Big worlds come in coin-sized packages. In a world ruled by money, a lone 1938 Jefferson nickel stands a penny short. Minus a cent, but having discovered within him a million bucks of fantastic, Ned Nickel sallies forth to save Coinworld from a worthless future. Shunned by his fellow coins, but sought after by dogged collectors, 4cents Ned learns that he has a most daunting destiny. With the help of a sagacious Indian nickel and a shabby and luckless Lincoln wheat penny, Ned becomes "The Four," champion of small change everywhere. Ned must navigate the ever-changing currents of commerce as he battles for justice and searches for the love of his life, a 1922 Peace Dollar named Franny. Beginning in 1949, Ned and his team of Raider Special Forces roll frolicking forward through the years in their attempt to save Coinworld-and perhaps the entire universe-from a valueless future. 4cents Ned is e pluribus awesome. Joyce in the Belly of the Big Truck; Workbook

The Argead Dominion is the last holdout against the Imperial Padishah's brutal westward expansion. An aging arsenal of decaying tanks and antique rifles lets Argead forces scrape by, but true victories are won by the Polaris: elite battle-mages enslaved for the world-ending sins of their ancestors. Taki is an ambitious Polaris stuck with the dregs of his kind in a squad named Tirefire the Lesser. Though career suicide might be bearable in the right company, his new companions are anything but. The sniper despises him, the man-at-arms is profoundly depressed, and his beautiful captain has a penchant for beating her underlings. As the invading horde draws closer, this squad of defectives must band together despite the long odds against them. But with Imperial assassins out for their blood and treachery from within their own ranks, survival will come with a high price.

Sixteen-year-old Max and 10-year-old Tessa were fully prepared for another horrible summer vacation. While they always hoped to go somewhere fun like Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as I Plan to Kill You Now and the sequel, I Plan to Kill You Now, Too, the ninja film, Chuck Butcher: Sword Wielding Jackal, as well as the light-hearted romp, Harry Hinklehoffer and the Giant Dancing Toad of East Nebraska -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.

Don't Date a Psycho

"What are you, some kinda PSYCHO?" How many times have you said this to someone? Probably a lot. How often has someone said this to you? Hopefully, not so much! Truth is, we've all dated or been involved with someone who drove us nuts or, if we haven't, chances are that we were the ones who got

on the other person's nerves. Now, the question is: who is the Psycho; you or the other person? Don't Date a Psycho: Don't Be One, Don't Date One looks at why we behave in the ways that we do in relationships, what makes us stay with the person we're with and what makes us leave them, and how to tell who is safe to be in a relationship with and who is unsafe. Done with humor and written from more than two decades of clinical experience as a psychologist, Dr. Keiron Brown helps us to gain a clearer understanding of who we are as individuals, who we are as partners in relationships and what makes each and every one of us prone to acting a little nuts sometimes when our hearts are at stake.
