This story is important." —Kirkus (starred review) "Heartbreakingly topical." —Publishers Weekly (starred review) "A marvel of verisimilitude." —Booklist (starred review) "A powerful, in-your-face novel." —Horn Book (starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. And don't miss *On the Come Up*, Angie Thomas's powerful follow-up to *The Hate U Give*.

Gödel, Escher, Bach

WITH A NEW INTRODUCTION BY NINA STIBBE A hundred years ago P.G. Wodehouse, now widely regarded as the best comic novelist of the twentieth century, wrote SOMETHING FRESH, the first of his novels set in Blandings Castle. Here resides the dotty Lord Emsworth, who is 'as completely happy as only a fluffy-headed old man with excellent health and a large income can be'; his son, the Hon. Freddie Threepwood, who 'had been expelled from Eton for breaking out at night and roaming the streets of Windsor in a false moustache' and their butler, Beach, who had 'acquired a dignified inertia which almost qualified him for inclusion in the vegetable garden'. Featuring a valuable scarab unwittingly acquired from a dyspeptic American billionaire, plus imposters, engagements, broken engagements, elopements, mistaken identities, family spats and shots fired in the dead of night, SOMETHING FRESH is Wodehouse at his glorious best. 'The gardens of Blandings Castle are that original garden from which we are exiled.' Evelyn Waugh

Autentico 2018 Authentic Resources Workbook Level 2

This book offers an accessible introduction to the topic of impact evaluation and its practice in development. While the book is geared principally towards development practitioners and policymakers designing prospective impact evaluations, we trust that it will be a valuable resource for students and others interested in using impact evaluation. Prospective impact evaluations should be used selectively to assess whether or not a program has achieved its intended results, or to test alternatives for achieving those results. We consider that more and better impact evaluation will help strengthen the evidence base for development policies and programs around the world. If governments and development practitioners can make policy decisions based on evidence - including evidence generated through impact evaluation - our hope is that development resources will be spent more effectively, and ultimately have a greater impact on reducing poverty and improving people's lives. The three chapters in this handbook provide a non-technical introduction to impact evaluations, including "Why Evaluate" in Chapter 1, "How to Evaluate" in Chapter 2 and "How to Implement Impact Evaluations" in Chapter 3. These elements are the basic 'tools' needed in order to successfully carry out an impact evaluation. From a methodological standpoint our approach to impact evaluation is largely pragmatic: we think that the most appropriate methods should be identified to fit the operational context, and not the other way around. This is best achieved at the outset of the program, through the design of prospective impact evaluation that can be built into the project's implementation. We argue that gaining consensus between key stakeholders and identifying an

evaluation design that fits the political and operational context is as important as the method itself. We also believe strongly that impact evaluations should be upfront about their limitations and caveats. Finally, we strongly encourage policymakers and program managers to consider impact evaluations in a logical framework that clearly sets out the causal pathways by which the program works to produce outputs and influence final outcomes, and to combine impact evaluations with monitoring and selected complementary evaluation approach to gain a full picture of performance. This book builds on a core set of teaching materials developed for the “Turning Promises to Evidence” workshops organized by the office of the Chief Economist for Human Development (HDNCE) in partnership with regional units and the Development Economics Research Group (DECRG) at the World Bank.

You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working with

seniors inside the Van Gogh, a large upscale urban assisted living complex. Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of Dementia. Emotionally rich and deeply moving, *Remembering What I Forgot* tells of a day in the life of a memory unit nurse and the unimaginable obstacles faced by today's health care workers. A first of its kind, the story provides its reader with a rare glimpse into "life on a memory unit" including the emotional torment experienced by visitors who witness their loved one slip into ever increasing apathy and confusion. In its truest sense a love story of the need to cope and how to find hope when someone we love suddenly cannot remember well and is handed a diagnosis of Dementia. Insightful, humorous and heartfelt, *Remembering What I Forgot* conveys a message of inspiration and helps us connect with those in the final chapter of their life. Let us not forget them.

Eager for justice for the townsfolk, he enlists the help of an unlikely combination of allies: a halfling spy with a hidden past, the adopted son of a famous wizard, two half-elven sisters from an enemy land, a widowed priestess of the Elven god and a seemingly laid-back warrior with secrets

of his own. Together the new-found companions battle against the shadowy cult of the Ja'al and its inhuman allies in the dark caverns and green woodlands of the frontier. Their search leads them on a journey to powerful magic, long-lost ruins, and chilling discoveries of evils from a bygone age. Dogged by an ancient prophecy that seems to call them out by name, the companions find friendship, romance, intrigue, and startling revelations as they race against time to thwart the Ja'al plans and solve the mystery of Whitehorse Peak.

'What is a self and how can a self come out of inanimate matter?' This is the riddle that drove Douglas Hofstadter to write this extraordinary book. In order to impart his original and personal view on the core mystery of human existence - our intangible sensation of 'I'-ness - Hofstadter defines the playful yet seemingly paradoxical notion of 'strange loop', and explicates this idea using analogies from

many disciplines.

It's called the "Gettysburg of the West," the battle for control of Glorieta Pass, near Santa Fe. At stake is a route to Colorado's gold and San Francisco's unblockadable sea coast, two goals that would give the Confederate States a vital edge. General H.H. Sibley's Texas Confederates are opposed by a Union army under Colonel E.R.S. Canby. Before the war, Sibley and Canby were on the same side. Now there's just no winning in this bloody battle between countrymen torn apart by

The Messenger Within

My new friends have begun to suspect I haven't told them the full story of my life. "Why did you leave Sierra Leone?" "Because there is a war." "You mean, you saw people running around with guns and shooting each other?" "Yes, all the time." "Cool." I smile a little. "You should tell us about it sometime." "Yes, sometime." This is how wars are fought now: by children, hopped-up on drugs and wielding AK-47s. Children have become soldiers of choice. In the more than fifty conflicts going on worldwide, it is estimated that there are some 300,000 child soldiers. Ishmael Beah used to be one of them. What is war like through the eyes of a child soldier? How does one become a killer? How does one stop? Child soldiers have been profiled by journalists, and novelists have struggled to imagine their lives. But until now, there has not been a first-person account from someone who came through this hell and survived. In *A Long Way Gone*, Beah, now twenty-five years old, tells a riveting story: how at the age of twelve, he fled attacking rebels and wandered a land rendered unrecognizable by violence. By thirteen, he'd been picked up by the government army, and Beah, at heart a gentle boy, found that he was capable of truly terrible acts. This is a rare and mesmerizing account, told with real literary force and heartbreaking honesty.
