## **Journal of the Senate, Legislature of the State of California**

With the same brilliant combination of humor and warmth she brought to bestseller *Bird by Bird*, Anne Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It's not like she's the only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a generous amount of wit and faith (but very little piousness), Lamott narrates the great and small events that make up a woman's life. "Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor." -- Los Angeles Times Book Review "Lamott is a wonderfully lithe writer . Anyone who has ever had a hard time facing a perfectly ordinary day will identify." -- Chicago Tribune

This book is a compilation of my thoughts-- transformed into poems, quotes, and self notes. At the unseasoned age of 20, I can testify to life taking me through some expected changes and detours. There were many days that I couldn't speak, think, or even write clearly. Through silence, prayer, and this little writing outlet, I've learned so much. I've found inspiration in the most unexpected places. I've learned that it's okay to cry. It's okay to not know all the answers. It's okay to be you--

Unapologetically you. Sometimes, it's even okay to feel lost.. So long as you remember who you are. We're all destined for greatness and success. I pray this book opens minds, encourages smiles, and inspires creativity. Above all, I'm forever grateful to my Heavenly Father for his magnificent plan over my life.

## **Hard Laughter**

With the same brilliant combination of humor and warmth that marked *Operating Instructions* and *Bird by Bird*, her two bestselling works of nonfiction, Anne Lamott now gives us an exuberant richly absorbing portrait of a family for whom the joys and sorrows of everyday life are magnified under the glare of the unexpected. The Fergusons make their home in a small California town where life is supposed to resemble paradise, but for thirteen-year-old Rosie (last seen in Lamott's beloved novel *Rosie*), reality is a bit harsher. Her mother, a recovering alcoholic, is still beset by grief over the early death of her first husband. Rosie's stepfather is a struggling writer plagued by doubts and hilarious paranoia. And Rosie, aching in the bloom of young womanhood and obsessed with tournament tennis, finds that her athletic gifts, initially a source of triumph, now place her in peril, as a shadowy man who stalks her from the bleachers seems to be developing an obsession of his own. Written with enormous emotional honesty, inhabited by superbly realized characters, riotously funny and wonderfully suspenseful, *Crooked Little Heart* is Anne Lamott writing at the height of her considerable powers.

Field Manual (FM) 3-34.400, "General Engineering," is the primary implementing manual for the engineer function that bears its name (the others being combat and geospatial engineering). This manual provides general engineering (GE) doctrine for the United States (U.S.) Army and U.S. Marine Corps. As the implementing manual for the engineer function of general engineering (GE), FM 3-34.400 describes the operational environment (OE) and how to apply and integrate GE principles in support of full spectrum operations and the linkage of GE to assured mobility. This FM focuses on the establishment and maintenance of lines of communications (LOCs) and sustainment operations that support operational requirements throughout the area of operations (AO). FM 3-34.400 is designed primarily to assist Army engineers at all echelons in planning and coordinating GE operations at the strategic, operational, and tactical levels. It is also a resource applicable to Department of Defense (DOD), joint, and other Army organizations and agencies that have a role in

supporting, establishing, and/or maintaining the infrastructure required to conduct and sustain military operations. It is the primary manual to define the engineer function of GE. FM 3-34.400 is applicable across full spectrum operations. This includes the four types of Army operations (offense, defense, stability, and/or civil support) across the spectrum of conflict (peace, crisis, and war). This FM recognizes the need for joint interdependence and the reality that operations will frequently be performed in a joint, interagency, and multinational environment.

Grief Work Diaries and Grief Work Journals are a recommended coping tool for exploring the grief cycle and emotions that arise after the loss of a loved one. When completed, grief diaries tell the story of daily life through the cycle of grieving, forever giving you a written account from your perspective.. Grief journals and diaries allow you to not only express the feelings that arise after death and loss, but to review your progress through the stages of grief. You need to take time to pause, reflect, and focus on yourself. It is important to express any feelings you may have during the grieving process. Grief work journals and grief work diaries allow you to record thoughts, emotions, and feelings that otherwise may be lost or overlooked. Death and loss can cause intense emotions. Many report feeling relieved or more at peace after expressing these feelings in a grief journal. Reflection through the process of grief is important. Reflecting on a previous state of mind allows you to understand how far you have come. The grief cycle is not always a fluid process, which makes frequent reflection all that more important. It is important to note the changes in mindset and yourself through your writing.

### **Use Your Words**

## **Book Reading Journal**

USE YOUR WORDS introduces the art of creative nonfiction to women who want to give written expression to their lives as mothers. Written by award-winning teacher and writer, Kate Hopper, this book will help women find the heart of their writing, learn to use motherhood as a lens through which to write the world, and turn their motherhood stories into art. Each chapter of USE YOUR WORDS focuses on an element of craft and contains a lecture, a published essay, and writing exercises that will serve as jumping-off points for the readers' own writing. Chapter topics include: the importance of using concrete details, an overview of creative nonfiction as a genre, character development, voice, humor, tense and writing the "hard stuff," reflection and back-story, structure, revision, and publishing. The content of each lecture is aligned with the essay/poem in that chapter to help readers more easily grasp the elements of craft being discussed. Together the chapters provide a unique opportunity for mother writers to learn and grow as writers. USE YOUR WORDS takes the approach that creative writing can be taught, and this underscores each chapter. When students learn to read like writers, to notice how a piece is put together, and to question the choices a writer makes, they begin to think like writers. When they learn to ground their writing in concrete, sensory details and begin to understand how to create believable characters and realistic dialogue, their own writing improves. USE YOUR WORDS reflects Kate's style as a teacher, guiding the reader in a straightforward, nurturing, and passionate voice. As one student noted in a class evaluation: "Kate is a born writer and teacher, and her enthusiasm for essays about motherhood and for teaching the nuts and bolts of writing so that ordinary mothers have the tools to write their stories is a gift to the world. She is raising the value of motherhood in our society as she helps mothers build their confidence and strengthen their game as writers."

Order is necessary to the running of a successful business and home. But, one simple rash action throws everything into disorder. He hadn't been the one to kidnap the delightful and beautiful Lady Bentley, but he'd be the one to pay the price. As such, he decides to spend the last days on Earth making everything right with his family, securing their future, and spending every moment he can with Rose before he swings from the gallows. With a word from her, or perhaps promise, his neck might be saved, but at what cost and is Rose willing to save him?

### **Bird by Bird**

Each year, more than 1.5 million American families see their children off to their first year in college. It's a momentous day in the lives of high school graduates and their parents, and during this transitional time, parents' emotions include everything from anxiety to hope, guilt to pride, fear to relief. In *She's Leaving Home*, author Connie Jones chronicles two years in her own life, from the days when her daughter, Cary, fielded bids from more than a hundred colleges to her first year as a student at Smith College in Massachusetts. A story of spiritual journey and growth, the intimate, journal-like essays perfectly capture one mother's love and letting go of a daughter as she transforms into an adult. *She's Leaving Home* is a personal memoir that parents will relate to in the same way readers responded to Anne Lamott's *Operating Instructions: A Journal of My Son's First Year*.
