There he was in his sailboat in the middle of the Atlantic, all alone and loving it. Well, there was a US Navy carrier group on his southern horizon, but he was a Navy guy himself, so he didn't mind. Then came the UFOs, hurtling in from the Outer Black to overfly the carriers at Mach 17. Their impossible aerobatics were bad enough<sup>¾</sup>but then they started shooting at each other. And at the Navy. With nukes. Little ones at first, but winding up with a 500 megatonner at 90 miles that fried every piece of electronics within line-of-sight. Richard Ashton thought he was just a ringside observer to these now over-the-horizon events. Until the crippled alien lifeboat came drifting down and homed in on his sailboat; suddenly he has his hands full of an unconscious, critically wounded and impossibly human alien warrior who also happens to be a gorgeous female. AMERICAN FREEDOM AND JUSTICE VS. THE TYRANNIES OF THE SEVENTEENTH CENTURY The new government in central Europe, called the Confederated Principalities of Europe, was formed by an alliance between Gustavus Adolphus, King of Sweden, and the West Virginians led by Mike Stearns who were transplanted into 17th-century Germany by a mysterious cosmic accident. The new regime is shaky. Outside its borders, the Thirty Years War continues to rage. Within, it is beset by financial crisis as well as the political and social tensions between the democratic ideals of the 20th-century Americans and the aristocracy which continues to rule the roost in the CPE as everywhere in Europe. Worst of all, the CPE has aroused the implacable hostility of Cardinal Richelieu, the effective ruler of France. Richelieu has created the League of Ostend in order to strike at the weakest link in the CPE's armor<sup>3</sup>/<sub>4</sub>its dependence on the Baltic as the lifeline between Gustav Adolf's Sweden and the rest of his realm. The greatest naval war in European history is about to erupt. Like it or not, Gustavus Adolphus will have to rely on Mike Stearns and the technical wizardry of his obstreperous Americans to save the King of Sweden from ruin. Caught in the conflagration are two American

diplomatic missions abroaRebecca Stearns' mission to France and Holland, and the embassy which Mike Stearns sent to King Charles of England headed by his sister Rita and Melissa Mailey. Rebecca finds herself trapped in war-torn Amsterdam; Rita and Melissa, imprisoned in the Tower of London. And much as Mike wants to transport 20th-century values into war-torn 17th-century Europe by Sweet Reason, still he finds comfort in the fact that Julie, who once trained to be an Olympic marksman, still has her rifle . . . Alignment: a centuries-old cabal that seeks to impose its vision of a society dominated by genetic rank onto the human race. Now the conspiracy stands exposed by spies Anton Zilwicki and Victor Cachat—one an agent of Honor Harrington's Star Kingdom of Manticore, the other a Havenite operative. The outing of the Alignment has turned the galaxy's political framework topsy-turvy. Old coalitions have disintegrated. New alliances have been born. For starters, the long and hard-fought war between the Republic of Haven and the Star Empire of Manticore is not only over, but these bitter enemies have formed a new pact. Their common foe: the Mesan Alignment itself. But more information is needed to bring the Alignment out of the shadows. Now, defying the odds and relying on genetic wizardry themselves for a disguise, Zilwicki and Cachat return to Mesa—only to discover that even they have underestimated the Alignment's ruthlessness and savagery. Soon they are on the run in Mesa's underworld, not only hunted by the Alignment but threatened by the exploding conflict on the planet between Mesa's overlords and the brutalized slaves and descendants of slaves who have suffered under their rule for so long. But if Zilwicki and Cachat succeed in rooting out the ancient conspiracy, a great evil may be finally removed from the galaxy—and on a long-oppressed planet, freedom may finally dawn. ### **War Maid's Choice**

Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a

new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed. And he'll need to find a base of operations, a Safeholdian country that's just a little more freewheeling, a little less orthodox, a little more open to the new. And thus Merlin comes to Charis, a mid-sized kingdom with a talent for naval warfare. He plans to make the acquaintance of King Haarahld and Crown Prince Cayleb, and maybe, just maybe, kick off a new era of invention. Which is bound to draw the attention of the Churchand, inevitably, lead to war. It's going to be a long, long process. The fourth installment of Bernard Cornwell's bestselling series chronicling the epic saga of the making of England, "like Game of Thrones, but real" (The Observer, London)—the basis for The Last Kingdom, the hit television series coming to Netflix in Fall 2016. The year is 885, and England is at peace, divided between the Danish

kingdom to the north and the Saxon kingdom of Wessex in the south. Uhtred, the dispossessed son of a Northumbrian lord—warrior by instinct, Viking by nature—has finally settled down. He has land, a wife and two children, and a duty given to him by King Alfred to hold the frontier on the Thames. But then trouble stirs: a dead man has risen, and new Vikings have arrived to occupy the decayed Roman city of London. Their dream is to conquer Wessex, and to do it they need Uhtred's help. Alfred has other ideas. He wants Uhtred to expel the Viking raiders from London. Uhtred must weigh his oath to the king against the dangerous turning tide of shifting allegiances and deadly power struggles. And other storm clouds are gathering: Alfred's daughter is newly married, but by a cruel twist of fate, her very existence now threatens Alfred's kingdom. It is Uhtred—half Saxon, half Dane—whose uncertain loyalties must now decide England's future. *Sword Song* is Cornwell's finest work yet—vivid with period detail, this breathtaking adventure thoroughly reimagines one of the most fascinating tales in all of history—the birth of England—and breathes life into the brilliant king who made it possible: Alfred the Great.

### **Oath of Swords and Sword Brother**

THE ROAD HOME Bahzell Bahnakson of the Horse Stealer hradani never wanted to be a champion of the War God. Unfortunately, Tomandk had insisted. Even more unfortunately, Bahzell's own sense of responsibility hadn't let him say, "No." Which

was how he found himself in the Empire of the Axe, where even people who didn't actively hate hradani regarded them with suspicion and fear. Of course, that was only the start of his problems. Next, there was the Order of Tomanak, many of whom were horrified by the notion that their deity had chosen a hradani as a champion . . . and intended to do something about it. And assuming he survived that, he had to go home-across three hundred leagues of bitter winter snow-to face a Dark God who threatened to destroy all hradani. Throw in the odd demon and brigand ambush, and add a powerful neighboring kingdom with no intention of letting Bahzell (or anyone else) save his people, and you have the makings of a really bad day. But one thing Bahzell has learned a champion of Tomanak does what needs doing. And the people in his way had better move.
