is full of an invading fleet, one powerful enough to threaten the entire galaxy. The new family she has come to rely on -- her crew of alien misfits and runaways -- are scattered in three directions. As they struggle to reunite, events beyond their control seem to be driving more than just them apart: the universe itself may be torn asunder if the bond between these unlikely heroes is broken.

Townsend--Townshend, 1066-1909

Every generation thinks that it is special: that the great fall will occur before their time is up. Every generation is wrong. Until now. Palmer's family has never been the same since their father walked out on them. His youngest brother, Rob, never met the man. Their middle brother, Connor, wants to follow in his footsteps. Their sister, Vic, has been trying to run away from her past for as long as they can remember. And their mother is just trying to survive. Palmer just wants to prove himself to his family, and has agreed to go on a sand-dive to find the lost city of Danvar. If he succeeds, the rewards will be like none ever before. Or so he thinks. For there are people who want Danvar found for different reasons. Dangerous reasons. And they are willing to kill for it.

Thicker Than Blood (Marchwood Vampire Series #2)

Wool introduced the world of the silo. Shift told the story of its creation. Dust will describe its downfall. Juliette, now mayor of Silo 18, doesn't trust Silo 1, especially its leader, Donald. But in the world of the Silos, there is no black and white — everything is shades of gray. Donald may not be the monster Juliette thinks he is, and may in fact be key to humanity's continued survival. But can they work together long enough to succeed?
