Performing Identity and Gender in Literature, Theatre and the Visual Arts  
The Gender of Death

## **Combatives Manual**

This volume presents a compelling mélange of chapters focusing on the myriad ways in which performance and gender are inextricably bound to identity. It shows how gender, performance and identity play themselves out in various ways, contexts and genres, in order to illumine the very instability and fluidity of identity as a static category. As such, it is a must-read for anyone interested in gender studies, identity politics and literature in general.

## **Race, Ethnicity, and Participation in the Arts**

"Explores the imagery of woman in Mexican art and visual culture. Examines how

woman signified a variety of concepts, from modernity to authenticity and revolutionary social transformation, both before and after the Mexican Revolution"--Provided by publisher.

### **The Routledge Companion to Latino/a Literature**

In this, the first collection in English of feminist-oriented research on Japanese art and visual culture, an international group of scholars examines representations of women in a wide range of visual work. The volume begins with Chino Kaori's now-classic essay *Gender in Japanese Art*, which introduced feminist theory to Japanese art. This is followed by a closer look at a famous thirteenth-century battle scroll and the production of *bijin* (beautiful women) prints within the world of Edo-period advertising. A rare homoerotic picture-book is used to extrapolate the grammar of desire as represented in late seventeenth-century Edo. In the modern period, contributors consider the introduction to Meiji Japan of the Western nude and oil-painting and examine *Nihonga* (Japanese-style painting) and the role of one of its famous artists. The book then shifts its focus to an examination of paintings produced for the Japanese-sponsored annual salons held in colonial Korea. The post-war period comes under scrutiny in a study of the novel *Woman in the Dunes* and its film adaptation. The critical discourse that surrounded women artists of the late twentieth-century - the Super Girls of Art - i

## **Becoming Modern, Becoming Tradition**

### **First and Second Things**

This edited collection provides an interdisciplinary and multicultural perspective on gender within Hispanic film and literature.

### **Six Degrees of School Improvement**

Latino/a literature is one of the fastest developing fields in the discipline of literary studies. It represents an identity that is characterized by fluidity and diversity, often explored through divisions formed by language, race, gender, sexuality, and immigration. The Routledge Companion to Latino/a Literature presents over forty essays by leading and emerging international scholars of Latino/a literature and analyses: Regional, cultural and sexual identities in Latino/a literature Worldviews and traditions of Latino/a cultural creation Latino/a literature in different international contexts The impact of differing literary forms of Latino/a literature The politics of canon formation in Latino/a literature. This collection provides a map of the critical issues central to the discipline, as well as uncovering new perspectives and new directions for the development of the field. It is essential

reading for anyone interested in the past, present and future of this literary culture.

### **Gender and Power in the Japanese Visual Field**

Amidst the contentious debates about teacher effectiveness, most people believe that unions, education colleges, charter networks, consulting agencies, textbook publishers, test producers, professional associations, teachers, and researchers disagree with one another about the most essential school reforms. Though all these groups do certainly have their own interests and perspectives, they also all desire to see that students are better prepared for a competitive world. What if all these groups worked together for that very goal? What would happen if all reform work in PK12 education centered on the improvement of teaching? Would teachers be treated differently? Would they respond to their work in more innovative ways? Would it change the quality of education that children in the United States receive? *Six Degrees of School Improvement: Empowering a New Profession of Teaching* provides glimpses of this realistic approach to American education reform with an eye toward what the system might look like in one to two generations from now. The book makes a solid case for "collaborative professionalism," a system that binds professionals together under a common set of understandings about the ways in which children and adolescents learn content knowledge and acquire skills. It argues that popular approaches to school improvement circumvent teachers and

thus further deskill and disempower the very people responsible for student learning in classrooms. Most importantly, the book provides very clear guidance on building a system of collaborative professionalism among teachers.

### **Gender in Hispanic Literature and Visual Arts**

When soldiers become so entangled with enemy forces that firearms and grenades are not practical, hand-to-hand combat skills become vital. Learn the U.S. Army's most current techniques for basic and advanced unarmed fighting, field-expedient weapons, combat-speed training, transition techniques, sentry removal and much more.

### **Basic Engineering Thermodynamics**

### **Performing Identity and Gender in Literature, Theatre and the Visual Arts**

This study examines rates of participation of African-American, Hispanic-Americans, and whites in activities ranging from performing arts attendance and visits to art museums to creating craft works and performing onstage.

## **The Gender of Death**

An illustrated historical study of gendered personifications of death in Western art, literature, and culture.
