This completely new title is written to specifically cover the new IB Diploma Mathematical Studies syllabus. The significance of mathematics for practical

applications is a prominent theme throughout this coursebook, supported with Theory of Knowledge, internationalism and application links to encourage an appreciation of the broader contexts of mathematics. Mathematical modelling is also a key feature. GDC tips are integrated throughout, with a dedicated GDC chapter for those needing more support. Exam hints and IB exam-style questions are provided within each chapter; sample exam papers (online) can be tackled in exam-style conditions for further exam preparation. Guidance and support for the internal assessment is also available, providing advice on good practice when writing the project.

Annual Reports of the Officers of State of the State of Indiana

Fully revised for first examination in 2021 with an emphasis on 21st century skills. This activity-based coursebook for classroom use is clearly organised into three parts: text types, global issues and assessment. The first section defines and analyses a range of literary and non-literary text types. The global issues section integrates all three areas of exploration from the revised syllabus, into meaningful units. The coursebook includes curated video links and samples of Paper 1, Paper 2, the individual oral and the higher level essay. Higher level extension activities are included in each unit, with key concepts and guiding questions integrated throughout. Answers are in the teacher's resource.
