A comprehensive training resource for producing electric power from the sun.

Operator, Organizational, Direct and General Support, and Depot Maintenance Manual

The Internet is almost synonymous with change--that's one of its charms, and one of its headaches. You may think you know the Internet, but are you really up to speed on internet telephones, movie and TV downloading, blogging, gaming, online banking, dating, and photosharing? This utterly current book covers: Getting Online. Readers will have all the information they need to decide what kind of broadband connection works best for them, which browser they should use, and what kind of spyware-fighting and virus-and spam-protection measures they need to protect themselves. Finding Information. Google may be the leading search site, but it's certainly not the only game in town. This book introduces a diverse and useful collection of sites that help uncover everything from health care information, to shopping, travel and finance, to dependable reviews and ratings. Movies, music, and photos. The Web's teeming with entertainment--and not just the sort of postage-stamp sized videos that only a geek could love. Learn where to download movies, watch TV online, listen to music, play games, and post and share photos with friends. Keeping in touch. Email's only the beginning. This book introduces readers to the many tools that make the modern Internet such a great way to stay connected. From Web-based discussion groups to instant messaging programs, and from blogs and podcasts to Internet-based phone calls, this book will help you join the conversation. Ideal for anyone just venturing into cyberspace, this book is also perfect for more experienced users who could use an update to today's most exciting internet applications.

Manual on Installation of Refinery Instruments and Control Systems

The complete guide to survival in the concrete jungle. The modern urban environment is rife with dangers. Crime, violence, natural disasters, wars, and terrorism are real life possibilities for which few people are prepared. The Art of Urban Survival offers readers simple, safe, and practical advice on how to prepare for, and react to dozens of life threatening situations. The author draws from psychology, sociology and anthropology to provide a deeper understanding of the laws of the urban jungle. In addition, elements of military strategy, eastern martial arts, and wilderness survival techniques are included to provide information on the full spectrum of urban survival skills.

Operator's Organizational, DS, GS, and Depot Maintenance Manual

Organizational Maintenance Manual (antenna/transceiver Removal and Installation Procedures) for Radar Set AN/TPQ-36 (NSN 5840-01-043-4257).

Whether you're a budding blogger or seasoned Web designer, WordPress is a brilliant tool for creating websites, once you know how to tap its impressive features. The latest edition of this jargon-free Missing Manual shows you how to use WordPress 3.9's themes, widgets, plug-ins, and souped-up editing and multimedia tools to build just about any kind of site. The important stuff you need to know: Create your site. Get hands-on, A-to-Z instructions for building all types of websites, from classy blogs to professional-looking ecommerce sites. Add features. Choose from thousands of widgets and plug-ins to enhance your site's ease of use, looks, and performance. Mix in multimedia. Add picture galleries, slideshows, video clips, music players, and podcasts to your pages. Attract an audience. Create automatic content feeds, sign up site subscribers, and help readers share your posts on social media. Fine-tune your content. Analyze site statistics to improve your content and reach, and to optimize your site for search engines. Go Mobile. Choose a theme that automatically reconfigures your site for mobile devices. Build a truly unique site. Learn how to customize WordPress themes to create a site that looks exactly the way you want it to.

Operator, Organizational, DS, GS, and Depot Maintenance Manual

For a company that promised to "put a pause on new features," Apple sure has been busy-there's barely a feature left untouched in Mac OS X 10.6 "Snow Leopard." There's more speed, more polish, more refinement-but still no manual. Fortunately, David Pogue is back, with the humor and expertise that have made this the #1 bestselling Mac book for eight years straight. You get all the answers with jargon-free introductions to: Big-ticket changes. A 64-bit overhaul. Faster everything. A rewritten Finder. Microsoft Exchange compatibility. All-new QuickTime Player. If Apple wrote it, this book covers it. Snow Leopard Spots. This book demystifies the hundreds of smaller enhancements, too, in all 50 programs that come with the Mac: Safari, Mail, iChat, Preview, Time Machine. Shortcuts. This must be the tippiest, trickiest Mac book ever written. Undocumented surprises await on every page. Power usage. Security, networking, build-your-own Services, file sharing with Windows, even Mac OS X's Unix chassis-this one witty, expert guide makes it all crystal clear.
