The Official ACT Prep Guide

For all drivers, new and experienced -- everyone will learn useful information from this book. Ms. Creedon has artfully researched and detailed this fact-filled guide of knowledge about vehicles and safety. When her daughter became the victim of a "bump and grab," she was compelled to learn more about road dangers and other things that so many drivers don't know -- but need to! Points that are not covered in Driver's Ed, knowledge gained only through years of driving experience, are expertly covered in her easy-reading style. From the back cover: How safe are you while driving? Do you know what to do when suspicious situations arise? Do you know basic vehicle trouble signs? The Ride Guide's wealth of information tells how to be more safety conscious, avoid driving hazards, how to keep your vehicle safe, and so much more! Learn about important danger signs, how to handle problems and avoid potential safety traps. What do you do when blue lights are flashing behind you? (Perhaps not what you think!) When is it okay to leave the scene of an accident? What is the difference between road rage and aggressive driving? Do you know about the "Move Over Law" and the "Good Samaritan Law?" When not to use cruise control? How best to talk to a police officer? Proper procedure when you have an accident? What to do if involved in a "bump & grab?" When to call 511? You will also find information on how to take care of your car, how to avoid getting a ticket, how to buy a used car, how to add oil, how to use jumper cables, the safe way to lead and follow, plus lots of great driving tips. While new drivers generally have the most current driving knowledge, they don't know many of the points mentioned, things learned only from years of driving experience. However, drivers of any age and experience level will benefit from this book.

Concise Guide to APA Style

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a

clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA ***** The Simple Board Member Orientation Process Using This Book: 1. Your board members read Chapters 1-9 of the book, which will provide them with insights regarding the key elements of nonprofit board service. 2. You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3. You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!

"The author chooses to address these wealth-creating principles primarily to Millennials, born after 1982, because they represent the greatest potential for transformation of society and our world for good. NOTE: This Parent-Teacher-Mentor Edition of Shine In Your Life's Journey accompanies the student guide/workbook Shine In Your Life's Journey: A Student's Guide to Character Development, and contains helpful instructions to the lessons in the Student Guide for any parent, teacher, and mentor. "There is honor in meeting and overcoming life's challenges." This is the theme of Shine in Your Life's Journey (for students) and is meant to inspire children of all ages with the belief that with meaningful learning tools, they have the power to meet their personal

challenges and goals with courage and purpose. Shine In Your Life's Journey is a simply formatted, straightforward guide/workbook to help students learn the important values and behaviors that build and sustain a strong character. Containing concise, thought-provoking, and enjoyable lessons, this easy-to-use guide encourages its student users to discover their own innate strengths as well as improve areas of lesser strengths that will help them achieve their hopes, dreams, and goals in their lives. The lessons are divided into three sections: Being an Honorable Person, Self-Discovery, and Self-Empowerment, and are a result of the curriculum the author has developed for the children he teaches and mentors at Jasper Mountain Center in Jasper, Oregon, an internationally renowned residential facility that addresses the significant needs of children and their families who have suffered the trauma of abuse. Author Greg Ahlijian has been a volunteer at the Jasper Mountain facility since 2008, teaching and mentoring children from ages 8-14 about character development, nature, and poetry. Inspired by the children, he has written two books that contain life lessons: The Large Rock and the Little Yew teaches the virtues of courage, perseverance, self-respect, and hope; and An Elephant Would Be Wonderful, a book about self-discovery. He says, "To be able to provide a smile on a child's face, a bit of joy or inspiration, is what my book projects are all about!"
