Then they meet Jan, a ragged boy with a paperknife - the silver sword - that they recognize as belonging to their lost father. The sword becomes their symbol of hope as, with Jan, they begin the hazardous journey across war-torn Europe to find their parents. Ian Serraillier's moving account of a family torn apart by war speaks as much to us today as it did when it was first written.

This book is the most comprehensive reference ever written for individuals interested in law enforcement selection. The chapters contain meta-analyses (statistical reviews of the literature) investigating the validity of methods used to predict police performance. These methods include education requirements, cognitive ability, background variables (e.g., military experience, arrest record, discipline problems at work), personality inventories, interest inventories, physical agility tests, assessment centers, and interviews. The first chapter in the book is a short primer on meta-analysis that informs the reader about the purpose of meta-analysis and how to interpret the meta-analysis tables contained in the book. Chapter 2 describes the methods used to conduct the meta-analyses for this project. Chapters 3-11 list the meta-analysis results for the various predictors of police performance. Chapter 12 describes a meta-analysis of the relationships among criteria (e.g., performance ratings, discipline problems, commendations), Chapter 13 describes a meta-analysis of the relationships among selection methods, and Chapter 14 describes a meta-analysis of the relationship between the various criteria and sex, race, age, and tenure. Chapter 15 summarizes the previous chapters and identifies future research needs.

The Shadow of Selma evaluates the 1965 civil rights campaign in Selma, Alabama, the historical memory of the campaign's marches, and the continuing relevance of and challenges to the Voting Rights Act. The contributors present Selma not just as a keystone event but, much like Ferguson today, as a transformative place: a supposedly unimportant location that became the focal point of epochal historical events. By shifting the focus from leaders like Martin Luther King Jr. to the thousands of unheralded people who crossed the Edmund Pettus Bridge--and the networks that undergirded and opposed them--this innovative volume considers the campaign's long-term impact and its place in history. The volume recalls the historical currents that surrounded Selma, discussing grassroots activism, the role of President Lyndon B. Johnson during the struggle for the Voting Rights Act, and the political reaction to Selma at home and abroad. Using Ava DuVernay's 2014 Hollywood film as a stepping stone, the editors bring together various essays that address the ways media--from television and newspaper coverage to "race beat" journalism--represented and reconfigured Selma. The contributors underline the power of misrepresentation in shaping popular memory and in fueling a redemptive narrative that glosses over ongoing racial problems. Finally, the volume traces the fifty-year legacy of the Voting Rights Act. It reveals the many subtle and overt methods by which opponents of racial equality attempted to undo the act's provisions, with a particular focus on the 2013 Shelby County v. Holder decision that eliminated sections of the act designed to prevent discrimination. Taken together, the essays urge readers not to be blind to forms of discrimination and injustice that continue to shape inequalities in the United States. They remind us that while today's obstacles to racial equality may look different from a literacy test or a grimfaced Alabama state trooper, they are no less real. The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. Two kids named Wes Moore were born blocks apart within a year of each other. Both grew up fatherless in similar Baltimore neighborhoods and had difficult childhoods; both hung out on street corners with their crews; both ran into trouble with the police. How, then, did one grow up to be a Rhodes Scholar, decorated veteran, White House Fellow, and business leader, while the other ended up a convicted murderer serving a life sentence? Wes Moore, the author of this fascinating book, sets out to answer this profound question. In alternating narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide. Praise for *The Other Wes Moore* “Moving and inspiring, *The Other Wes Moore* is a story for our times.”—Alex Kotlowitz, author of *There Are No Children Here* “A tense, compelling story and an inspirational guide for all who care about helping young people.”—Juan Williams, author of *Enough* “This should be required reading for anyone who is trying to understand what is happening to young men in our inner cities.”—Geoffrey Canada, author of *Fist Stick Knife Gun* “*The Other Wes Moore* gets to the heart of the matter on faith, education, respect, the hard facts of incarceration, and the choices and challenges we all face. It’s educational and inspiring.”—Ben Carson, M.D., author of *Gifted Hands* “Wes Moore is destined to become one of the most powerful and influential leaders of this century. You need only read this book to understand why.”—William S. Cohen, former U.S. senator and secretary of defense “This intriguing narrative is enlightening, encouraging, and empowering. Read these words, absorb their meanings, and create your own plan to act and leave a legacy.”—Tavis Smiley, from the Afterword

The Complete Guide for CPP Examination Preparation

A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller Outliers, offers a powerful examination of our interactions with strangers -- and why they often go wrong. How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to each other that isn't true? While tackling these questions, Malcolm Gladwell was not solely writing a book for the page. He was also producing for the ear. In the audiobook version of Talking to Strangers, you'll hear the voices of people he interviewed--scientists, criminologists, military psychologists. Court transcripts are brought to life with re-enactments. You actually hear the contentious arrest of Sandra Bland by the side of the road in Texas. As Gladwell revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, and the suicide of Sylvia Plath, you hear directly from many of the players in these real-life tragedies. There's even a theme song - Janelle Monae's "Hell You Talmbout." Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world.
